## **COUNCIL MEETING INFORMATION**

Due to ongoing COVID-19 restrictions, the "Minister's Good Practice Guideline MGPG-1: Virtual Meetings", issued by the Minister for Local Government, continue to apply. Pursuant to section 87 of the Local Government Act 2020, these guidelines ensure that local Government decision making can continue in line with COVID-19 restrictions and further details can be found on the Local Government Victoria website.

These guidelines took effect from 1st May 2020 and will remain in place through to 26th April 2022.

While members of the public cannot attend this meeting in person, we have provided options for you to interact with us virtually via our Council Meetings page on the Wellington Shire Council Website. You are able to interact with Council in two ways:

- Email a specific question or comment relating to a particular Council Agenda item no later than 1:00pm on the day of the Council Meeting; or
- For general questions to Council, via the online webform early in this meeting to ensure that your questions can be dealt with at the end of this meeting.

While we maintain a virtual way of gathering, we thank you for your ongoing support..

## ACKNOWLEDGEMENT OF COUNTRY

"We acknowledge the traditional custodians of this land, the Gunaikurnai people, and pay respects to their Elders past and present"

## PRAYER

*"Almighty God, we ask your blessing upon the Wellington Shire Council, its Councillors, officers, staff and their families. We pray for your guidance in our decisions so that the true good of the Wellington Shire Council may result to the benefit of all residents and community groups."* 

Amen

#### 12.2. SEPTEMBER 2021 COUNCIL PERFORMANCE REPORT

#### ACTION OFFICER: CHIEF EXECUTIVE OFFICER

#### PURPOSE

For Council to receive and note the September 2021 Council Performance Report.

#### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

#### RECOMMENDATION

That Council receive and note the September 2021 Council Performance Report as attached.

#### BACKGROUND

The September 2021 Council Performance Report comprises key monthly highlights and an overview of Council finances including an Income Statement, a Balance Sheet with commentary regarding any major variances, information on cash balances, the level of rates outstanding and a progress update on Council's Capital Works program.

Section 97(1) and (2) of the *Local Government Act 2020* requires that at least every three months, the Chief Executive Officer must ensure that a statement comparing budgeted revenue and expenditure for the financial year with the actual revenue and expenditure to date is presented to Council at a Council meeting which is open to the public.

#### **ATTACHMENTS**

- 1. September 2021 Monthly Highlights [**12.2.1** 6 pages]
- 2. Quarterly Finance Report September 2021 [12.2.2 6 pages]

#### **OPTIONS**

Following consideration of the attached September 2021 Performance Report, Council can resolve to either:

- 1. Receive and note the September 2021 Council Performance Report; or
- 2. Not receive and note the September 2021 Council Performance Report and seek further information for consideration at a later Council meeting.

#### PROPOSAL

That Council receive and note the attached September 2021 Council Performance Report.

#### **CONFLICT OF INTEREST**

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

#### FINANCIAL IMPACT

Provision of a monthly financial report to the community facilitates accountability and transparency and ensures that Council and management are able to make informed decisions in a timely manner.

#### **COMMUNICATION IMPACT**

The Council Plan communicates Council's strategic direction to the community. The Council Plan can also be used by Council to communicate its vision and direction to other tiers of government, organisations, government agencies and funding bodies.

#### LEGISLATIVE IMPACT

Section 97(1) and (2) of the *Local Government Act 2020* requires that at least every three months, the Chief Executive Officer must ensure that a statement comparing budgeted revenue and expenditure for the financial year with the actual revenue and expenditure to date is presented to Council at a Council meeting which is open to the public.

#### COUNCIL POLICY IMPACT

The September 2021 Council Performance Report has been prepared in the context of existing Council policies.

#### **COUNCIL PLAN IMPACT**

The Council Plan 2017-21 Theme 6 Organisational states the following strategic objective and related strategy:

**Strategic Objective 6.3:** *"Maintain a well governed, transparent, high performing, ethical and accountable organisation."* 

<u>Strategy 6.3.3</u>: "Ensure sound governance processes that result in responsive, ethical, transparent and accountable decision making."

This report supports the above Council Plan strategic objective and strategy.

#### **RESOURCES AND STAFF IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **COMMUNITY IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **ENVIRONMENTAL IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **ENGAGEMENT IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **RISK MANAGEMENT IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### SEPTEMBER 2021 MONTHLY HIGHLIGHTS

## York Street Revitalisation Project (Foster Street to Macalister Street) – Contract Awarded

#### York Street Revitalisation Project (Stawell Street to Raglan Street) – Contract Awarded

These two contracts involve the revitalisation of the footpaths, kerb and channel and road pavement in York Street (Princes Highway) and builds on the work already completed, namely the undergrounding of power and the installation of centre median lighting between Macalister Street and Stawell Streets. These works are jointly funded by Wellington Shire Council in conjunction with the Federal Government through the Department of Infrastructure, Transport, Cities and Regional Development and Regional Roads Victoria.

#### Aqua Energy Redevelopment – Detailed Design - Contract Awarded

This contract is the next stage of the plan to redevelop the Aqua Energy Indoor Pool Complex following the concept plan development which commenced in April 2020. Detailed planning will be progressed to support external funding application to enable the project to be completed.

#### Pound Road East Widening Works – Contract Awarded

Federal funding has been secured to widen two sections of Pound Road East which is the southern connection for Victoria's Over Dimensional Route 6, a key transport route for both regional and interstate freight networks. The funding source is from the Heavy Vehicle Safety and Productivity (HVSP) Program which requires councils to contribute matching funds. It is intended to use Roads to Recovery to fund Wellington Shire Council's contribution. Two sections of Pound Road East totalling approximately 2.7km are to be reconstructed. These sections consist of a narrow seal ranging from 4.5 to 5.5 metres wide and are to be widened to 6.2m. The upgrade will increase road user safety and increase efficiency for commercial freight movements, tourism, and local farm access.

#### Maffra Tennis Club Pavilion Redevelopment – Contract Awarded

The Maffra Lawn Tennis Club engaged an architect to undertake concept designs that were successfully used to apply for and secure a grant from the Latrobe Valley Authority. The project involves demolishing the old swimming clubroom that is no longer fit for use and refurbish and extend the existing amenities building onto that site. The remodelled building will provide new accessible amenities, meeting/social rooms, kitchen, kiosk and outdoor decking. There will be a new accessible entry and additional on street accessible parking which will also service the swimming pool.

#### Urban Paths Project – Contract Awarded

Creating new paths under the Federal Local Roads and Community Infrastructure Program totalling 1700m2.

#### Gravel Resheeting – Contract Awarded

Awarded the West maintenance area gravel road resheeting contract covering 6.1km of roadway.

#### **Unsealed Road Intersections – Contract Awarded**

Contract awarded for the reconstruction of 12 intersections where gravel roads intersect with existing higher volume sealed roads to improve safety and reduce maintenance.

#### Yarram Warmer Pool works – Works Commenced

Commencement of the \$750k warmer pool project works with the installation of footings commencing. Remaining works are continuing offsite with the manufacture of the heat pumps and shade structure. Works are on track for completion by the commencement of the swim season.

#### Stephensons Park Pavillion – Works Commenced

Works commenced on the \$2.6M project which includes the demolition of the existing change rooms at Stephensons Park and the club rooms for the baseball and reconstruction of the new facilities in a female friendly and disabled accessible layout all on a single level providing better access and linkage to the various users.

#### Footpath works – Works Commenced

Network Connections; Construction of 1100m2 of new footpath creating new connections between existing paths.

#### Sale Oval Redevelopment – Works Progressing

With the completion of the football season the Sale Oval Redevelopment has recommenced including modifications to the Past Players Hill including new toilet facilities and accessible pathways. Also included in the works are the construction of new Netball change rooms and the construction of a new Netball training half court. Project Budget of \$1.6M.

#### Bond Street, Sale – Works Complete

Completion of the \$930k road reconstruction project with revised parking layouts increasing carparks from 30-56 and including the provision of street trees that didn't previously exist.

#### Sale Tennis Club – Works Complete

Completion of the Sale Tennis Clubroom redevelopment which has included redevelopment of the clubhouse and reconstruction of 14 Tennis Courts.

#### Gordon Street, Heyfield – Works Complete

Completion of the construction of a section of Gordon Street in Heyfield to formalise parking out the front of the Ambulance Station, Kindergarten and Tennis Clubs. Works included improved underground drainage, shared path connection to the town and the construction of 37 formalised carparks including new tree planter beds to increase shade in the area.

#### Gormandale-Stradbroke road safety improvements – Works Complete

Completion of the safety improvement program on Gormandale Stradbroke Road. Works including culvert extension, driveway and intersection road sealing and extensive guardrail along 1.5km of guardrail along 10 locations.

#### Resource Recovery

The Design Consultant for the Maffra Resource Recovery Facility has been engaged.

#### **Gippsland Art Gallery**

Excitement continues to mount for the opening of the Archibald Prize on 8 October. The media and publicity campaign is now in full swing with TV ads hitting the airwaves alongside radio, print media and social media. Early bird ticket sales have surged past 4,000 and preparations are well underway onsite with the new Archibald Ticket Desk finalised, flags and signage installed, and new casual staff recruited.

The Gippsland Art Gallery came out of the state's latest COVID-19 restrictions on 10 September 2021 with a new exhibition 'This is Gippsland' installed in Gallery 1. This sweeping survey of the story of art in Gippsland is designed to complement the Archibald Prize as an introduction to the region for the many tourists expected to visit.

#### **Community Committees**

Commenced Community Managed Facility Strategy project to transition Sale community and sporting facilities from Council-managed to community committees of management, similar to management models in other towns in the shire. Clubs at Sale Oval Reserve have received significant information about the process.

High level of maintenance delivered in response to roof leaks and minor flooding at several community managed facilities such as Kath Foley Children's Centre, Gumnuts and entry way flooding at Veronica Maybury Memorial Reserve (Golden Beach) due to significant rain events this month.

Assessing minor earthquake damage at Sale Memorial Hall and Port Albert Maritime Museum.

Project to assess and address hazardous trees at community facilities is progressing well. Significant works have been performed across a range of community managed facilities and sites.

#### **Community Facilities Planning**

Stephenson Park Changeroom Redevelopment: Construction has commenced with demolition of second level underway.

Maffra Lawn Tennis – Pavilion Redevelopment: Construction tender awarded with works to commence in October.

Sale Oval Redevelopment – Stage 2: works have commenced with works to the 'Past Players Hill' underway.

Community Assistance Grants Scheme - Quick Response Grants: submissions and funding provided between July to September is down 50% on 2020 and 61% on 2019, current COVID-19 restrictions impacting the number and types of projects community groups can deliver. Planning is underway for a promotional program to be conducted in the new calendar year highlighting the program and past recipients.

#### **Emergency Management**

June storm and flood event community recovery will be supported with the employment of new recovery resources to assist with this exercise. The 250 impacted residents that are registered with Council for support are being re-contacted to determine requirements and to make referrals to external agencies and service providers where relevant. An after action review of the event was undertaken with external agencies and key learnings will be determined based on this for use during future emergencies.

Bushfire Recovery Victoria and Council facilitated an online 'Community Conversation' for Wellington residents who were impacted by the June event. 12 community members attended the session along with reps from Agriculture Victoria, AusNet, Red Cross, DELWP, SES, West Gippsland Catchment Management Authority as well as Bushfire Recovery Victoria.

COVID-19 outbreak planning is progressing and Council is involved in daily Incident Management Team meetings in response to the Latrobe outbreak.

Fire season preparation is underway with planning for private property and roadside inspections commenced. State government has announced a 2021 Council permit system for metro-based residents who own properties within regional municipalities to attend for the purpose of bushfire season clean up, as an exemption from continuing COVID-19 restrictions in metropolitan areas.

#### Leisure Services

Sale Outdoor Pool opening was brought forward in line with the latest restriction easements, to offer additional aquatic space, whilst indoor activity is limited due to ongoing COVID-19 patron number restrictions. 2021/22 summer pre-season maintenance and recruitment is well advanced at our rural pools in preparation for the coming summer months.

The *'Warmer Pool for Yarram'* project works commenced on site, along with the ordering of key materials for the project. Electrical work has been completed with the installation of the heat pumps and the steel structure/canopy to come. The project is on track to be completed in time for the summer swim season launch on 26 November 2021.

Council awarded the contract for the detailed design architectural services for Aqua Energy Redevelopment project, noting an interest in exploring an additional option for a wider 25 metre pool.

Aqua Energy continued to offer hydrotherapy services to our community as an essential service throughout September COVID-19 restrictions. The program and process were well received by the public, with consistent numbers throughout the week, with an occupancy level of 91%. Clientele ranged from members with severe mobility issues, post op patients, through to our older age demographic who access the pool to assist with chronic and/or degenerative ailments.

Aqua Energy resumed a limited level of service provision, as regional restrictions were eased on 17 September 2021. Aqua Energy resumed gym, group fitness, Living Longer Living Stronger program and aquatic provision as well as welcoming back the Sale Swim Club. Aquatic education and family recreational swims are yet to resume due to continuing patron caps.

Gippsland Regional Sports Complex re-activated its school holiday program when regional restrictions were eased on 17 September 2021, offering casual sports such as netball, futsal, basketball, and hockey. GRSC also had another successful month in hosting the Gippsland Regional Public Health Unit, supporting their ongoing delivery of COVID-19 vaccinations. Vaccinations were available on Mondays, Wednesdays and Fridays throughout.

#### Wellington Libraries

While programming and study space use was cancelled at Sale to enable public access within patron limit of 20, other library branches maintained children's programming, our Young Writers and Self-Portrait Painting holiday programs were conducted at all library branches with sold out attendances and Sale Library accommodated the use of a room as a Shia prayer room for one adult.

A library user survey was completed this month with results indicating our libraries are providing many services that our patrons want and providing a range of good public comments suggesting how we may improve services in future. Full results are being compiled.

Library operations were again restricted due to COVID-19 directions for this month. During this time, Click & Collect services provided 734 items to 234 patrons and staff curated a book collection for donation to a new library in the Philippines.

Electronic resources were expanded with eNewspapers now available onsite or remotely, with more eAudiobook services to commence soon.

#### Social Policy and Planning

Wellington Shire Youth Parliament team 2021 successfully debated their Bill for *Increased Services for Youth Homelessness* in an online Youth Parliament forum on 22 September 2021.

Young Archie 2021 entries have been entered (over 120 entries) with 50 chosen to be a part of the exhibition and the remainder being made into a *Young Archie Street Gallery exhibition* to be put up in shop windows in each of our main towns.

Be Kind Wellington September stats:

- 983 members, 821 active members during September this is an awesome initiative, therefore the posts that are appearing are performing very well.
- 38 posts
- 109 comments
- 595 reactions (like, love etc).

Your Wellington Your Say: On average, there are 198 visits per day to the website. During September we have launched two community engagement projects:

- Infrastructure Plans (Community, Early Years and Sporting)
- Gippsland Regional Sports Complex Social Sports Survey

Community Collaborations Program: Port Albert Beacon Project. Internal working group has met to discuss this project support request, resulting in the decision that Council will recommend listing this community-led project for an allocation of Local Roads and Community Infrastructure Program (LRCIP) Round 3 funding (\$30,000).

Healthy Wellington: Final engagement regarding our municipal public health and wellbeing plan occurred over August and September. Overall positive feedback received from the community reinforced the importance of the four health priorities and raised the importance of social participation, particularly in light of ongoing COVID-19 restrictions and lockdown.

#### The Wedge performing arts centre

On 23 September 2021, The Wedge kicked off our outdoor *Live at The Wedge* program with local "The Voice" star Mick Harrington. The show was sold out in an hour to the permitted 250 patrons. "Live at The Wedge will continue over summer at the Port of Sale.

Work on The Wedge masterplan commenced this month with investment logic mapping undertaken and The Wedge community advisory group reactivated. Both will provide input to the business case and concept design being undertaken as part of master planning for a potential future redevelopment project.

#### Microsoft Teams

The rollout of Microsoft Teams to the organisation was successfully completed. The new platform will offer improved online interaction and connectivity for Council and community meetings and provide for a better collaborative platform for staff when undertaking remote working.

#### **Technology Refresh**

The Technology Refresh Program is in progress with the replacement of aging laptops (7+ years) almost completed in stage 1 of this program.

#### Annual Reporting

The annual Financial and Performance Statements were finalised and submitted to VAGO for approval.

The annual Essential Services Commission Rate Capping Compliance report was finalised and submitted to the Commission.

#### Port of Sale Masterplan

Review of the Port of Sale Masterplan (September 2021) has been finalised and will be presented to Council for adoption in October.

#### Award Finalist

Council has been shortlisted as a finalist in the Mainstreet Australia Awards for The Middle of Everywhere campaign. Winners will be announced Thursday 22 October 2021. Mainstreet Australia Awards | Recognising main street achievements

#### Weir Road

Settlement for the sale of Weir Road, Heyfield has taken place.

#### Timber Transition

Funding of \$720k has been secured for Timber Transition Roles in Heyfield and Yarram.

#### Solar Panel Upcycling

Elecsome, a solar panel upcycling facility has signed a lease.

#### COVID-19 Business Support

Council has approved the COVID-19 Business Support Package 2.0 with expected roll-out to commence in October.

Surplus for the year	50,102	47,602	2,500	11,461	9,746	1,715

Note: The forecast figures reflect any known changes that have arisen since the adoption of the original budget. Including these changes enables Council to more accurately monitor financial performance during the year and predict the end of year position. However, Council must report publicly against the original adopted budget on a quarterly basis.

The current forecast reflects an increase to the surplus of \$1.7M mainly due to the impact of capital grants carry forwards from 2020/21 for community infrastructure projects of \$1.7M. The forecast also includes the estimated year to date impact of COVID-19 on income and the offsetting reductions in employee and other ancillary costs.

#### Adopted Budget to YTD Actuals

The result for the first quarter of the year reflects a surplus of \$50.1 million against an adopted budget surplus of \$47.6 million resulting in a favourable variance of \$2.5 million. The variance is a combination of operating result (operating income less operating expense) of \$0.6M and the impact of higher capital grant income and contributions of \$1.9M.

#### A summary of major operating variances that have occurred to date include:

#### **Operating Income**

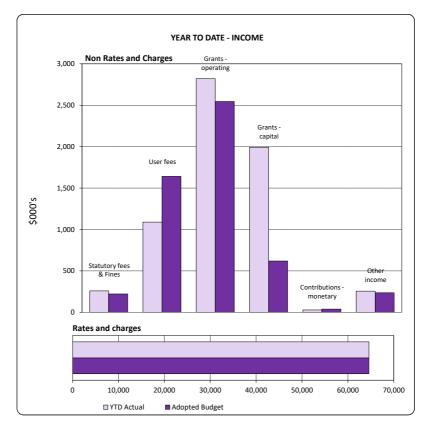

• (\$0.55 million)	<b>User fees</b> - The ongoing COVID pandemic has impacted on Council's user fees collected to date including income from Leisure facilities of (\$309k), and The Wedge (\$206k), which in partly has been offset by lower staff and other overhead expenditure incurred to date by these facilities. Income raised from registrations and permits for animal and health services were below expected but partly offset by additional revenue collected from building services. Commercial tipping fees raised from landfill sites was higher than anticipated by \$101k due to increased volume of waste processed during the period.
• \$0.28 million	<b>Grants (operating)</b> - Grant funding received for Cowwarr Oval LED lighting project of \$228k was unbudgeted. Some grant funding have been received earlier than expected for projects such as L2P learner driver mentor program, school crossings and art gallery operations.
Operating Expenditure	
• \$1.93 million	Employee costs - The bulk of the underspends are mainly due to vacant positions throughout the

A summary of majo	or capital variances that have occurred to date include:
• \$0.32 million	<b>Net gain on disposal of property, infrastructure, plant &amp; equipment -</b> This mainly represents proceeds from a land sale (Council surplus land) for the period ending 30 September 2021.
	e. \$0.25M - Delay in commencing some projects on economic development, Boating facilities and strategic planning have caused less consultant expenditure to date.
	d. \$0.25M - Various savings have occurred due to less utilities being used at facilities with ongoing COVID restrictions.
	C. \$0.4M - Underspends on application and software maintenance expenses mainly due to delay in receiving invoices from providers.
	b. (\$0.2M) - Cowwarr Oval LED lighting community project has been completed, which was initially unbudgeted.
	a. (\$1.9M) - Expenditure associated with East Coast Rain Event in June 2021 on emergency relief and recovery/restoration works for 2021/22. (A claim to recoup the expenses incurred in 2020/21 for the event of \$130k was lodged on 30 September 2021 and another claim is due by 30 October 2021 for expenses incurred in 2021/22).
• (\$1.10 million)	Contractors, materials and services variance includes:
	organisation. Savings on casual staff due to the closure of facilities impacted by COVID restrictions and lower than expected 2021/22 workcover premiums have also contributed to a positive variance.

## 13. GENERAL MANAGER CORPORATE SERVICES

#### **13.1. ASSEMBLY OF COUNCILLORS**

#### ACTION OFFICER: GENERAL MANAGER CORPORATE SERVICES

#### OBJECTIVE

To report on all assembly of Councillor records received for the period 27 September 2021 to 10 October 2021.

#### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

#### RECOMMENDATION

That Council note and receive the attached Assembly of Councillor records for the period 27 September 2021 to 10 October 2021.

#### BACKGROUND

Section 80A of the *Local Government Act 1989* required a written record be kept of all assemblies of Councillors, stating the names of all Councillors and Council staff attending, matters considered and any conflict of interest disclosures made by a Councillor. These records were required to be reported at an ordinary meeting of the Council and recorded in the minutes. Under the new *Local Government Act 2020*, this requirement is no longer provided for however, under Council's good governance framework, Council will continue to provide records of assemblies of Councillors to ensure that the community are kept informed of Councillors activity and participation.

Following is a summary of all Assembly of Councillor records received for the period 27 September 2021 to 10 October 2021.

# AUDIT & RISK COMMITTEE REPORT TO COUNCIL April 2021 – September 2021

#### INTRODUCTION

The Committee's objective is to provide appropriate independent advice and recommendations to Council on matters relevant to the Committee's Charter to support Council in discharging its oversight responsibilities. The Committee is also responsible for ensuring that Council's policies and procedures comply with the over-arching Governance Principles, the relevant Acts, Regulations and any Ministerial Directions. The Committee acts in this capacity by monitoring, reviewing, endorsing and advising on matters as set out in the Audit & Risk Committee Charter, developed in accordance with Section 54 of the *Local Government Act 2020.* 

The Committee is an advisory committee to the Council and does not have executive powers or authority to implement actions in areas over which management has responsibility and does not have any delegated financial responsibility. Neither does the Committee have any management functions and is therefore independent of management.

As per Section 54(5) of the *Local Government Act 2020* the Audit & Risk Committee must prepare a biannual report that describes the activities of the Audit & Risk Committee including its findings and recommendations and table a copy of the biannual report at the next Council meeting.

#### **NEW REPORTING OBLIGATIONS**

The Audit and Risk Committee (Committee) exists and functions as required by the *Local Government Act 2020* (Vic) (the "Act"). The Committee's objectives, authority, composition, tenure, roles and responsibilities along with reporting, administrative and governance arrangements are detailed in the Audit & Risk Committee Charter updated and adopted by Council on 15 December 2020.

Under the Act, the Committee is required to undertake an annual assessment of its performance and provide it to the CEO for tabling at the next ordinary meeting of the Council.

The Committee is also required to prepare a biannual Audit and Risk Report that describes its activities and includes its findings and recommendations. A copy of this report must also be provided to the CEO for tabling at the next council meeting. This report will be accompanied by the relevant minutes of the most recent Audit & Risk Committee meeting.

The Chairman of the Committee reports bi-annually to Council on the following matters -

A summary of the work of the Committee performed to discharge its responsibilities;

- A summary of the Council's progress in addressing the findings and recommendations made in internal, external and Parliamentary Committee reports;
- An overall assessment of the Council's risk, control and compliance framework, including details of any significant emerging risks or legislative changes impacting Council; and
- A summary of the Committee's performance review (annually).

#### COMMITTEE MEMBERSHIP

The Committee consists of five members appointed by Council: three independent members and 2 Councillors. Independent members may be reappointed for subsequent terms, to a maximum of 9 years. The Chair of the Committee is an independent member.

Member	Date appointed	Conclusion of Term	Meetings attended during period	Meetings eligible during period

Cr Garry Stephens	1 Dec 2020		3	3			
Cr Marcus McKenzie	1 Dec 2020		3	3			

\* Mr Frank Evans resigned from the Committee, effective 10 September 2021.

#### COMMITTEE MEETINGS

The Committee met three times during the reporting period: on 26 May, 9 September and 16 September 2021. A quorum is 3 (with a minimum of 2 independent members). A quorum of Councillors and Independent Members was achieved for all meetings as outlined in the table above.

The General Manager Corporate Services and Manager Corporate Finance attended all Committee meetings. The Chief Executive Officer attended the meetings on 9 September and 16 September 2021. Other management representatives attended as required to present reports.

#### **Committee Minutes Reported to Council**

Minutes of each Committee meeting were presented to Council, at the next practicable Ordinary meeting of Council, for consideration and adoption

#### Internal Auditor

Representatives from Council's Internal Auditors, HLB Mann Judd, attended the meeting on 26 May 2021 to report on the status of the internal audit program and to present findings of completed reviews. All audit issues identified are risk rated. Recommendations are assigned to the responsible officer and tracked in the Audit Plan module within Council's reporting software, Pulse.

#### **External Auditor**

External Audit representatives (Crowe Australasia) from the Victorian Auditor General's

Office (VAGO) attended the 26 May 2021 meeting to present the external audit plan and the 9 September and 16 September 2021 meetings to present the Independent Audit report for the Financial and Performance Statements.

#### SUMMARY OF THE WORK OF THE COMMITTEE

The Committee meets on a quarterly basis to consider those matters within the scope of its charter.

The findings of the VAGO audit including the Financial and Performance Statements for the financial year ended 30 June 2021 and the Closing Report were reviewed during the period.

At each meeting of the Committee, the following standard items were reviewed:

- Financials, Council Plan Highlights and Progress of Major Initiatives and Initiatives as identified in the 2020/21 Budget
- Register of Commissioned Reports;
- · Report of any known instances of fraud
- Update on information services and cyber security
- Current legal matters
- Report of insurance claims
- Excessive staff leave balances
- Current key risk matters
- Monitoring progress on implementation of recommendations from previous internal audits
- Monitoring the status of Council's actions in relation to identified improvements from various Agencies
- Assessment of meeting conduct
- Reviewed a summary of the Gifts Register (bi-annually)
- Reviewed the credit card expenditure of the Chief Executive Officer (bi-annually).

#### Highlights of the period

Key Committee highlights during the period were:

- Reviewed the findings of the VAGO reports on
  - Maintaining Local Roads,
  - Results of 2019-20 Audits: Local Government; and
  - Responses to Performance Audit Recommendations: Annual Status Update;
- Reviewed various Council policies that are considered strategic in nature;
- Continuing development of the risk framework;
- Reviewed the Strategic Internal Audit Plan;
- Reviewed the audit of Council's OH&S Management System by Melsafe;
- Received an update on the implementation of the Gender Equality Act 2020;
- Reviewed Council's response to the Ombudsman's Report: Investigation into how local councils respond to ratepayers in financial hardship;
- Reviewed an update on the Protective Data Security Plan Insights Report.
- Reviewed a proposal for the consolidation of Data Xentre and Network Operations Management with the East Gippsland Shire Council.
- Reviewed the evaluation of Committee performance.

#### Committee Performance

The Committee completed its annual review of performance at its meeting on 26 May 2021.

Members completed their evaluation individually via a confidential online survey (results attached).

The results illustrated that all members are confident that the Committee is achieving all its requirements as per the Charter, feel that the Committee has the capacity to fully acquit its obligations and is functioning well.

#### **CHAIR'S CLOSING REMARKS**

I would like to thank the management team for their support and diligence in the running of the Committee and I thank my colleagues, the independent members (Kiah Cashman and Frank Evans) and Councillors (Garry Stephens and Marcus McKenzie) for their contribution to a strong Audit Committee.

Councillors should note that during the In-Committee meetings held with Internal and External Auditors, no significant matters of concern were raised.

Throughout this year, a focussed effort has gone into working through backlogged actions from previous internal and external audits and I wish to acknowledge the efforts by Council officers, management and the committee in this important undertaking to ensure the value of those audits is realised.

I note especially the report from VAGO that a clean unqualified external audit result has been achieved. This is particularly pleasing in the context of the significant impost that COVID-19 restrictions has placed on the organisation and auditors. Well done to all.

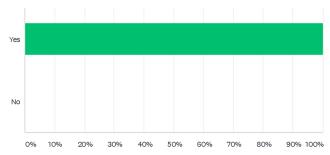

The Committee's overall assessment during this period is that Council is continuing to manage very well in not only a constrained operational (COVID-19 impacted) and financial environment, but one that is rapidly changing due to a myriad of newly imposed legislative and governance requirements.

It is the independent view of the Committee that the governance culture of the Council is on the right track with the ongoing development of new policies and development of a robust risk and compliance framework, which will continue to strengthen Council's operations.

# 13.4. ADOPTION OF REVIEWED INSTRUMENTS OF DELEGATION, APPOINTMENTS AND AUTHORISATIONS

# ACTION OFFICER: GENERAL MANAGER CORPORATE SERVICES

#### PURPOSE

For Council to revoke the previous instruments of appointment, authorisation and delegation made and approve and adopt the revised instruments of appointment, authorisation and delegation attached, as required under s11(7) of the *Local Government Act 2020.* 

### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

#### RECOMMENDATION

#### That Council:

- 1. Revoke the previous instruments of appointment, authorisation and delegation made; and
- 2. Approve and adopt the revised instruments of appointment, authorisation and delegation attached, as required under s11(7) of the Local Government Act 2020.

# BACKGROUND

Council utilises several instruments of appointment, authorisation and delegation to delegate various powers, duties and functions to the CEO and members of Council staff. Section 11(7) of the *Local Government Act 2020* requires that a Council review all delegations made and still in force within 12 months of a general election. Since the 2020 Local Government elections were held on 24 October 2020, Council has carried out a number of minor reviews as made necessary by legislative changes and operational changes which has resulted in a reduced number of revised documents required during this review.

Following is a summary of the reviewed instruments of appointment, authorisation and delegation that require amendments at this time. There are also several attachments comprising the actual instruments of appointment, authorisation and delegation for approval and adoption by Council, led by the attachment *'2021 Full Delegations Review Summary'* containing detailed notes which provides a comprehensive review on all of Council's instruments that are in force.

# 1. S2 - Council Resolution - Delegation to CEO\_WSC July 2021 and S5 - Instrument of Delegation - Council to CEO\_WSC July 2021

- a. The S2 Council Resolution is completed in conjunction with the S5 Instrument of Delegation – Council to the CEO
- b. The S2 is a resolution of Council to delegate powers to the CEO and the S5 is the instrument by which those powers are outlined and actually delegated to the CEO.
- 2. S6 Instrument of Delegation Council to Members of Council Staff
  - a. Key legislative changes:

- i. Cemeteries and Crematoria Act 2003 provisions have been removed
- ii. Environment Protection Act 1970 has been removed
- iii. Food Act 1984 new provisions have been inserted and are now in force
- iv. *Planning and Environment Act 1987* provisions have been amended to reflect the changes made under the *Planning and Environment Amendment Act 2021*, in particular the new requirement to make certain information/documents available in accordance with the public availability requirements.
- v. *Residential Tenancies Act* 1997 new provisions have been inserted and are now in force
- vi. Residential Tenancies Regulations 2021 has been inserted and is in force.

#### 3. S7 Instrument of Sub-Delegation by CEO

- a. Key legislative changes:
  - i. *Education and Training Reform Act 2006* new provisions have been inserted and commenced on 24 March 2021
  - ii. Environment Protection Act 1970 has been removed
  - iii. *Environment Protection Act* 2017 has been inserted by virtue of the *Environment Protection Amendment Act* 2018 and is in force
  - iv. Environment Protection Regulations 2021 has been inserted and is in force
  - v. Gender Equality Act 2020 is now in force
  - vi. *Local Government Act 2020* new provisions have been inserted and are now in force
  - vii. Local Government Act 1989 provisions have been removed as they have now been repealed
  - viii. Local Government Act 1989 new provision has been inserted and is now in force
  - ix. *Professional Engineers Registration Act 2019* new provision has been inserted and has now commenced
  - x. *Public Health and Wellbeing Act 2008* new provisions have been inserted and have now commenced
  - xi. Dangerous Goods (Explosives) Regulations 2011 has been repealed and substituted with the Dangerous Goods (Explosives) Regulations 2021 and is now in force
  - xii. Local Government (Long Service Leave) Regulations 2021 has been inserted and has now commenced.

#### 4. S11A Instrument of Appointment and Authorisation (P&E Act Only)

a. Updates are not legislative but to bring the delegation in line with the review cycle made to the associated S11 Instrument of Appointment and Authorisation.

#### 5. S11 Instrument of Appointment and Authorisation\_EH

- a. The Environment Protection Act 1970 has been removed from Part A
- b. Inserted appointment made by councils under the *Environment Protection Act* 2017 in particular, s 171 for the appointment of a residential noise enforcement officer who must be a member of Council staff

c. Inserted power to institute proceedings under the *Environment Protection Act* 2017 - in particular, ss 170(2), 170(4) and 170(6) with respect to enforcement of unreasonable and aggravated noise.

#### 6. S11 Instrument of Appointment and Authorisation\_EM

- a. Update to the *Emergency Management Act 2013* requires a remake of all instruments to reflect updated legislation
- b. Requires a remake of the existing instruments to facilitate the change in designation from Municipal Emergency Resource Officer (MERO) to Municipal Emergency Management Officer (MEMO).

#### 7. S11 Instrument of Appointment and Authorisation\_LL

- a. The Environment Protection Act 1970 has been removed from Part A
- b. Inserted appointment made by councils under the *Environment Protection Act* 2017 in particular, s 114 for the appointment of a litter enforcement officer who must be a member of Council staff
- c. Inserted power to institute proceedings under the *Environment Protection Act* 2017 in particular, s 347(4) with respect to litter and other waste.

#### 8. S11 Instrument of Appointment and Authorisation\_LUP

a. Instruments updated as best practice in line with other S11 Instrument of Appointment and Authorisation updates.

#### 9. S11 Instrument of Appointment and Authorisation\_MS

a. S 216C of the *Building Act 1993* has been inserted under Part B to enable Council to appoint the Municipal Building Surveyor for the purposes of carrying out functions in respect of land outside of the municipal district.

#### 10. S11 Instrument of Appointment and Authorisation\_EH\_Councillor Conduct Officer

a. Review required due to change in classification under the *Local Government Act* 2020 from Principal Conduct Officer to Councillor Conduct Officer

#### **11. S13 Instrument of Delegation of CEO powers, duties and functions**

- a. Key legislative changes:
  - i. Environment Protection Act 1970 has been removed
  - ii. Local Government Act 2020 new provisions have been inserted and are now in force
  - iii. *Local Government Act 1989* provisions have been removed as they have now been repealed
  - iv. *Planning and Environment Act 1987* provisions have been inserted and s 143 has been removed.

#### 12. S15 Instrument of Appointment and Authorisation (FOI Act only)

- a. This instrument appoints and authorises the listed officers under the *Freedom of Information Act 1982* to make decisions under Parts 3, 4 and 5 of the Act
- b. No legislative application, update is in line with review requirements only due to age of previous instrument.

### OPTIONS

Council has the following options available:

- 1. Revoke the previous instruments of appointment, authorisation and delegation made and approve and adopt all of the updated attached instruments of appointment, authorisation and delegations as attached; or
- 2. Not revoke the previous instruments of appointment, authorisation and delegation made and not approve and adopt all of the updated attached instruments of appointment, authorisation and delegations as attached to seek a further review for consideration by Council at a later date.

### PROPOSAL

That Council revoke the previous instruments of appointment, authorisation and delegation made and approve and adopt the revised instruments of appointment, authorisation and delegation attached, as required under s11(7) of the *Local Government Act 2020.* 

### CONFLICT OF INTEREST

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

#### FINANCIAL IMPACT

Council subscribe to the Maddocks Delegations and Authorisations service at an annual cost of \$1,650. This subscription provides Council with access to the most up-to-date advice and templates relating to changes to instruments of appointment, authorisation and delegation six-monthly and also as applicable legislation changes.

#### **COMMUNICATION IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### LEGISLATIVE IMPACT

Section 11(7) of the *Local Government Act 2020* requires that a Council must review, within the period of 12 months after a general election, all delegations which have been made under this section and are still in force.

Council has been updating various instruments of appointment, authorisation and delegation in the preceding 12 months in line with updates to other applicable pieces of legislation and changes to organisation roles and structures. This update captures the remaining instruments of appointment, authorisation and delegation, which have not been affected by any updates or changes to positions within Council and satisfies Council's Statutory obligations under the *Local Government Act 2020*.

#### COUNCIL POLICY IMPACT

This impact has been assessed and there is no effect to consider at this time.

#### COUNCIL PLAN IMPACT

The Council Plan 2017-21 Theme 6 Organisational states the following strategic objective and related strategy:

**Strategic Objective 6.3:** *"Maintain a well governed, transparent, high performing, ethical and accountable organisation."* 

<u>Strategy 6.3.3</u>: "Ensure sound governance processes that result in responsive, ethical, transparent and accountable decision making."

This report supports the above Council Plan strategic objective and strategy.

#### 13.5. ADOPTION OF WELLINGTON 2031 COMMUNITY VISION, COUNCIL PLAN 2021-25, FINANCE PLAN 2021/22-2030/31 AND ASSET PLAN 2021-25

## ACTION OFFICER: GENERAL MANAGER CORPORATE SERVICES AND GENERAL MANAGER DEVELOPMENT

#### PURPOSE

For Council to adopt the following visons and plans, which have been developed under sections 88, 90, 91 and 92 of the *Local Government Act 2020*:

- Wellington 2031 Community Vision (as attached)
- Council Plan 2021-25 (as attached)
- Financial Plan 2021/22-2030/31 (as attached); and
- Asset Plan 2021-25 (as attached).

#### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

#### RECOMMENDATION

That Council adopt the following vision and plans, which have been developed under sections 88, 90, 91 and 92 of the Local Government Act 2020:

- Wellington 2031 Community Vision (as attached)
- Council Plan 2021-25 (as attached)
- Financial Plan 2021/22-2030/31 (as attached); and
- Asset Plan 2021-25 (as attached).

#### BACKGROUND

Council completed two rounds of community consultation to update the Wellington 2030 Community Vision and develop the draft Council Plan 2021-25, Financial Plan 2021/22-2030/31 and Asset Plan 2021-25.

In Round 1 (February to April 2021), over 1,100 community members provided feedback via Your Wellington, Your Say, community meetings, workshops, and the annual Community Satisfaction Survey. Themes from this consultation were used to draft the documents and present them for Round 2 of consultation.

The second round took place between June and August 2021. Public drop-in sessions, online engagement and a half day workshop were completed. Feedback consisted of 18 submissions, 14 surveys, a half day deliberative engagement workshop with community members and 26 in depth conversations with stakeholders and partners. Information gathered was used to further refine the documents before presenting them for adoption.

#### **Community Vision**

In accordance with section 88 of the *Local Government Act 2020*, every Council must maintain a Community Vision that is developed with its municipal community in line with its deliberative engagement practices.

The scope of the Community Vision is a period of at least the next 10 financial years, and it must describe the municipal community's aspirations for the future of the municipality.

During community consultation, the existing Community Vision was found to still have strong alignment with current community expectations and significant changes were not made.

#### **Council Plan**

In accordance with section 90 of the *Local Government Act 2020*, every Council must prepare a Council Plan that includes:

- (a) the strategic direction of the Council;
- (b) strategic objectives for achieving the strategic direction;
- (c) strategies for achieving the objectives for a period of at least the next four financial years;
- (d) strategic indicators for monitoring the achievement of the objectives;
- (e) a description of the Council's initiatives and priorities for services, infrastructure, and amenity;
- (f) any other matters prescribed by the regulations.

In February to April 2021, the community was consulted about their key ideas and priorities for the next four years. These were incorporated into a draft Council Plan 2021-25 which was exhibited for final consultation during June to August 2021.

#### **Financial Plan**

In accordance with section 91 of the *Local Government Act 2020*, every Council must develop, adopt, and keep in force a Financial Plan covering at least the next 10 financial years. The Financial Plan must include the following in the manner and form prescribed by the regulations:

- (a) statements describing the financial resources required to give effect to the Council Plan and other strategic plans of the Council;
- (b) information about the decisions and assumptions that underpin the forecasts in the statements specified in paragraph (a);
- (c) statements describing any other resource requirements that the Council considers appropriate to include in the Financial Plan;
- (d) any other matters prescribed by the regulations.

The Financial Plan provides a 10 year financially sustainable projection on how the actions of the Council Plan may be funded to achieve the Community Vision. The Financial Plan covers the period 2021-22 to 2030-31 and aims to maintain sound operational surpluses, increasing Council's renewal, upgrade, and new investment in community assets, and ensuring that the cash position is maintained at a level to meet cash flow requirements and be available for potential emergencies or opportunities.

The Financial Plan demonstrates that Council has the policies and strategic direction in place to ensure its long-term financial obligations are met.

#### Asset Plan

In accordance with section 92 of the *Local Government Act 2020*, every Council must develop, adopt, and keep in force an Asset Plan covering at least the next 10 financial years.

An Asset Plan must include the following:

- (a) information about maintenance, renewal, acquisition, expansion, upgrade, disposal and decommissioning in relation to each class of infrastructure asset under the control of the Council; and
- (b) any other matters prescribed by the regulations.

The purpose of the Asset Plan is to demonstrate responsible management of Wellington Shire Council infrastructure assets, comply with the Victorian *Local Government Act 2020* and model the funding required to maintain assets in their current condition.

- Asset Plan 2021-25 (as attached).

#### CONFLICT OF INTEREST

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

#### **FINANCIAL IMPACT**

The Financial Plan 2021/22-2030/31 provides a 10 year financially sustainable projection on how the actions of the Council Plan may be funded to achieve the Community Vision. The Financial Plan covers the period 2021-22 to 2030-31 and aims to maintain sound operational surpluses, increasing Council's renewal, upgrade, and new investment in community assets, and ensuring that the cash position is maintained at a level to meet cash flow requirements and be available for potential emergencies or opportunities.

The Financial Plan demonstrates that Council has the policies and strategic direction in place to ensure its long-term financial obligations are met.

#### **COMMUNICATION IMPACT**

The Council Plan communicates Council's strategic direction to the community. The Council Plan can also be used by Council to communicate its vision and direction to other tiers of government, organisations, government agencies and funding bodies.

#### LEGISLATIVE IMPACT

Sections 88, 90 and 91 of the *Local Government Act 2020* require Council to prepare and approve a Council Plan, Community Vision and long-term Financial Plan by 31 October in the year following a general election.

Section 92 of the *Local Government Act 2020* requires Council to adopt an Asset Plan by 30 June 2022 following the first general election conducted under the new Act.

Council will comply with the obligations of the *Local Government Act 2020* by adopting the Wellington 2031 Community Vision, Council Plan 2021-25, Financial Plan 2021/22-2030/31 and Asset Plan 2021-25.

#### **COUNCIL POLICY IMPACT**

The 2021-25 Council Plan has been prepared generally in the context of existing Council policies but may lead to their revision or the development of new policies as a result of implementation of the initiatives contained in it.

#### **COUNCIL PLAN IMPACT**

The adoption of the 2021-25 Council Plan will lead to a re-alignment of all future Council Reports with the outcomes and initiatives of this new plan.

#### **RESOURCES AND STAFF IMPACT**

The Financial Plan 2021/22-2030/31 outlines the financial and staff resources provided for the implementation of the Council Plan 2021-25 and the operations of Council in the coming 10 years.

The strategies contained within the 2021-25 Council Plan and requirements identified in the Asset Plan 2021-25 will generally be implemented within the existing resources of the Council.

#### **COMMUNITY IMPACT**

The attached Council Plan, Financial Plan and Asset Plan have been prepared in light of the Wellington 2031 Community Vision. They are intended to set out for the community the objectives, initiatives and strategies that the Council considers are needed to implement its Vision on behalf of the community over the next four years.

#### **ENVIRONMENTAL IMPACT**

Climate Change has been identified as the number one priority for the 2021-25 Council Plan. The initiatives and outcomes identified in the Council Plan are expected to have a significant positive influence on the environment in Wellington Shire.

#### **ENGAGEMENT IMPACT**

In accordance with section 55 and 56 of the *Local Government Act 2020* and Council's Community Engagement Strategy, Council used deliberative engagement to consult with the community on the renewal of the 2031 Community Vision and development of the Council Plan, Financial Plan and Asset Plan.

In Round 1 (February to April 2021), over 1,100 community members provided feedback via Your Wellington, Your Say, community meetings, workshops, and the annual Community Satisfaction Survey. Themes from this consultation were used to draft the documents and present them for Round 2 of consultation.

The second round took place between June and August 2021. Public drop-in sessions, online engagement and a half day workshop were completed. Copies of the Plans were available online and for inspection at all Council Customer Service Centres and Libraries. Feedback consisted of 18 submissions, 14 surveys, a half day deliberative engagement workshop with community members and 26 in depth conversations with stakeholders and partners.

Information gathered was used to further refine the documents before presenting them for adoption.

#### **RISK MANAGEMENT IMPACT**

This impact has been assessed and there is no effect to consider at this time.

## 2021 CHECK-IN

#### Wellington 2031 is our community's vision for the future. Wellington Shire Council has facilitated the development of this vision and will play a role in supporting the community to achieve it.

The original Wellington 2030 Strategic Vision was developed through community consultation in 2008 and was renewed in 2017. To assist with the renewal of the vision, an innovative community engagement process was completed inviting residents, visitors, and business owners to 'Direct our journey to 2030'. The 2017 engagement process received responses from over 3,100 people who represented the geographical regions of the Shire and different age groups.

The common themes from this engagement were used to develop the five key themes in this community vision: Communities, Services and Infrastructure, Natural Environment, Lifelong Learning and Economy.

In 2021, we completed a 'check-in' process to see if people's views about what was important to them had changed and what they wanted to see achieved in the next 10 years. We undertook significant internal and external consultation with community, government, and business stakeholders. Over 1,100 community members joined the conversation via the online platform Your Wellington, Your Say, community meetings, workshops, and the annual Community Satisfaction Survey during the consultation phase.

Though the 2021 check in survey had low engagement, responses indicated over 75% positive support for the Vision Statement and each of the current themes. Information gathered during many in person conversations and workshops about priorities for

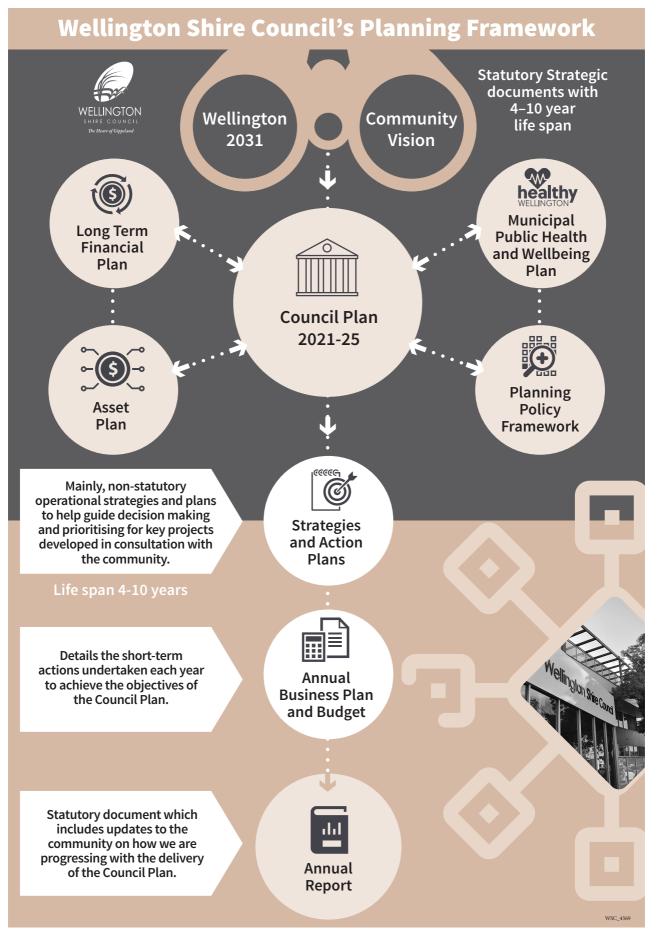

action indicated the same. All significant community priority areas raised during consultation could be placed inside existing Community Vision themes.

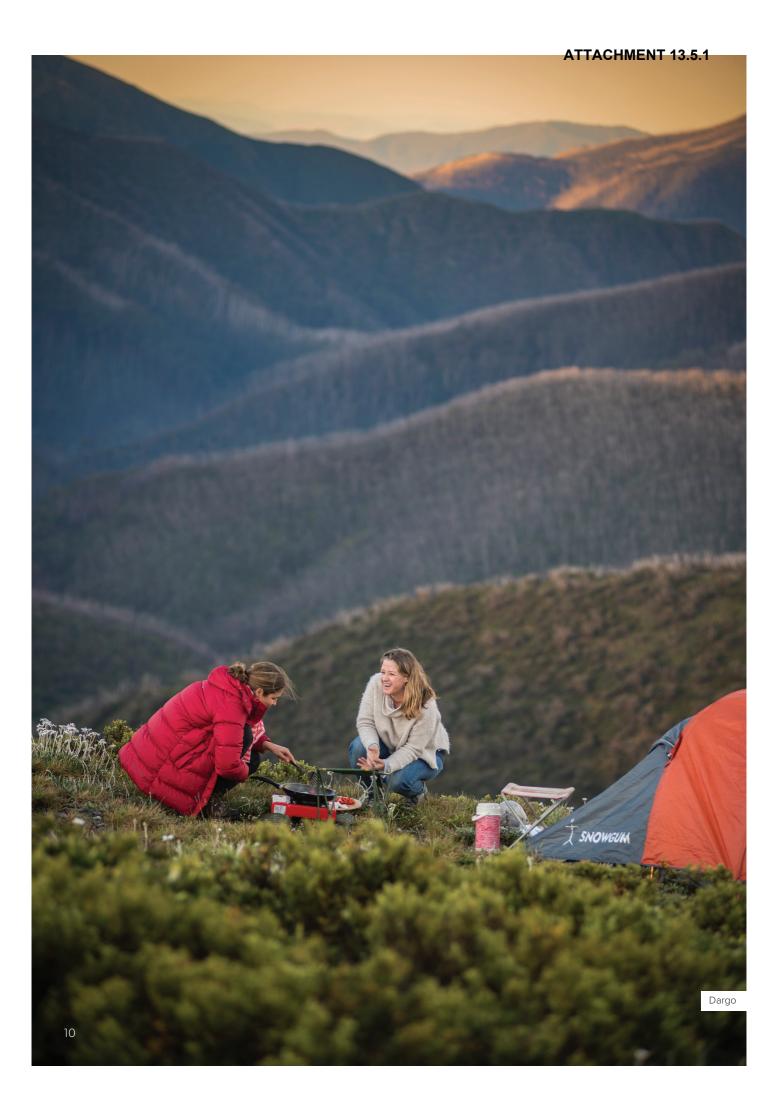

Because the existing Community Vision is still relevant, we have not changed the content during the 2021 'check-in'. Instead, we have provided an update to the community in the end pages of this plan about what Council has achieved in the last 4 years towards your vision. *It makes sense but the action is what really matters to deliver this.* 

It encompasses the key elements of what regional community life should focus on.

Beautifully covers the most important connections people have with the environment and highlights the responsibility people have to protect the land we live on.

The Wellington Shire Council Plan, prepared every four years, delivers the action Council will take to help achieve this vision. There are other groups and organisations who can also have a lead role in taking action. All community members, community groups and organisations are encouraged to use 2031, reference it, share it and deliver action to achieve the vision. Council will provide information annually on how we are progressing towards this vision.

# **SURVEY QUESTIONS**

In 2017 we asked the community the following questions and these were the most common responses:

QUESTION	Most Common Responses	
What I love about Wellington (and where	We value the friendly people, close communities and peaceful small town rural living.	
I live) and want to keep	We value the diversity and beauty of ou Natural Environment.

## **OUR VISION**

"We know and support each other and have a strong sense of community belonging. Diversity is respected and there are many social and community activities providing opportunities for all people to interact. We strive for good health, feel safe in our communities and are prepared for natural disasters."

### What is important under this theme?

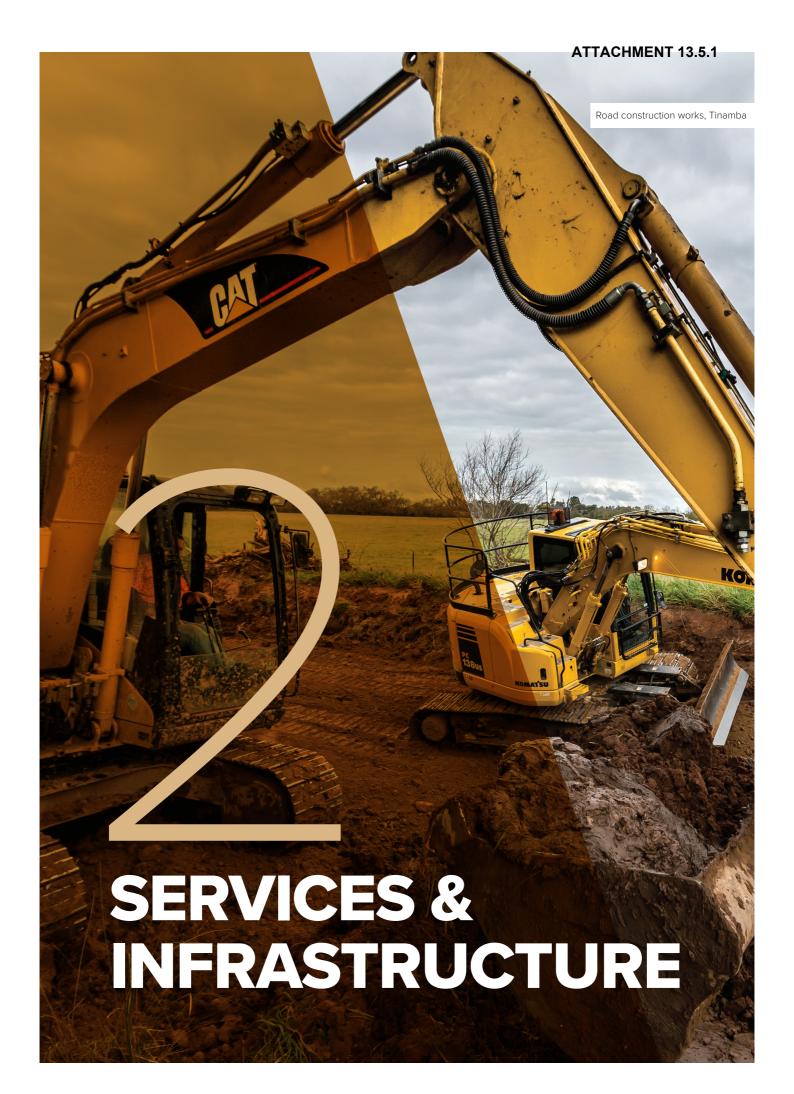

#### What we heard from the community...

- Maintain a friendly, inclusive and welcoming Shire where people feel safe at home and in their community.
- Reinforce the value of family connections and interaction across generations.
- Provide infrastructure that enables and encourages healthy and active lifestyles.
- Improve quality of life by enabling residents to develop leadership and mentoring skills, and participate in activities connecting neighbourhoods and communities.
- Increase support networks and opportunities that enable young people in Wellington to achieve their goals.
- Strengthen community identity by promoting our heritage and history, our future aspirations and small town rural living.

## What State Government, Local Organisations and statistics tell us is important...

- Facilitate planning for natural disasters and implement strategies to enhance community resilience.
- Recognise and respect Aboriginal and Torres Strait Islander cultural values.

## **OUR VISION**

"Wellington has a built environment that is sustainable, appropriate, accessible and responsive to the community. Transport connects people to communities and places. Events and services support our strong communities."

### What is important under this theme?

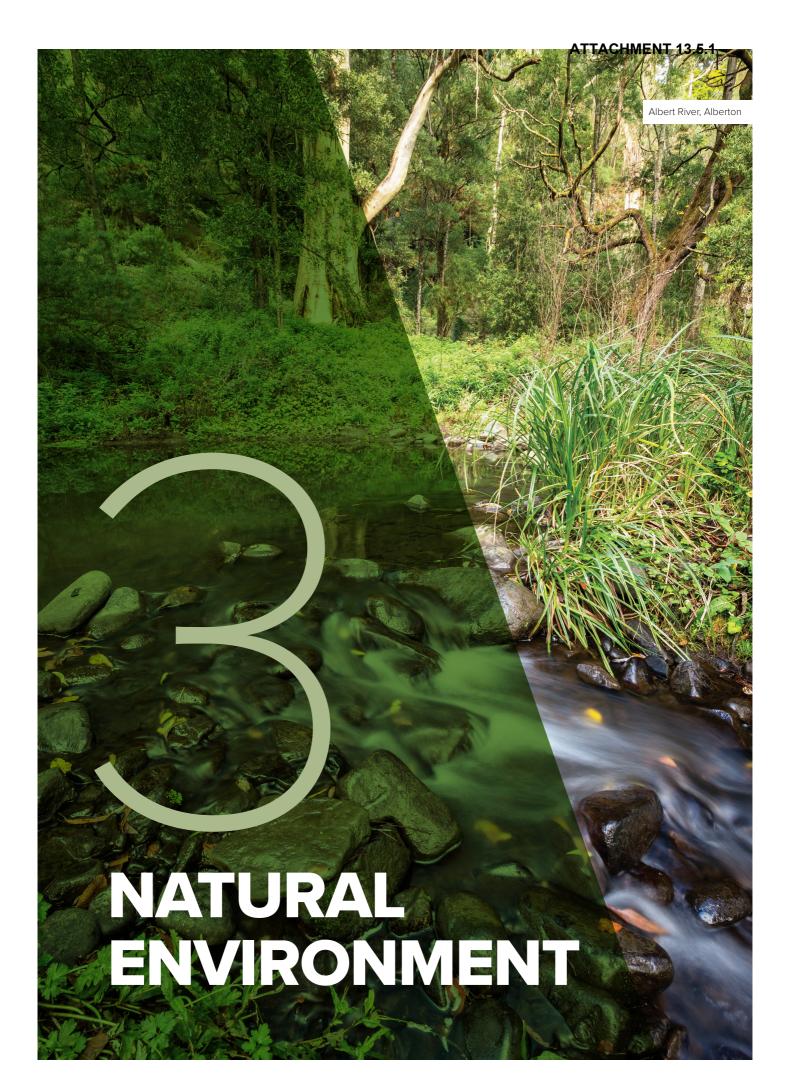

#### What we heard from the community...

- Further develop networks and community hubs for people to find out more about the services available. Ensure access to a broad range of Healthcare services, community events and services for young people and waste recycling.
- Improve diversity of retail outlets, an array of sporting clubs, varied leisure and entertainment options and a range of cultural pursuits that make Wellington attractive for people of all ages to visit, work and or live.
- Encourage people to stay in Wellington by enabling access to affordable housing and lifestyle options
- Provide a well maintained road network (including footpaths and safe cycling routes) and public transport so that everyone can move easily throughout the shire, especially between our communities.
- Provide appropriate services, facilities and infrastructure in seasonal towns.

## What State Government, Local Organisations and statistics tell us is important...

- Improve infrastructure to enable services and initiatives to support Wellington's increasing ageing population including striving to be an "Age Friendly" Shire.
- The built environment has a direct effect on the lifestyle of every resident. What is built must be based on universal design principles and be maintained for many decades to come. Responsible asset management, decisions around renewal of assets and the addition of new infrastructure makes sure we do not have large maintenance burdens into the future.

# **OUR VISION**

"Wellington's natural environment and landscape is clean, diverse, beautiful, accessible and protected."

# What is important under this theme?

#### What we heard from the community...

- Maintain and enhance access to the Natural Environment for a wide range of outdoor pursuits at our beaches, high country, open spaces and waterways. This access to the natural environment is balanced with the need to conserve and protect.
- Change energy use within Council, by residents, business and industries to reduce impact on the environment.
- Continue to have diversity of healthy native plants and wildlife with well protected habitat areas free of invasive species.
- Keep Wellington clean so residents and visitors can enjoy our scenic environment.
- Manage Natural Environment assets recognising their impact on health and wellbeing.

# What State Government, Local Organisations and statistics tell us is important...

- Wellington is taking practical actions to manage risks from climate impacts, protect communities and strengthen the resiliency of the economy.
- Increase renewable energy sources in Wellington to combat the decline in energy produced from fossil fuels.
- Improve understanding of potential coastal hazards for the region in light of climate change.

# LIFELONG LEARNING

# **OUR VISION**

"Wellington has a broad choice of local training, education and holistic learning and development options that lead to meaningful employment and personal fulfilment."

# What is important under this theme?

#### What we heard from the community...

- Improve people's access to opportunities to challenge and extend their thinking, promote independence, stimulate ideas, further develop leadership skills and lead meaningful lives.
- Enable young people to remain in Wellington to complete further and tertiary education of their choice.
- Support Secondary Schools in Wellington to provide choices and deliver engaging and high quality education that contributes to local industry development.
- Provide a breadth of entry level jobs in Wellington for those newly qualified and or those with limited experience.
- Develop Wellington as a hub for innovation in further education. Encourage industry, employers and further education providers to work in partnership to train and recruit people locally and provide opportunity for career progression within Wellington.
- Provide formal and informal lifelong learning opportunities for personal development and wellbeing.

# What State Government, Local Organisations and statistics tell us is important...

• A diversity of high quality local education and training opportunities supports the retention of youth in the community and improves local employment outcomes.

# **OUR VISION**

"Wellington has a wealth of diverse industries providing employment opportunities for all. There is growth in the Wellington population and economy which is balanced with the preservation of our natural environment and connected communities."

## What is important under this theme?

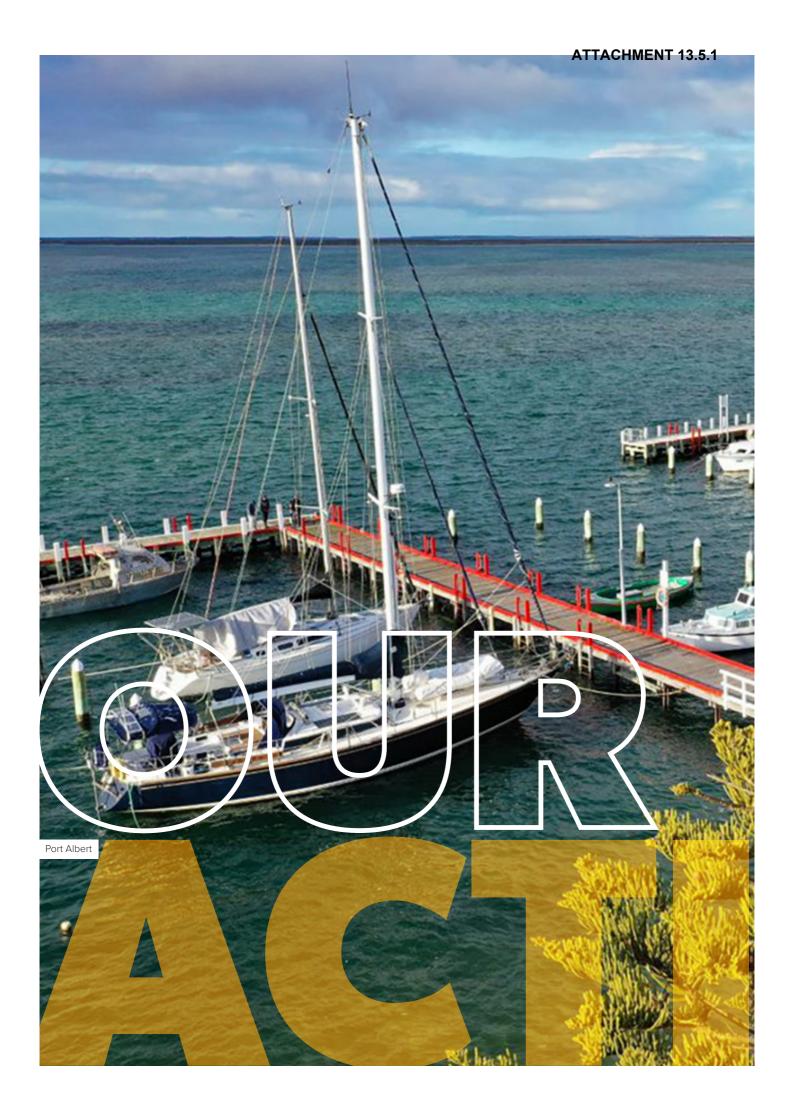

#### What we heard from the community...

- Provide a wide range of employment opportunities across Wellington that offer stability, promote positive work / life balance and provide career pathways.
- Maximise economic output whilst ensuring the natural environment is protected.
- Develop the visitor economy through innovative marketing programs and product development to attract people to the region to live, work and play.
- Support business to promote sustainable environmental practices in Wellington.

# What State Government, Local Organisations and statistics tell us is important...

- Improve the resiliency of the Wellington economy to adapt to unforeseen downturn in industries.
- Work with the State and Federal Governments to maximise Wellington Shire's competitive strengths in industries such as food and fibre.
- Leverage new business opportunities through the expansion of technologies such as high speed broadband networks.
- Improve public transport links to ensure businesses have easy access to markets whilst enhancing the livability / attractiveness of the region for current and new residents.

# **COMMUNITIES** (CONTINUED)

## Emergencies

- Wellington was the first Council in Victoria to live-stream community meetings run by the Incident Controller during emergencies. This trial became the standard all councils were expected to meet during subsequent emergencies.
- In 2019 Council provided response, relief, and recovery support to those affected by the Rosedale, Walhalla and Licola/Dargo bushfires
- Council supported East Gippsland in the 2020 Black Summer evacuation over the Christmas and New Year period which led into a major community relief effort. Significant ongoing recovery work and funding was attracted for projects in impacted areas.
  - Direct support was provided for drought impacted farmers including:
    - free household water cartage
    - \$3.8M in rate relief from the Victorian Government
    - free social events for farmers
    - \$700 debit cards for eligible farming families
    - Council contributed a further \$1M to farmers in 19/20 budget specifically aimed at drought support initiatives
- In 2020 and 2021 the COVID-19 pandemic had a devastating global impact. Council supported the local public health response, working to mitigate the economic and community impacts of COVID restrictions. Support included instigating a zero % rate rise for 20/21 financial year as a direct response to the COVID-19 pandemic.
- The June 2021 flood and storm event damaged property and left significant parts of the Wellington community without power for an extended period leading to activation of response, relief, and recovery work.

## Health

- Wellington Shire Council was internationally recognised for our approach to minimising future Mosquito borne diseases such as the Zika Virus.
- In the last 4 years over 18,200 vaccinations have been administered to 16,300 people.
- Council supported the establishment of a COVID 19 community mass vaccination centre at Gippsland Regional Sporting Complex.

#### Council's actions towards your 203 goals

## Support for volunteers and community

- Aqua Energy became a registered provider for the National Disability Insurance
   Scheme
- \$1.36M in community grants to support programs, events and facility upgrades across the Shire
- \$2.28M to volunteer committees to manage 100 community facilities across the Shire
- L2P Learner Driver Mentor program saw 153 Wellington young people participating between 2016 2020
- Young people were supported to plan and deliver arts and culture events: annual Youth Art Prize, Youth Week activities, Battle of the Bands/Down the Alley or Battle at the Bundy events, Wellington Youth Film Festival and regular Open Mic Nights. Over 4,000 young people participated in over 40 youth-led events and activities.
- Young leaders were given opportunities to grow through participation in Youth Council, Youth Parliament, Propellor, Victorian Youth Summits, local youth summits, online conferences and workshops.
- Youth Councillors engaged broadly with the youth community through surveys, community and school workshops, Wellington Youth Summits, and were leading advocates in attracting a headspace presence within Wellington, and of climate action via the schools strikes.

# LIFELONG LEARNING

# Education

- 'It's Time' campaign to encourage TAFE Gippsland to commit to building a new campus in Sale.
- EduCloud rolled out to all Wellington Shire Libraries which made it available to 1000 secondary school students across Wellington. The program won the Municipal Association of Victoria, Technology Achievement of the Year, and the Collaboration of the Year Award for our collaboration with 5 Wellington Shire Secondary Schools, ESSO & BHP, Aussie Broadband and Microsoft.

Council's actions towards your 203 goals

#### Libraries

- Through innovative 'click and deliver' and 'click and collect' services during the COVID-19 lockdowns from April - October 2020, the libraries delivered over 12,700 items to over 4,500 patrons. An additional 140 children's story packs and 150 books to communal street libraries were delivered for those who could not visit.
- In 2019 the Library Service collaborated with Libraries Victoria giving our community access to the resources of 200 libraries across the State.
- Since 2014, electronic resources have grown to over 26,000 eBooks and eAudio loans annually. Members have taken to downloading Library materials from home, with a 50% increase in usage since 2018.
- Libraries introduce infants to stories and imagination, and enhance their learning through Rhythm and Rhyme, and Storytime programs. Since 2015 over 5,200 of these programs have served 75,000 children. Nearly 900 adult programs have had 9,000 attendees.

#### Arts

• The Gallery hosts an in house and outreach schools and art class program

- 'The Middle of Everywhere' marketing campaign was launched to promote the Shire as a place to explore, learn, live, invest, play and to do business.
- The 'Wellington Still Delivering' campaign encouraged local businesses to promote how they were still operational during the COVID-19 pandemic.
- West Sale Airport's \$6M runway extension and lighting upgrade were completed. West Sale Airport was recognised as Australia's Small Regional Aerodrome of the Year at the Australian Airports Association (AAA) National Airport Industry Awards in 2019.
- Significant growth area planning advanced, including rezoning of the Wurruk Growth Area (800+ lots) and the North Sale Development Plan (1000+ lots).

# **1. Executive Summary**

#### What is the Financial Plan?

The Financial Plan is a financial forecast of the next ten years 2021/22 to 2030/31.

The Financial Plan is a guiding document to consider when developing Council's annual plan and budget. It forecasts Council's financial position in future years, based on assumptions outlined in this document. The Financial Plan provides transparency and accountability of Council's financial planning to the community.

The Wellington Shire Financial plan demonstrates:

- An understanding of Council's capacity to achieve its vision.
- A financially sustainable Council
- Sound financial framework and principles which guide all financial decisions.
- Strong financial management
- Ability to fund capital works projects and maintain existing assets.
- An ongoing ability to service community needs
- A commitment to set rate increases in accordance with the Fair Go Rates Framework and Revenue and Rating Plan
- Council's Plan, strategies, programs and projects can be resourced.

The financial plan shows that the Wellington Shire Council is planning for a sustainable future by providing a strong financial management framework which provides support for Councils financial decisions.

A Financial Plan is used by Council, community, and the organisation to ensure the long-term viability of the Council. It supports the achievement of the Community Vision and established investment and spending thresholds.

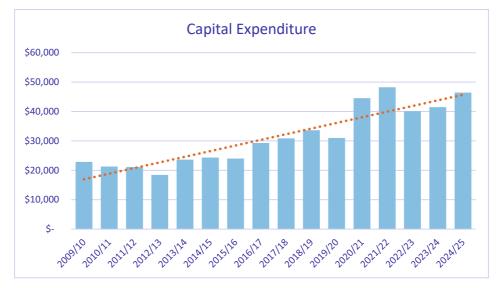

#### Challenges

Financial sustainability is a key challenge facing local government due to several contributing factors including increased demand for services, aging infrastructure, constraints on revenue growth, rate capping, and cost increases in excess of the Consumer Price Index (CPI).

#### Rates

Base rate revenue will increase by 1.5% for the 2021/22 year, based on the state government Fair Go Rates System, with estimated future annual increases in line with the Victoria Government Budgeted CPI increases. Rating increases are prepared in line with the Rating and Revenue Plan.

Forecast % increase	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31
Rates	1.50%	1.75%	2.00%	2.00%	2.00%	2.00%	2.00%	2.00%	2.00%	2.00%

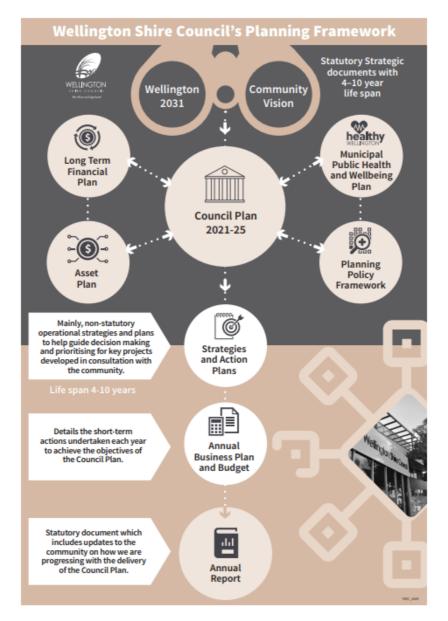

#### **Major Projects**

A key financial challenge facing Council is the need to renew existing and ageing infrastructure and at the same time invest in new infrastructure assets such as road improvements, drainage upgrades, better parks and recreational assets activities and establishing footpaths. Council's capital works plan allocates money to these activities but on a trend basis this investment has increased significantly over the past 10 years placing an increasing strain on resources which is expected to continue over the next few years.

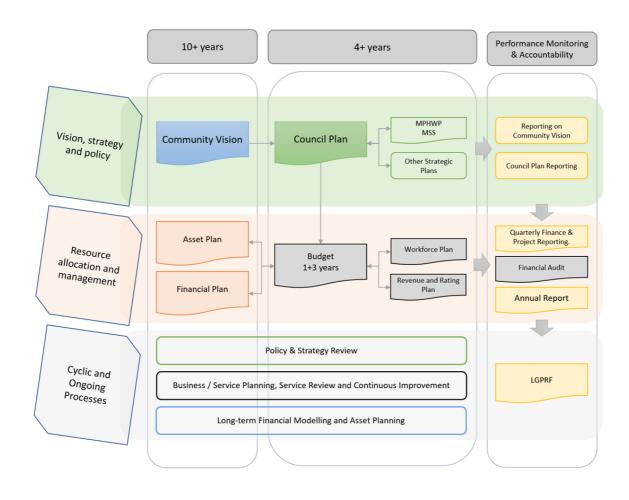

# 2. Legislative Requirements

This section describes how the Financial Plan links to the achievement of the Community Vision and the Council Plan within the Integrated Strategic Planning & Reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision), medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

The following diagram provides an overview of the core legislated elements of an integrated strategic planning and reporting framework and outcomes.

Financial Plan 2021/22 to 2030/31

The following figure demonstrates how each element might inform or be informed by other parts of the integrated framework.

Financial Plan 2021/22 to 2030/31

#### **2.1 Strategic Planning Principles**

The Financial Plan provides a 10 year financially sustainable projection regarding how the actions of the Council Plan may be funded to achieve the Community Vision. The Financial Plan is developed in the context of the following strategic planning principles:

- a) Council has an integrated approach to planning, monitoring and performance reporting.
- b) Council financial plan addresses the Community Vision by funding the aspirations of the Council Plan. The Council Plan aspirations and actions are formulated in the context of the Community Vision.
- c) The Financial Plan statements articulate the 10-year financial resources necessary to implement the goals and aspirations of the Council Plan to achieve the Community Vision.
- d) Council's strategic planning principles identify and address the risks to effective implementation of the Financial Plan. The financial risks are included at section 1.2.2 below.
- **e)** The Financial Plan provides for the strategic planning principles of continuous monitoring of progress and reviews to identify and adapt to changing circumstances.

#### **2.2 Financial Management Principles**

The Financial Plan demonstrates the following financial management principles:

- 2.2.1 Revenue, expenses, assets, liabilities, investments and financial transactions are managed in accordance with Council's financial policies and strategic plans.
- 2.2.2 Management of the following financial risks:
  - a) the financial viability of the Council (refer to section 2.1 Financial Policy Statements).
  - b) the management of current and future liabilities of the Council. The estimated 10 year-liabilities are disclosed in section 3.2 Balance Sheet projections.
  - c) the beneficial enterprises of Council (where appropriate).
- 2.2.3 Financial policies and strategic plans are designed to provide financial stability and predictability to the community.
- 2.2.4 Council maintains accounts and records that explain its financial operations and financial position (refer section 3 Financial Statements)

#### **2.3 Engagement Principles**

Council is in the process of developing a comprehensive community engagement framework. In the interim, Council has implemented the following consultation process to ensure due consideration and feedback is received from relevant stakeholders.

- a) Draft Financial Plan prepared by management;
- b) Draft Financial Plan placed on public exhibition at (July) Council meeting for a period of 28 day and calling for public submissions;
- c) Community engagement is conducted using local news outlets and social media;
- d) Hearing of public submissions to the Financial Plan (August);
- e) Draft Financial Plan, including any revisions, presented to (August) Council meeting for adoption.

#### **2.4 Service Performance Principles**

Council services are designed to be purpose, targeted to community needs and value for money. The service performance principles are listed below:

- a) Services are provided in an equitable manner and are responsive to the diverse needs of the community. The Council Plan is designed to identify the key services and projects to be delivered to the community. The Financial Plan provides the mechanism to demonstrate how the service aspirations within the Council Plan may be funded.
- b) Services are accessible to the relevant users within the community.
- c) Council provides quality services that provide value for money to the community. The Local Government Performance Reporting Framework (LGPRF) is designed to communicate Council's performance regarding the provision of quality and efficient services.
- d) Council is developing a performance monitoring framework to continuously improve its service delivery standards.
- e) Council is developing a service delivery framework that considers and responds to community feedback and complaints regarding service provision.

#### **2.5 Asset Plan Integration**

A core component of the Council's strategic financial planning principles is integration to the Asset Plan. The purpose of this integration is designed to ensure that future funding is allocated in a manner that supports service delivery in terms of the plans and the effective management of Council's assets into the future.

The Asset Plan identifies the operational and strategic practices which will ensure that Council manages assets across their life cycle in a financially sustainable manner. The Asset Plan, and associated asset management policies, provide council with a sound base to understand the risk associated with managing its assets for the community's benefit.

The Asset Plan is designed to inform the 10-year Financial Plan by identifying the amount of capital renewal, backlog and maintenance funding that is required over the life of each asset category. The level of funding will incorporate knowledge of asset condition, the risk assessment issues as well as the impact of reviewing and setting intervention and service levels for each asset class.

In addition to identifying the operational and strategic practices that ensure that Council manages assets across their life cycle in a financially sustainable manner, the Asset Plan quantifies the asset portfolio and the financial implications of those practices. Together the Financial Plan and Asset Plan seek to balance projected investment requirements against projected budgets.

# 3. Financial Plan Context

This section describes the context and external / internal environment and consideration in determining the 10-year financial projections and assumptions.

#### **3.1 Financial Policy Statements**

This section defines the policy statements, and associated measures, that demonstrates Council's financial sustainability to fund the aspirations of the Community Vision and the Council Plan.

#### **3.2 Strategic Actions**

Following a series of community engagement activities, Council has identified the following strategic actions that will support the aspirations of the Council Plan.

The strategic actions are included in the 10-year financial plan and, where appropriate, referenced in the commentary associated with the 10-year Comprehensive Income Statement and the 10-year Statement of Capital Works.

- Set rate increases in accordance with the Fair Go Rates Framework and Revenue and Rating Plan.
- Rate revenue will remain at a stable percentage of total underlying revenue (target between 60 per cent and 70 per cent of total underlying revenue) and other revenue will be strengthened over the medium term to reduce reliance on rate revenue.
- Increase investment in renewal capital to reduce the escalating risk and maintenance of aging infrastructure.
- Allocate additional funding to address climate change.
- Apply new debt funding to growth infrastructure where necessary and based on a sound business case and demonstrated community benefit.
- To deliver better value to our growing community, we will support developing policy and practice in the workplace to increase organisation innovation, effectiveness, and efficiency.

#### 3.3 Assumptions to the financial plan statements

This section presents information regarding the assumptions to the Comprehensive Income Statement for the 10 years from 2021/22 to 2030/31. The assumptions comprise the annual escalations / movement for each line item of the Comprehensive Income Statement.

Escalation Factors % movement	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31

#### 3.3.1 Rates and charges

Base rate revenue will increase by 1.5% for the 2021/22 year, based on the state government Fair Go Rates System, with estimated future annual increases in line with the Victoria Government Budgeted CPI increases. Rating increases are prepared in line with the Rating and Revenue Plan.

Garbage charges are proposed to increase by 2.2% compared to 2020/21 levels in order to defray the total costs of waste management incurred across the municipal district. Future years waste charges are estimated to increase in line with the growth 2.0% increase to ensure Council continues to recover the full costs of providing waste services. The purpose of this charge is to meet the costs of waste disposal and recycling activities throughout the Council area, including the operating costs of Landfills and Transfer Stations.

The Waste Infrastructure Charge is applied specifically to waste management infrastructure and will be placed in a reserve fund, to ensure that future costs can be adequately provided for.

The EPA Levy is a cost recovery charge to recoup the price per tonne levied by the EPA under the Victorian State Government.

#### 3.3.2 Statutory fees and fines

The Financial Plan indexes statutory fees, set by legislation, according to the estimated annual rate of CPI. This is often a best-case scenario given some fees are outside of the control of Council and therefore may be subject to increases other than CPI.

#### 3.3.3 User fees

Revenue from user fees is expected to increase by 1.5% for the 2021/22 year. Details of user fees for the 2021/22 budget year can be found in Council's schedule of Fees and Charges that is adopted in conjunction with the budget.

Revenue increases for the ensuing years are based on a conservative annual rate of increase of 1.5% to reflect, as a minimum, annual increases in line with the state government rate cap.

#### 3.3.4 Grants

Council currently receives grants for tied (specific purpose grants) and un-tied Financial Assistance grant funding received via the Victorian Local Government Grants Commission (VLGGC). Recurrent grants are expected to increase on an annual basis by approximately the estimated rate of CPI and are assumed to continue over the 10-year plan. A portion of non-recurrent grant funding has been assumed to be received to fund certain planned capital works. Future grant funding opportunities are not guaranteed, so future anticipated grants have not been included unless Council has a reasonable expectation that grant funding will be received. Non recurrent grant funding has therefore been included in years beyond 2021/22 at a reduced and conservative level.

#### 3.3.5 Contributions

Council receives contributions from developers and user groups.

Developer contributions represent funds to enable Council to provide the necessary infrastructure and infrastructure improvements to accommodate development growth. The contributions are for specific purposes and often require Council to outlay funds for infrastructure works before receipt of this income source. These contributions are statutory contributions and are transferred to a restricted reserve until utilised for a specific purpose through the capital works program or delivered as works in kind by developers.

User group contributions include monies received from community sources or other non-government bodies towards the delivery of Council's services to ratepayers (operating) and capital works program.

#### 3.3.6 Other income

Revenue from other income mainly comprises investment income plus the recovery income from a variety of sources and rental income received from the hire of Council buildings and facilities.

#### 3.3.7 Employee costs

The 2021/22 year includes a 2.5% increase for employee costs that mainly reflects the salary increase for all staff pursuant to the Enterprise Bargaining Agreement as well as a further 0.9% to fund increased staff resources in the areas of planning and customer service due to service demands.

The ensuing years, from 2022/23 to 2030/31, reflect annual increases of 2.5% per annum to provide for annual EBA increases and the required banding increases to staff salaries.

FTEs and employee costs are budgeted at a projected vacancy of zero. Current vacant positions have been allocated across the male/female genders in proportion to the current ratios in each division.

#### 3.3.8 Materials and services

Material costs include items required for the maintenance and repairs of Council buildings, roads, drains and footpaths which are more governed by market forces based on availability than CPI. Other associated costs included under this category are utilities, insurance and consumable items for a range of services. Council also utilises external expertise as consultants on a range of matters. These costs are kept to within CPI levels year on year.

#### 3.3.9 Depreciation & amortisation

Depreciation estimates have been based on the projected capital spending as per the 10-year capital works program as listed in section 3.

#### 3.3.10 Borrowing costs

Borrowing costs comprise the interest expense to service Council's loan portfolio that is described in Section 5.1 Borrowing Plan.

#### 3.3.11 Other expenses

Other expenses include administration costs such as Councillor allowances, election costs, lease expenditure, audit costs and other costs associated with the day to day running of Council.

#### 3.4 Other Matters impacting the 10-year financial projections

COVID-19 has presented a fast-evolving significant challenge to businesses, households, and the economy worldwide. The Impacts of COVID-19 will have both an immediate and long-term impact on Council. Council has acted in the interest of keeping our community, residents, and workforce safe. Officers are actively monitoring and managing our response to COVID-19. The effect of the pandemic on our ability to provide services, the demand for services and our financial response to our own cash flow and the financial impact on our ratepayers and local community have all been considered in the development of the long-term financial plan.

Future negotiation of Enterprise Agreements (EA) will affect the increase of the employee costs projections. The current EA has a nominal expiry date of 8 November 2022 and a new EA is required every three years.

Ongoing uncertainty of a financial call for the Defined Benefits Superannuation Plan. The amount and timing of any liability is dependent on the global investment market. At present the actuarial ratios are at a level that additional calls from Local Government are not expected in the next 12 months, however there the long-term uncertainty over when the next call will be required.

Before 31 December each year, the Minister for Local Government sets the local council rate cap for the next financial year. The rate cap is the maximum amount a council can increase general rates and municipal charges. Projections for future Rate Cap rates have been set at the same rate as the projected CPI increases, but the long-term financial sustainability of Council is at risk if the Rate Cap increases below Council's expense profile.

**Highlights** - Council will continue to allocate additional funds to renew infrastructure within the Shire including:

- Cowwarr Streetscape masterplan stage 2
- Sale Environmental Education Centre & Wetland Project
- Maffra- Stormwater retention basin and outfall improvement works
- Alberton Great Southern Rail Trail Extension Alberton to Welshpool
- Sale York Street Streetscape renewal (multi-year project)
- Yarram 'A Warmer Pool for Yarram' project (multi-year project)
- Alberton West Sloping Bridge widening
- Sale Stephenson Park changerooms redevelopment (multi-year project)
- Stratford Outdoor pool solar upgrade and pool blanket
- Seacombe Boat ramp upgrade
- Rosedale Cricket Street biodiversity enhancement

We have budgeted to spend \$209.4M over the 10-year period of the financial plan, including the annual road reseals, and re-sheeting program, reconstruction of numerous roads across the shire and intersection upgrades and improvements. Wellington Shire's natural environment will benefit from a \$43.2M investment in open space projects, parks, reserves, sportsgrounds, playgrounds, and skate parks.

The 2021/22 current year capital works program will be \$48.2M with \$24.4M funded from Council operations, \$17.2M from external grants and contributions and \$3.3M from new borrowings. Council has forecast an average of 23% of its Capital program to be funded by external sources, including grants and donations.

# **Notes to indicators**

# 1. Adjusted Underlying Result

The Underlying operating result is an important measure of financial sustainability as it excludes all funds which are used for capital from being allocated to cover operating expenses. In 2021/22 capital funds are defined as recurrent capital grants (Road to Recovery funding) of \$6.5M, non-recurrent grant funding of \$10.6M, contributions (including ratepayer contributions to special street charge schemes) of \$3.4M and other capital adjustments of (\$0.9M) and all have been excluded to determine the underlying result.

# 2. Working Capital

This is a measure of current assets to current liabilities in determining our ability to pay existing liabilities that fall within the next 12 months.

# 3. Unrestricted Cash

Unrestricted cash represents all cash and cash equivalents other than restricted cash.

# 4. Debt compared to Rates

Council plans to maintain a low level of borrowings. Council has the capacity to use debt to respond to financial risks over the period.

# 5. Asset Renewal

This percentage indicates the extent of Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means its assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets.

# 6. Rates Concentration

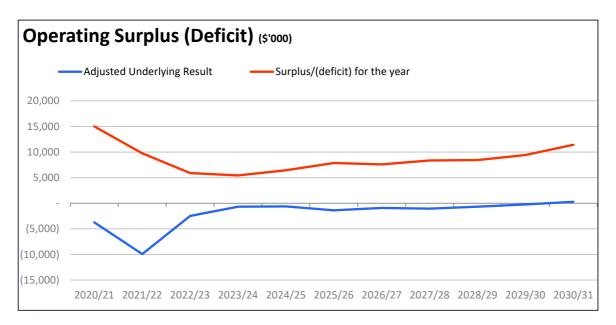

Reflects extent of reliance on rate revenues to fund all of Council's ongoing services. Trend indicates Council will become more reliant on rate revenue to all other sources.

# Calculation of Adjusted Underlying surplus / (deficit)

The following table shows how the adjusted underlying result has been calculated.

# 6. Strategies and Plans

This section describes the strategies and plans that support the 10-year financial projections included to the Financial Plan.

# 6.1 Borrowing Strategy

# **6.1.1 Current Debt Position**

The total amount borrowed as at 30 June 2022 is \$3.76 million.

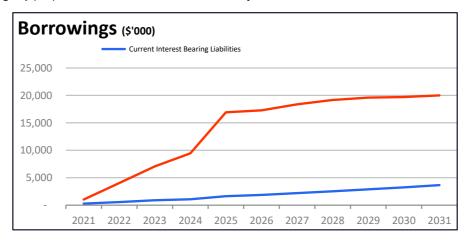

Council intends to access debt funding in 2021/22 to complete a range of major infrastructure projects including the construction of the Lake Guthridge-Guyatt, Sale - Environmental Education Centre & Wetland Trail Project and the Stephenson Park Recreation Reserve, Sale - Changeroom Redevelopment.

# **6.1.2 Future Borrowing Requirements**

The following table highlights Council's projected loan balance, including new loans and loan repayments for the 10 years of the Financial Plan

	Forecast / Actual										
	2020/21 \$'000	2021/22 \$'000	2022/23 \$'000	2023/24 \$'000	2024/25 \$'000	2025/26 \$'000	2026/27 \$'000	2027/28 \$'000	2028/29 \$'000	2029/30 \$'000	2030/31 \$'000

Our borrowings strategy is guided by the principal that borrowings are appropriate for funding large nonrecurrent capital works that can be expected to provide benefits to future generations. Borrowings will not be used to fund ongoing operations. A prudent and fiscally responsible approach will be applied in considering any proposals for new debt to deliver our objectives.

The following table highlights Council's projected performance across a range of debt management performance indicators.

Council maintains its loan borrowing within prudent and management limits as demonstrated by the following performance indicators.

## Total borrowings / Rate revenue

Performance – describe how the ratio performs against the target over the life of the Financial Plan.

## Debt servicing / Rate revenue

Performance – This indicator reflects the proportion of total revenue that is used to service debts (interest and charges) and which cannot be used directly for service delivery. A target of 5% has been set. Council's current ratio is 0.4% and is expected to increase with new planned borrowings.

## Debt commitment / Rate revenue

Performance – This indicator reflects the proportion of debt commitment costs as a percentage of rates. Debt commitment costs include principal and interest payments in a year. This ratio details how much of Councils rates dollar is spent to repay debt and interest as an overall percentage of Council's rate revenue. A target of less than 10% has been set. Council is on track to maintain this ratio with the expected range.

## Indebtedness / Own source revenue

Performance – This indicator compares Council's long-term debt (loans & other non-current Liabilities) to its own source revenue (i.e. rates, user charges, other income) which is used to gain a general idea as to Council's ability to meet its debts. The higher the percentage the difficult it is for Council to service debts. Council uses debt to fund growth infrastructure, special projects, and major asset renewal. A target of below 60% has been set.

# 6.2 Reserves Strategy

# **6.2.1 Current Reserves**

#### **Recreational Land Reserve**

- Purpose The Recreational Land Reserve holds funds contributed by developers for works associated with developing and improving public open space and recreational facilities within Council. Funds are contributed in accordance with Section 18 of the Subdivision Act and transfers are restricted to the purpose of creating open space such as parks, playgrounds, pavilions and other such items where it is deemed that these works should occur at a later point than the initial development.
- Movements transfers to the reserve (inflows) comprise contribution income from subdividers in lieu of the 5.0% Public Open Space requirement. Transfers from the reserve (outflows) are applied to fund Open Space capital projects on an annual basis.

#### **Art Gallery Acquisitions/Contributions Reserve**

- Purpose This reserve is set to fund future approved art gallery acquisitions and specific major art gallery exhibitions. It preserves benefactor donations to ensure appropriate application of funds, including art prizes and awards.
- Movements transfers to the reserve (inflows) are budgeted on an agreed ongoing benefactor agreement. Transfers from reserve are to be spent on funding of Art purchases and Art Exhibitions.

#### Leased Property Reserve

- Purpose This reserve is used to fund future works on leased properties. Funds are contributed in accordance with *Crown Land Act*. Council currently leases out several caravan parks and moorings, the excess of income over expenditure during the year is preserved for future allocation to improving facilities and public amenities at these sites.
- Movements Transfers to the reserve are based on net profits for each site, several major upgrades are planned using funds from this reserve.

#### **Development Infrastructure Reserve**

- Purpose This reserve retains funds received from developers for infrastructure provision related to Council's Development Contributions Plans. Council has two (2) Development Contribution Plans with currently two reserves established to manage levy income contributed by developers. Development Contribution Plan reserves were introduced to manage proceeds from the recently adopted Precinct Structure Plans within the district A and district B within the municipality.
- Movements Transfers from this reserve will be for nominated capital works for Development
  Infrastructure projects and Community Infrastructure projects. These funds are tied directly to the
  income received or cash funds refunded to developers for capital works completed directly by the
  developer.

#### **Plant Replacement Reserve**

- Purpose This reserve is to set aside funds to replace Council's heavy plant and equipment at the end of the service life. As plant is used, an internal charge is created against each job/project that reflects approximate consumption of the assets service potential and is designed to cover operating costs. The net income is transferred to reserve to fund future plant replacement.
- Movements Inflows to the reserve are mainly sourced from budget savings in depot maintenance and operations. Transfers from the reserve are aligned to Council's replacement schedule to fund plant acquisitions on an annual basis.

#### **Waste Infrastructure Reserve**

- Purpose This Reserve is to fund the establishment of recycling and transfer stations and an increase in landfill capacity in the future. This is funded by a Waste Infrastructure Charge introduced to cover the significant costs of landfills and associated infrastructure on a user pays basis, providing intergenerational equity by charging current users for the environmental impacts of waste management decisions.
- Movements To be used in accordance with the Waste Facility Strategy and associated 10 Year Capital Plan.

#### **Asset Improvement Reserve**

• Purpose – This reserve is to fund future capital improvements. Its purpose is to quarantine proceeds from assets sales for future asset improvements in order to preserve our asset base.

# 6.2.2 Reserve Usage Projections

The table below discloses the balance and annual movement for each reserve over the 10-year life of the Financial Plan. Total amount of reserves, for each year, is to align with the Statement of Changes in Equity.

Restricted reserves are to be included in the disclosure of restricted cash assets.

# 1 EXECUTIVE SUMMARY

The Asset Plan (AP) is part of Wellington Shire Council's Planning Framework. It has linkages to other planning documents, such as *Wellington 2031* and the *Council Plan 2021-25*, which outline the strategic vision and objectives that represent the needs of the community and the priorities over the next 4 years.

Local Governments exist principally to supply core services that meet the needs of their communities. The community expects that assets be managed in such a way that costs are minimised while providing the levels of service that the community desires. The purpose of the AP is to demonstrate responsible asset management in order to deliver the community vision of a "built environment that is sustainable, appropriate, accessible and responsive to the community<sup>1</sup>" in a way that "meets community needs in an effective and efficient way<sup>2</sup>".

## ATTACHMENT 13.5.3

The AP provides an overview of the whole of life management of each asset class, including current performance, maintenance, renewal, upgrade, disposal and creation plans. The funding required to maintain assets to their service potential is modelled to ensure that future maintenance costs are optimised.

Infrastructure assets have a total replacement value in excess of \$1.3 billion as at 30 June 2020. The average annual renewal requirement over the next 10 years (to 2030) is \$16.5 million, but the average annual proposed renewal expenditure is \$23.5 million, resulting in an annual renewal funding surplus of \$7.0 million over the next 10 years. The long-term asset renewal funding requirement will be referred to in the Long Term Financial Plan.

The following chart shows the difference between the renewal demand and planned renewal expenditure for each asset class over the next 10 years, which indicates that Council is meeting its overall renewal burden and appropriately managing funding against existing service levels.

Asset condition will continue to be assessed to inform future asset planning and support planning of forward capital works programs.

Wellington Shire Council Asset Plan 2021-25

# 2 INTRODUCTION

# 2.1 Purpose of the Plan

The purpose of this Asset Plan (AP) is to demonstrate responsible management of Wellington Shire Council infrastructure assets, comply with the *Victorian Local Government Act 2020* and model the funding required to maintain assets in their current condition.

The Victorian Local Government Act 2020 states that an Asset Plan must:

- Include information about maintenance, renewal, acquisition, expansion, upgrade, disposal and decommissioning in relation to each class of infrastructure asset under the control of the Council and any other matters prescribed by the regulations,
- be developed, adopted and kept in force in accordance with the Council's deliberative engagement practices.

# 2.2 Plan framework

The AP is supported by a Dashboard Summary for each asset class. The AP framework is as follows:

- Part A Asset Plan
- Part B Roads dashboard summary
- Part C Paths dashboard summary
- Part D Bridges & Major Culverts dashboard summary
- Part E Drainage dashboard summary
- Part F Property dashboard summary
- Part G Open Space dashboard summary

The AP does not include:

- Non-council assets, such as highways and arterial roads maintained by Rural Roads Victoria nor roads and tracks maintained by the Department of Land, Water and Planning; and
- Council assets that Council chooses not to maintain or renew; and
- Assets not capitalised in accordance with Council's Asset Capitalisation Guidelines.

# 2.3 Asset Hierarchy

The asset hierarchy defines the levels at which assets are managed (with respect to new construction, upgrade, renewal, or maintenance).

Council's asset hierarchy is described as follows:

# 3 LEVELS OF SERVICE

The level of service is the defined quality for a particular service area and can be grouped into two categories:

- Customer Levels of Service: the community's expectation of what the service will deliver and the performance & presentation of delivery of that service;
- Technical Levels of Service: what the customer receives from the service. These include parameters covering technical aspects such as legislative compliance, design standards, safety, maintainability, reliability and performance, capacity and cost/affordability.

Levels of Service have not yet been fully defined for all assets classes at Wellington Shire Council and are currently based on statutory requirements e.g. Road Management Plan, community expectations and the capacity to fund a particular level of service. The gap between current and future (target) service provision should be the basis for developing new, upgrade and expansion projects as well as asset redundancy/disposal.

The levels of service may be defined around any of the following key performance indicators:

- Quality:
  - o physical condition
  - o appearance
  - maintenance standards
- Function:
  - o fitness for purpose
  - o whether asset meet service delivery needs
  - o accessibility
  - o health and safety
  - o legislative compliance
  - Capacity/Utilisation:
  - o whether usage matches design capacity
  - o availability
- Other:
  - Cost and affordability
  - Customer satisfaction
  - o Responsiveness

The functional hierarchy differentiates like assets by relevant priority or importance. It is a 'vertical' separation and commonly applied to reflect the current levels of service, including inspection frequency, intervention level and prioritisation of works. It also recognises the criticality of assets, where criticality can be related to factors such as usage, capacity and economic value.

# 4 ASSET PARAMETERS & FINANCIAL STATUS

# 4.1 Valuation Summary

The value of infrastructure assets as at 30 June 2020 is:

Asset Class	Current Replacement Cost	Written Down Value	Average Annual Asset Consumption
Roads	\$790,883,100	\$545,614,833	\$10,790,507
Paths	\$44,855,262	\$28,900,584	\$907,170
Bridges	\$110,457,895	\$68,674,956	\$1,118,999
Drainage	\$98,442,162	\$63,073,795	\$979,262
Property	\$244,021,963	\$120,397,006	\$6,813,812
Open Space	\$25,924,046	\$14,743,790	\$816,073
TOTAL	\$1,314,584,428	\$841,404,964	\$21,425,823

The average annual asset consumption (AAAC) is \$21.4M (1.6%).

# 4.2 Financial Sustainability Indicators

Asset Consumption, Renewal and UEN (2019/20)	
Asset consumption (depreciation / depreciable amount)	1.6%
Asset renewal (actual capital renewal expenditure / depreciable amount)	1.0%
Asset UEN (actual capital UEN expenditure / depreciable amount)	0.4%
Asset renewal as % of asset consumption	63.1%
Assets being added as % of asset stock	0.7%
Life Cycle Cost (long term)	\$'000
Life cycle cost (depreciation + operational & maintenance expenditure Year 1)	\$58,464
Life cycle expenditure (capital renewal expenditure + ops. & maint. exp. Year 1)	\$71,639
Life cycle gap (life cycle expenditure – life cycle cost)	\$12,905
Life cycle sustainability indicator (life cycle expenditure / life cycle cost)	122%
Medium Term Sustainability (10 years)	\$'000
10 year operational, maintenance and renewal projected (required) expenditure	\$619,039
10 year operational, maintenance and renewal planned (budget) expenditure	\$689,336
10 year funding shortfall (10 year planned – projected expenditure)	\$70,296
10 year sustainability indicator (10 year planned / projected expenditure)	111%
Short Term Sustainability (5 years)	\$'000
5 year operational, maintenance and renewal projected (required) expenditure	\$302,615
5 year operational, maintenance and renewal planned (budget) expenditure	\$347,989
5 year funding shortfall (5 year planned – projected expenditure)	\$45,375
5 year sustainability indicator (5 year planned / projected expenditure)	115%

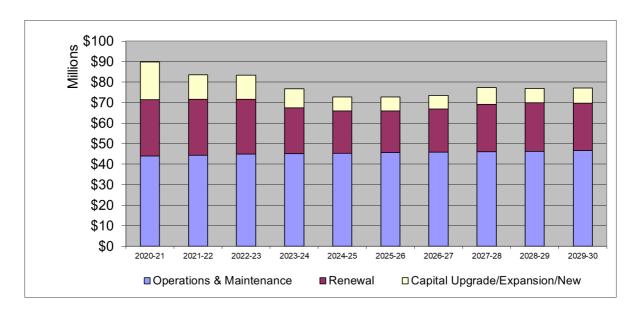

# 4.3 Funding Strategy

Current funding sources available to Council for asset maintenance, creation and renewal includes municipal rates, special charge schemes, federal and state government grants and private developer contributions.

# 4.4 Lifecycle Summary

Lifecycle cost is the total cost over the life of an asset which includes planning, design, acquisition, operating, maintenance and any other costs directly attributable to owning or using the asset.

# **5 MAINTENANCE**

Maintenance is recurrent and is periodically required as part of the anticipated schedule of works to ensure that the asset achieves its useful life and provides the required level of service e.g. repairing a pothole in a road, repairing the decking on a timber bridge, repairing a drainage pipe or repairing the fencing in a park. Maintenance may be planned (scheduled) or unplanned (reactive).

# 5.1 Maintenance Plan

Planned maintenance work is identified under a management system involving inspection of defects, prioritising and scheduling works. The advantage of planned maintenance is that it lowers risk exposure by identifying and correcting defects before they reach an unacceptable level.

Unplanned maintenance is reactive work resulting from customer requests and unscheduled inspections.

A maintenance plan:

- requires the planned, pro-active identification of maintenance issues;
- ensures that minimum safety standards are met;
- identifies works to be undertaken that maximises the life of the asset;
- sets emergency works to be attended to as a priority;
- refers significant works of a scale or cost that is unreasonable for the maintenance budget to bear, to the capital works program for consideration in the following year's budget.

The standards for maintenance are described by the Hazard Intervention Level and Emergency Works, which vary across the asset hierarchy.

# 5.2 Defect Inspections & Prioritisation of Maintenance Works

Defect inspections are a critical part of the planned, pro-active maintenance process. Assets are defect inspected on a scheduled frequency based on the risk associated with the asset and the asset functional hierarchy. In some instances, assets of low risk may not be inspected and will be subject to unplanned maintenance only.

Defect works are prioritised in accordance with established criteria. The criteria take into account the defect:

- severity
- relative risk or importance of the defect compared to other defects
- location or hierarchy

Response times to correct defects action vary across the asset hierarchy. Response times may be specified under a separate plan e.g. Road Management Plan, or are not listed in instances of low risk. Council's Customer Service Charter also sets timeframes that staff must respond within when investigating a customer request to inspect or assess an issue.

The maintenance decision making process applicable to some key assets is summarised below:

Step	Description							
1	<ul> <li>Potential maintenance tasks are identified from:</li> <li>Scheduled defect inspections</li> <li>One-off inspections instigated by customer requests, council requests</li> <li>Condition surveys</li> <li>Only defects exceeding any nominated Hazard Intervention Level are recorded</li> </ul>							
2	<ul> <li>Recorded defects are assessed against the intervention criteria as either:</li> <li>Exceeding any Hazard Intervention Level</li> <li>Not exceeding any Hazard Intervention Level</li> <li>An excessive scale or cost</li> <li>Emergency work</li> </ul>							
3	Action is undertaken for defects: Emergency Work	Immediate action generally commenced within 24 hours						
	Exceeding any Hazard Intervention Level	Appropriate action assigned and Works Order issued. Works prioritised according to established ranking criteria.						
	Not exceeding any Hazard Intervention Level (or no hazard intervention level set)	No action required.						
	Of excessive scale or cost	Referred to the capital works program						

# 5.3 Basis for Determining Future Maintenance Costs

Future maintenance costs are based on the assumption that the current maintenance expenditure is adequate with variations based on:

- an increase in asset quantity from new and upgrade assets;
- a decrease in asset quantity from the rationalisation/disposal of assets;
- changes in the agreed level of service;
- any increase in the cost of maintaining older assets if renewal works are not undertaken.

# 6 RENEWAL

Capital renewal on an existing asset is intended to return the service potential or the life of the asset back to its original life. As it reinstates existing service potential, it has no impact on revenue, but may reduce future operating and maintenance expenditure if completed at the optimum time. Council undertakes annual renewal programs such as road re-sealing, road re-sheeting, footpath and playground renewal.

# 6.1 Renewal Plan

Assets for which the condition score is above the intervention level are considered for inclusion in the longterm capital renewal program. Condition inspection programs are scheduled every 3 years for roads and paths, and every 4 years for buildings and structures. Works may also be identified from adhoc inspections and customer requests.

Annual renewal programs are prioritised by condition and remaining life, with consideration to functional hierarchy.

Step	Description
1	<ul> <li>Potential renewal projects identified from the outcome of:</li> <li>condition inspections and Condition Intervention Level, remaining life and functional hierarchy;</li> <li>defect inspections where the defects are beyond the scope of normal maintenance activities;</li> <li>adhoc requests.</li> </ul>
3	Projects are prioritised into a draft long term works program
4	The long term Renewal works program is referred to the Long Term Financial Plan (LTFP) for inclusion as projected cash-flow expenditure. The actual program is dependent upon the actual funding provided in the LTFP based on the renewal modelling outcomes.
5	<ul> <li>As part of the Annual Budget process the long term works program is rationalised to match the available budget expenditure. This annual works program may be further modified to provide greater efficiency by allow for factors including:</li> <li>Economies of scale</li> <li>Project location</li> </ul>
6	Following the completion of works in accordance with the Asset Handover process, details of the change in assets is reported to the Asset Manager for inclusion in the Asset Register.

Council's process for identifying and undertaking renewal works is as follows:

# 6.2 Basis for Determining Future Renewal Costs

Asset renewal expenditure in 2019/20 was 1.0% of the depreciable amount and 63%% of the Average Annual Asset Consumption (AAAC).

To provide services in a financially sustainable manner, Council aims to ensure that it is renewing assets at the rate they are being consumed over the medium-long term and funding the life cycle costs for all new assets and services in its long-term financial plan.

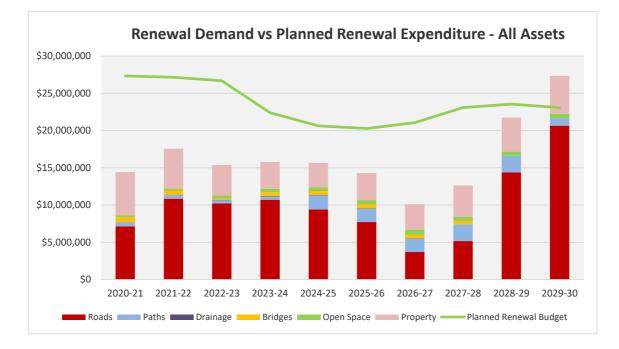

Future renewal requirement is determined from the following input data:

- Condition intervention level
- Asset useful life
- Asset condition
- Asset quantity
- Asset replacement cost
- Deterioration profile
- 10-year planned renewal budget
- Actual maintenance expenditure

# 6.3 Financial Projections

The following table shows the long-term renewal requirement for all asset classes.

Annual Renewal Requirement	Roads	Paths	Bridges	Drainage	Property	Open Space	Annual Total

Annual Average	\$16,493,791	\$23,523,421	\$7,029,629	

The average annual renewal requirement over the next 10 years (to 2030) is \$16.5 M and the average annual proposed expenditure is \$23.5 M. This results in a cumulative renewal funding surplus of \$70 M over the next 10 years.

# 7 NEW, UPGRADE & EXPANSION

## 7.1 New Assets

New assets are assets created to provide a new service to the community that did not exist beforehand. As it increases service potential it may impact revenue and will result in an additional burden on future operating, maintenance and capital renewal expenditure.

The acquisition of assets occurs when the opportunity arises and is only done on an ad hoc basis apart from gifted assets provided by developers constructing infrastructure for various subdivisions and works.

## 7.2 Asset Expansion

Asset expansion extends an existing asset at the same standard enjoyed by existing users, to a new group of users. It is discretional expenditure, which increases future operating and maintenance costs because it increases council's asset base e.g. extending a drainage or road network, the provision of an oval or park in a new suburb for new residents.

# 7.3 Asset Upgrade

Capital upgrade enhances an existing asset to provide a higher level of service or expenditure that will increase the life of the asset beyond that which it had originally e.g. widening the sealed area of an existing road, replacing drainage pipes with pipes of a greater capacity, enlarging a grandstand at a sporting facility. It will increase operating and maintenance expenditure in the future because of the increase in the council's asset base.

## 7.4 Basis for Determining Future New, Upgrade & Expansion Costs

New, upgrade and expansion expenditure in 2019/20 was 0.4% of the depreciable amount and 27% of the Average Annual Asset Consumption (AAAC).

The gap between current and future (target) service provision should be the basis for developing new, upgrade and expansion projects as well as asset redundancy/disposal. An important consideration is to understand the relationship between cost to deliver current service levels and the cost impact of raising or lowering the 'target' service levels.

New and upgrade works may result from growth, social or environmental needs. Assets may also be acquired at no cost to the organisation (e.g. subdivision development). It is acknowledged that the addition of any asset to Council's portfolios increases the lifecycle costs incurred by Council and that any new or upgrade works must be justified against the nominated service standards and the benefit to the community. In the construction of new, expanded and upgraded assets, the consequential recurring operational and maintenance costs must be allowed for in future budgets.

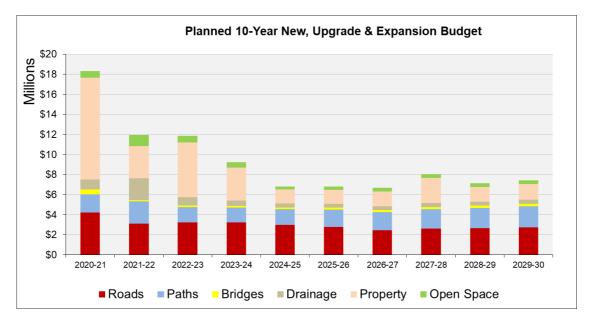

Various strategic plans identify opportunities for expansion and upgrade of assets that are implemented through a number of annual upgrade and expansion programs:

- Urban Paths Plan
- Street Construction Schemes
- Intersection upgrades
- Road widening projects
- Access Improvement Program
- Recreational Boating Facilities Plan
- Sporting Infrastructure Plan
- Community Infrastructure Plan

Council's process for identifying and undertaking new, upgrade and expansion projects is as follows:

Step	Description
1	Identify new, upgrade and expansion projects
2	Projects are evaluated against the Capital Evaluation Framework
3	Projects are prioritised into a single Long Term works program according to the established assessment system in the Capital Evaluation Framework.
4	The works program is referred to the Long Term Financial Plan (LTFP) for inclusion as projected cash-flow expenditure.
5	As part of the Annual Budget process the long term works program is rationalised to match the available budget expenditure and new priorities.
6	Following the completion of works in accordance with the Asset Handover process details of the change in assets is reported to the Asset Manager for inclusion in the Asset Register.

The creation of new assets is expected to grow at 0.7% per year over the next 10years, based on planned upgrade and expansion projects in the 10-year capital program.

#### 8 DISPOSAL & DECOMMISSIONING

Disposal includes any activity associated with disposal of a decommissioned asset including sale, demolition or relocation. Closure and disposal of assets may occur when there is insufficient use of the asset or continued existence of the asset is not justified.

Assets may become surplus to requirements for any of the following reasons:

- Under-utilisation;
- Obsolescence;
- Provision exceeds required level of service;
- Uneconomic to upgrade or operate;
- Policy change;
- Service provided by other means;
- Potential risk of ownership.

Council's process for decommissioning and disposal of assets is as follows:

Step	Description
1	<ul> <li>Potential asset rationalisation/disposal may be identified from a number of sources, including:</li> <li>Within a Service Plan Strategy;</li> <li>From an assessment of future demand.</li> </ul>
2	Projects are justified against the criteria above and placed in a Long Term Rationalisation/Disposal Works Program.
3	Potential projects are reported to Council for consideration.
4	The Long Term Rationalisation/Disposal Works Program is referred to the Long Term Financial Plan for inclusion as projected cash-flow expenditure.
5	As part of the Annual Budget process the Long Term Rationalisation/Disposal Works Program is rationalised to match the available budget expenditure and new priorities.
6	Following the decommissioning of the asset in accordance with the Asset Handover process, details of the change is reported to the Asset Manager for removal from the Asset Register.

It is acknowledged that a reduction in the asset inventory can assist in reducing the renewal gap and result in annual savings from not having to fund operations and maintenance of the assets.

### **IMPROVEMENT ACTIONS**

- 1. Review asset hierarchy for each facility and reserve in the Asset Management System.
- 2. Enhance condition information where required for: bridges, major culverts, drainage, and paths.
- 3. Use enhanced condition information to support reviews of forward capital works programs.

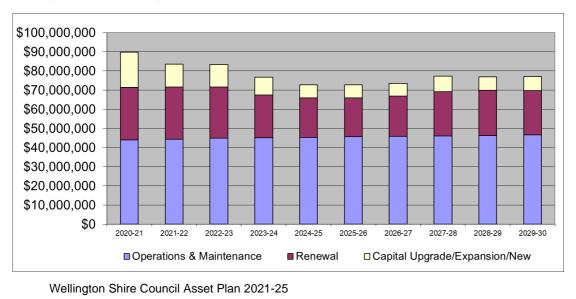

#### **SUMMARY**

- Road assets make up over half the total asset replacement value.
- Condition data will continue to be reviewed for various asset classes to inform future asset planning.

# Road Assets

Figures based on 2019/20 financial year

### ASSET CATEGORIES

**Sealed roads**: urban and rural roads with a bitumen surface, typically spray seal or asphalt

**Unsealed roads:** usually rural roads formed and surfaced using local granular and blended materials

**Kerb & channel:** constructed along the edge of sealed road, usually in urban areas, to drain road surface water run-off into the underground piped drainage network

Rural road drainage: includes table drains and minor culverts

Verge: traffic control devices and signage

Car parks: both on and off-street parking areas

Urban sealed roads	201 km
Rural sealed roads	1312 km
Unsealed roads	1564 km
Kerb & channel	383 km

## **NEW/UPGRADE WORKS**

Current programs are:

- Roads & Street Construction Plan -Schemes
- Road widening projects
- Intersection upgrades
- Average annual new/upgrade expenditure next 10 years: \$3.0 M

#### **10 YEAR RENEWAL**

# ACKNOWLEDGMENT OF COUNTRY

The Gunaikurnai people are the First People of the Country we now call Wellington Shire. They have survived for tens of thousands of years, often against great adversity. They have looked after their Country and passed on stories and traditions through countless generations. Today, they continue to survive and thrive, maintaining connection to Country and to ancestors.

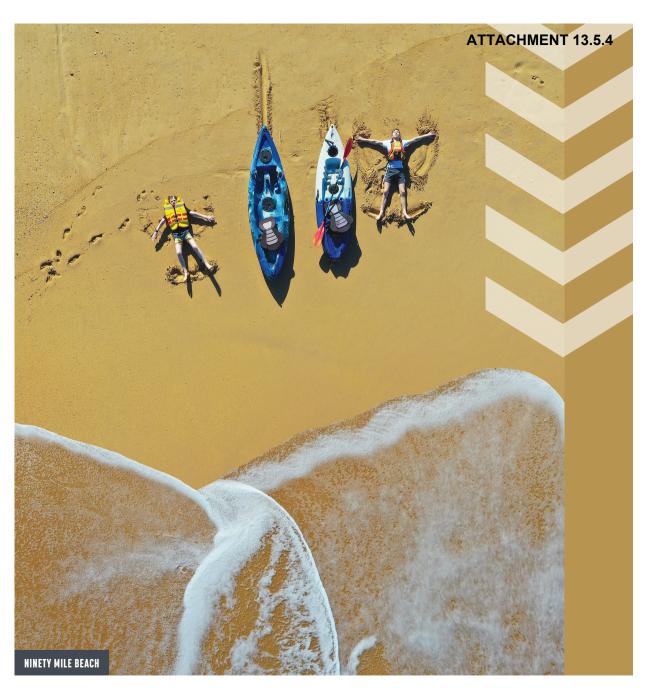

Wellington Shire Council acknowledges the Traditional Owners of the land, the Gunaikurnai people, and pay our respects to their Elders past, present and emerging. We acknowledge, respect, and uphold their unique ability to care for Country and deep spiritual connection to this land and water on which we rely. Council acknowledges the history of dispossession and movement of Aboriginal and Torres Strait Islander peoples across Gippsland and the impact this has had to the cultural lore, health, and wellbeing of the Traditional Owners.

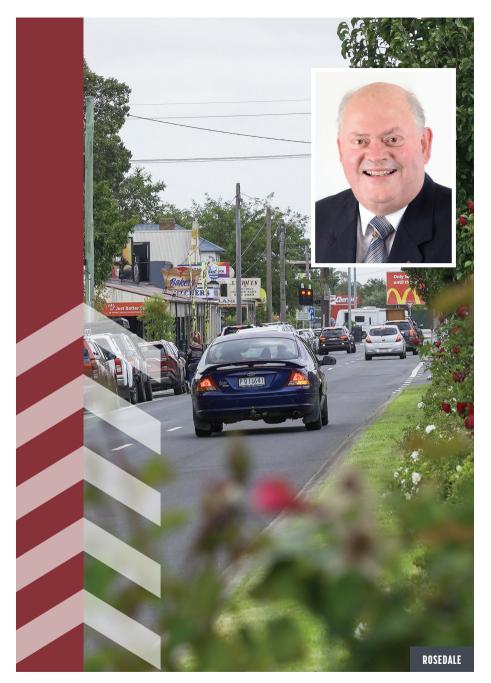

In this Council Plan, and into the future, Wellington Shire Council commits to genuine partnership and meaningful engagement with Traditional Owners and Aboriginal communities. We commit to contributing to the care for Country and the broader aspirations of Gunaikurnai people to stand proud and strong, to be self-sufficient and highly respected.

# MAYOR'S **MESSAGE**

On behalf of the Wellington Shire Council, I am proud to present the Council Plan 2021-25. This document responds to the opportunities in front of the Wellington community in the coming years, as well as the challenges we face.

The Council Plan sets the strategic actions, priorities, and key projects for Council to deliver over the next four years. It was developed with significant community consultation during 2021 and aligns with the long-term goals the community have expressed in the Wellington 2031 Community Vision.

The Council Plan centres around five priority areas:

- Climate change
- Economy in transition
- Partnering with Gunaikurnai
- Sustainable population growth and housing choice
- Better access to key services

Wellington Shire Council has identified Climate Change as our number one priority, recognising that temperature increases, lower rainfall, more frequent bushfires, more intense flooding, and sea level rises will have a significant impact on our community.

The Council Plan has a focus on attracting new industry, particularly renewable energy, and

facilitating growth in our major towns. Equity and access to services across all parts of our population are also highlighted in a range of initiatives within the plan.

The four Strategic Directions define the actions Council will take to achieve these and other community priorities. They are centred under the headings of:

- Environment and Climate Change
- Economy and Sustainable Growth
- Liveability and Wellbeing
- Services and Infrastructure

These priorities and Strategic Directions will keep us focused on our regional advantages and community aspirations. This Council Plan will provide Council, its staff, key partners and stakeholders and the community with a clear line of sight from the 2031 Community Vision to daily action. We will report our progress back to the community through regular Council Reports in addition to the Annual Report.

I thank the community members who have helped to shape this plan. My fellow Councillors and I look forward to sharing our progress with you as we work with the community to achieve the outcomes of this plan over the coming four years.

#### What is a Council Plan?

The *Local Government Act 2020* requires Council to work with the community every four years to develop a new Council Plan. The 2021-25 Wellington Shire Council Plan identifies priorities for action and key projects to be delivered in the next four-year period and beyond.

The Council Plan does not contain the 'business as usual' work that Council does every day providing key services to our community. This includes planning and building services, waste management, road management, local laws, emergency management and recreation and community services. A list of Council's key functions can be found at the back of this plan.

The Council Plan also does not contain the budget and strategic resource projections. These are found in Council's long-term Financial Plan 2021/22 - 2030/31.

#### How did we develop the Council Plan?

We undertook significant internal and external consultation with community, government, and business stakeholders to understand the key needs and priorities to be addressed in the next four years. As a part of this process, we reviewed the Wellington 2031 Community Vision which is the community's long-term hopes for the future of our Shire. The 2031 Vision was developed in 2017 and we reviewed the last four years of delivery against it to check if it needed updating for the future.

During early 2021 Council asked the community their thoughts about what has been successful, what still needs work and what new challenges or opportunities have emerged since 2017. Over 1,100 community members joined the conversation via Your Wellington, Your Say, community meetings, workshops, and the annual Community Satisfaction Survey during the initial consultation phase. We collated the feedback and used this information to renew the Wellington 2031 Community Vision and develop this new Council Plan.

The draft Council Plan was released for stage 2 consultation in mid-2021 and overall the feedback received was positive and supportive. Suggestions from community members and key partners and stakeholders were used to make a range of changes to the initiatives and key projects so that they better reflected community and partner organisation expectations.

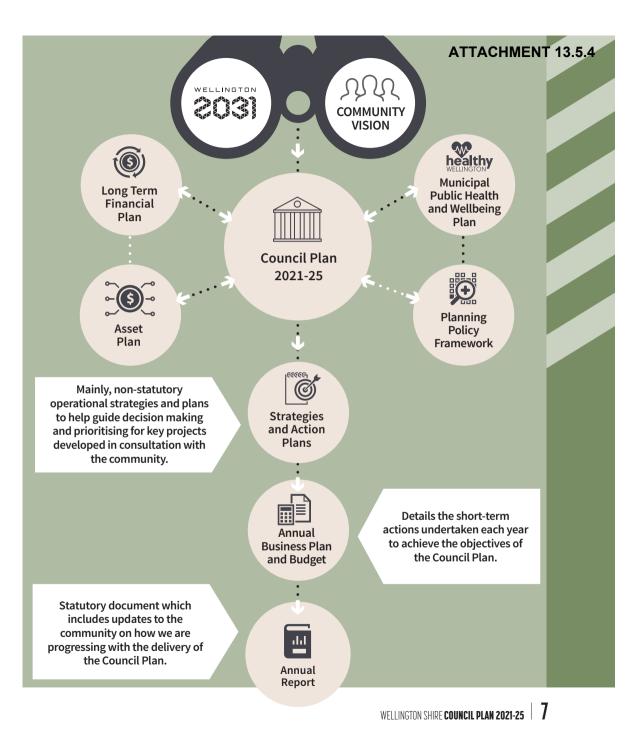

# How does the Council Plan fit in with Council's Strategic Planning?

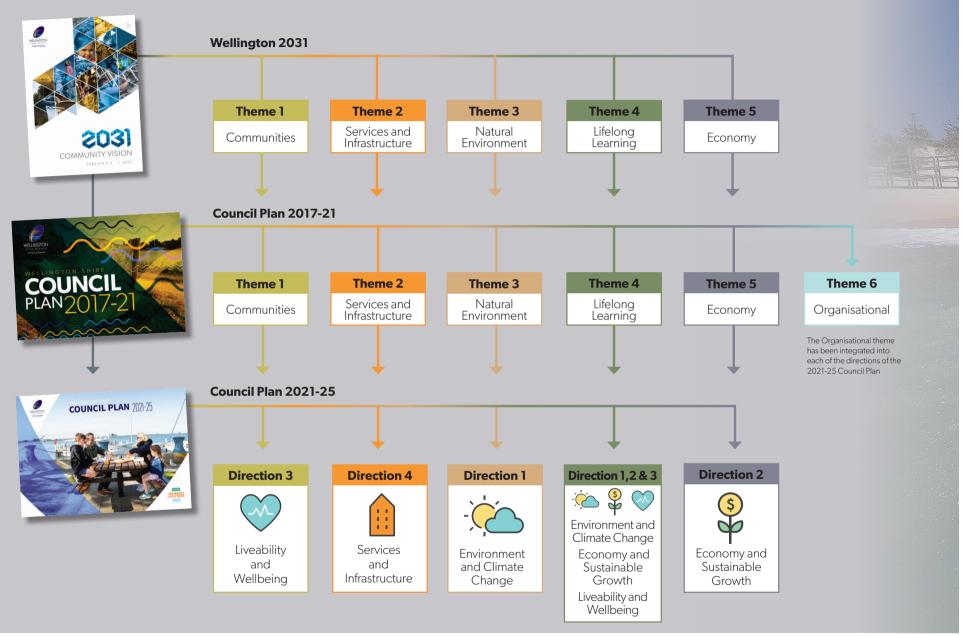

The Wellington 2031 Community Vision details the long-term vision for Wellington Shire Council for the next ten-year period. It is an overarching strategy that guides planning, leadership, decision making and expectations about the municipality into the future. The Council Plan 2021-25 details the four-year objectives, projects and priorities to meet the longer-term vision of Wellington 2031.

The Council Plan is underpinned by a ten-year Asset Plan and ten-year Financial Plan. These plans set out the financial and non-financial resources and technical elements required for managing assets to achieve the objectives of the Council Plan.

The Council Plan also provides direction to Council's four-year Municipal Public Health and Wellbeing Plan, known as Healthy Wellington 2021-25. Healthy Wellington 2021-25 aims to provide Council and the community with a strategic framework to integrate community outcomes and health priorities into the work we do. The four health priorities for 2021-25 are: Mental Health, Active Living, Health and Climate Change and Equality. Within this plan, there are key initiatives that are linked to Healthy Wellington 2021–25 planning. These initiatives will be marked with the the information can be found within Healthy Wellington 2021–25.

Council will work in partnership with the community of Wellington Shire to deliver the Council Plan 2021-25. Council will also provide regular updates to the community on how we are progressing through a variety of reporting mechanisms including Council's Annual Report. The Council Plan will be reviewed annually and adjusted for its continuing relevance and in response to changing circumstances, new opportunities and completed actions.

# CHECK IN ON PROGRESS TO CO

The 2017-21 Council Plan identified performance measures that Council would use to determine progress against the community's 2031 Vision during the life of the plan.

The 2021 check in shows that the Wellington community and Council have performed strongly against all measures. These strengths will be carried forward into this current 2021-25 Council Plan. The ongoing impacts of COVID-19 on the economy, community demographics and health and wellbeing may influence our outcomes

In addition to these measures, the updated Wellington 2031 Community Vision contains a section titled 'Our Actions' which highlight significant projects and achievements for the past four years. This, in conjunction with the Annual Report for each year, gives a comprehensive picture of Council's performance.

# HOW TO READ THIS PLAN

The following table outlines the strategic content as required by the *Local Government Act 2020*, section 90, and how we have interpreted each item within this document. We have also included Council's role in delivering the initiatives and priorities.

Local Government Act 2020 s.90 requirements:	Wellington Shire Council Plan 2021-25 terminology:
(a) strategic direction of the Council	Strategic direction
(b) strategic objectives for achieving the strategic direction	What outcomes do we want by 2025?
(c) strategies for achieving the objectives	Existing Council Strategies and Action Plans
(d) strategic indicators for monitoring the achievement of the objectives	Indicators of success
(e) description of the Council's initiatives and priorities for services, infrastructure, and amenity	Key initiatives and priorities to achieve these outcomes. Key projects.

#### Council's role in delivering initiatives and priorities

Provider	Council operates and delivers the service
Funder	Council does not directly provide the service but provides funding for its delivery to the community
Regulator	Council is responsible for enforcing legislative requirements relating to the service
Facilitator	Council doesn't directly deliver the service but promotes or facilitates its delivery
Advocate	Council uses a range of methods to advocate on behalf of the community, depending on the issue. Advocacy can include submissions, regional partnership groups and forums, discussions with Ministers and lobbying.

# MEASURING **OUR SUCCESS**

In each of the four Strategic Directions, we have listed specific indicators to assess whether we have influenced change in the outcome over the four-year period of the Council Plan.

These indicators have been connected to the United Nations Sustainable Development Goals (SDGs). The 17 SDGs are a blueprint to achieve a better and more sustainable future for all. They address the global challenges that we face, including those related to poverty, inequality, climate change, environmental degradation, peace and justice. While we acknowledge that most of our residents fare better than communities in many of our neighbouring developing countries, parts of our community experience poverty and inequality, impacting their health and wellbeing.

We have used the SDGs as measures in this Council Plan in recognition of the fact that our Council Plan, Wellington 2031 and our key strategies contribute to the achievement of the global goals by delivering at the local level. The local level is where the impacts of climate change, environmental degradation, and socio-economic issues are felt most.

While Council has significant ability to influence sustainable outcomes, it cannot do this alone. Every individual, business, community and level of government has a key part to play in our collective journey to increase our resilience in the face of climate change, change the significance of our impact upon the environment and drive for more equitable outcomes for all.

More information about the Sustainable Development Goals can be found at: https://sdgs.un.org/goals

2 WELLINGTON SHIRE COUNCIL PLAN 2021-25

# KEY **PARTNERS**

Each of the Strategic Directions in this plan contains initiatives, or actions, that will be taken to achieve change over the coming four years. In recognition of the fact that Council may not be directly responsible for the outcome or may be working with a range of other groups to achieve change, we have introduced a 'key partners' section to the plan.

Being listed as a key partner means Council plans to work with that group or organisation to bring about the project or initiative. It doesn't commit or hold the organisation to account or require them to change their own priorities or resourcing to achieve the aim.

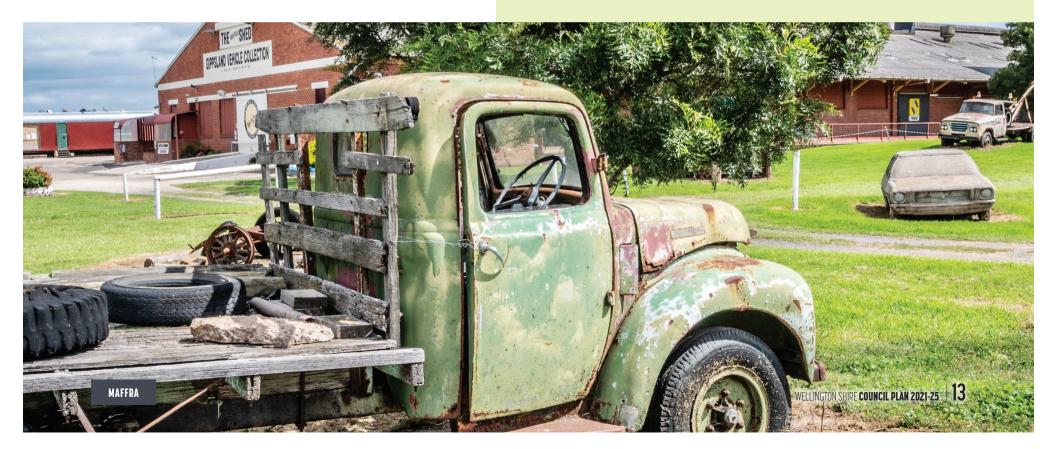

The key partners section is a recognition that partnership and collaboration is a strong way forward, making all of us more likely to see the success we want to bring about.

# STATE AND FEDERAL **FUNDING CONTEXT**

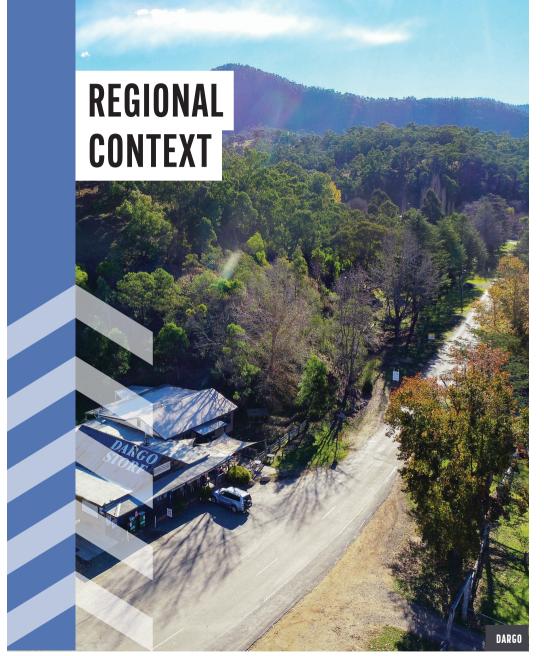

As far as possible, Council will prioritise the initiatives and projects inside this plan for delivery in the next four-year period. However, unforeseen circumstances, including natural disasters or significant changes to industry and jobs, can give rise to other priorities and funding opportunities that must be delivered.

Council acknowledges that State and Federal Government priorities and funding opportunities are often delivered through Local Government. As far as possible, Wellington Shire Council will attempt to match those opportunities to existing Council Plan initiatives and priorities, however funding will not be rejected simply because it does not align with the current Plan.

When a project is funded beyond Council Plan initiatives and priorities, the potential social and economic benefits must be carefully considered, including asset renewal and ongoing maintenance costs in the case of capital funding.

#### ATTACHMENT 13.5.4

Two key plans provide the regional context in which we operate:

**1. Gippsland Regional Growth Plan 2014:** the Victorian State Government growth plan for our region developed in consultation with all stakeholders. Its key elements are embedded into the statutory planning schemes of Councils in the region.

**2. Gippsland Regional Plan 2020-25:** a non-statutory plan developed through collaboration with all levels of Government, business, and education, as well as a wide range of agencies and community organisations.

Much of our future success is dependent upon effective advocacy through strong partnerships including the Gippsland Regional Partnership, our peak regional advocacy body, and One Gippsland. The following are the key regional issues and priorities highlighted by these plans that are particularly relevant to Wellington Shire:

- Effectively addressing **climate change** and mitigating the risks as far as possible.
- Improved **transport services** in particular better frequency and reliability of rail and bus services.
- Improved **digital connectivity** given its importance to our economy and growth.
- Increased diversity, investment, and innovation in **key industries** like food and fibre, health, and a focus on renewable energy.
- Expanding programs and services to care for our most **vulnerable communities**.
- Improved access to quality health and education services.
- Ensuring that **regional infrastructure** of all kinds is in place to enable growth including utilities (water, sewer, drainage etc), road/rail etc.
- Protecting our heritage, both natural and man-made.
- Our low (in some areas) population growth and our ageing communities.
- Promoting **sustainable growth** into major towns ensuring the ability to service the growth with appropriate infrastructure.

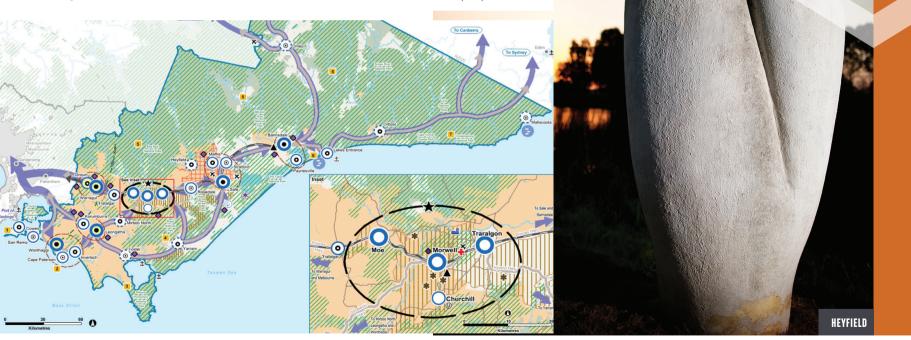

This Council Plan gives rise to initiatives and projects which address each of these regional issues to some extent.

14 WELLINGTON SHIRE COUNCIL PLAN 2021-25

#### Gippsland's game changer priorities

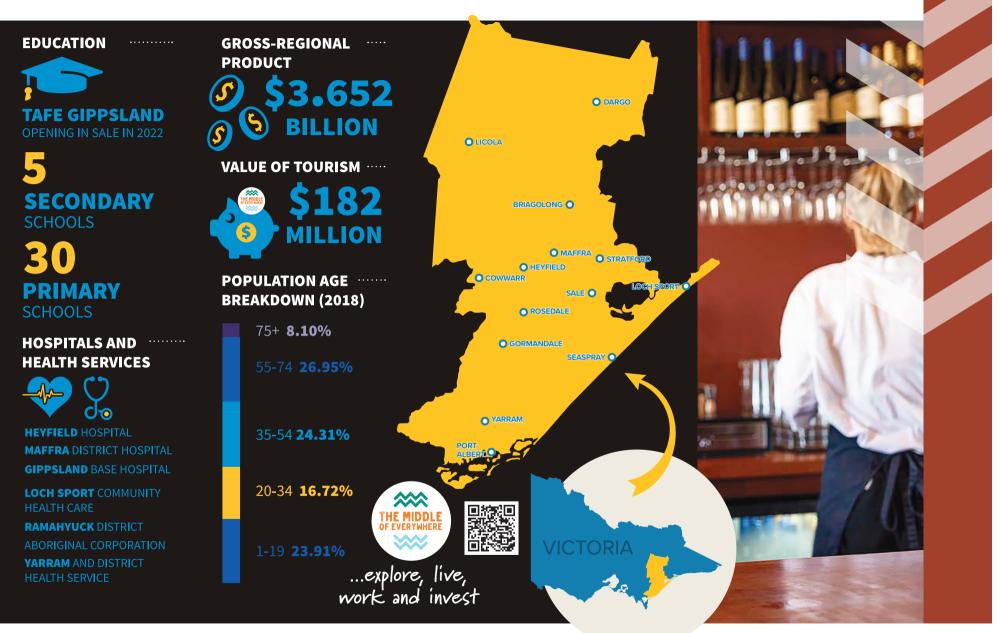

- Increasing digital inclusion throughout Gippsland
- Progressing major transport infrastructure and services to open Gippsland to new business, visitors, and residents:
  - a third Victorian international airport south east of Melbourne
  - expansion of the Port of Hastings
  - more frequent and reliable Gippsland Rail services
- Renewable, clean and community energy initiatives
- Hero tourism destinations and Traditional Owner and Aboriginal cultural tourism

- Encouraging innovation and investment to sustainably grow our key industries:
  - food and fibre
  - new energy
  - health
  - advanced manufacturing
  - knowledge services
- Commercialising carbon capture and storage
- Rehabilitating Latrobe Valley's mines and land
- Expanding programs that support and enable our most vulnerable communities and people

Working together to make a difference.

We listen and lead to provide quality services that improve life for all.

## VALUES

MISSION

The organisation's values guide our behaviour and underpin everything we do. Our values help us achieve our vision and improve the quality of the services we offer to our community.

- **Cooperation:** Working together, teamwork, collaboration and being solution oriented.
- **Integrity:** Acting with respect, honesty, reliability, trust, tolerance and understanding.
- **Balance:** Demonstrating fairness, equity, and flexibility. Considering work-life balance, and balancing community needs against resources.
- **Professionalism:** Personal development and meaningful work, being competent, innovative, and courageous, focusing on excellence and continuous improvement.
- **Sustainability:** Going above and beyond to demonstrate commitment to leading sustainable practices and encouraging and supporting others to do the same.

# EMERGING OPPORTUNITIES

### **CLIMATE CHANGE**

- 2 ECONOMY IN TRANSITION
- PARTNERING WITH GUNAIKURNAI
- **4** SUSTAINABLE POPULATION GROWTH AND HOUSING CHOICE

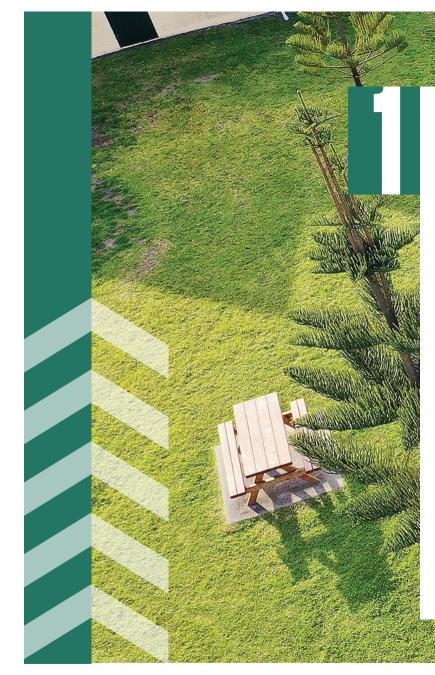

### **5** BETTER ACCESS TO KEY SERVICES

We have identified five overall opportunities and challenges that will have a significant influence on our prosperity and wellbeing in the next four years. Each of these areas has a set of priorities that will be given precedence for resourcing and action in this Council Plan. Climate change is the number one challenge/opportunity and priority for the 2021-25 Council Plan.

Throughout this plan we will place people at the forefront of decision making, looking at how each of these challenges and opportunities affect the people in Wellington Shire.

LOCH SPORT

**ATTACHMENT 13.5.4** 

## **CLIMATE CHANGE**

Climate change is the biggest challenge and priority facing the Shire. At the current emission levels, future impacts on our people will be significant. We have already experienced long-term temperature increases (between 1 and 1.2 degrees Celsius since 1950), more bushfires, lower than average annual rainfall (between 100-200 mm and up to 200-300 mm in the high country), increased droughts, more intense flooding, and sea level rise (between 0.1 to 0.2 m above the 1986-2005 level).

The agricultural sector is the backbone to the Shire's economy, providing prosperity for our towns and communities. The loss of fertile soil during drought negatively impacts fertility, stock carrying capacity, productivity, and farm viability. With Gippsland fast developing a name as Victoria's food bowl, a key opportunity lies in strengthening our farming sector to be resilient and to take advantage of climate change innovations such as regenerative agriculture, carbon capture and bioenergy.

Wellington Shire is home to the Gippsland Lakes, one of 12 Ramsar wetlands of international importance in Victoria. Low-lying areas near rivers and coastlines will experience increasing risk of inundation due to global warming. Once the State Government has finalised their position on coastal inundation Council will proactively work with coastal communities to prepare plans for vulnerable areas. Sea level rise will be a consideration in our asset plans given the public investment in infrastructure that exists in coastal settlements.

In a similar way Council will work with communities in high-risk bushfire areas to be more resilient. Human

health and wellbeing impacts caused by disruptive weather patterns and increasing temperatures will drive a need for Council's involvement. Council will also role model and lead best practice climate change mitigation. This will mean significantly lifting Council's carbon reduction performance to meet our 2040 netzero emissions target.

ATTACHMENT 13

Victoria's Climate Change Strategy recognises that local councils and communities across Victoria play a crucial role in our collective response to climate change. Wellington Shire Council's approach to the challenge of climate change will vary between proactively *acting to mitigate* (lessen) environmental changes, *responding* to situations and emergencies as they arise, and *adapting* to a new climate reality.

### PRIORITIES

#### The following are the priorities for addressing this number one challenge:

- Become one of the leading best practice renewable energy and sustainability hubs in Australia.
  - Use our region's competitive advantage in access to energy transmission capacity and energy related workforce to drive uptake of large-scale renewable energy.
  - Investigate community-owned decentralised energy (renewable energy capture and storage and bioenergy) and advocate for take up of household solar PV.
- Work with key partners to deliver the Gippsland Regional Climate Change Adaptation Strategy and Victoria's Climate Change Strategy priorities, where applicable to Council.
- In line with the State Government's new Marine and Coastal Strategy and spatial planning

framework, reconsider flood planning provisions within the Wellington Planning Scheme (known as Amendment C99) to reduce risks of flooding and coastal inundation as sea levels rise. Engage with the community to help them understand and respond to future risks.

- Integrate organisation-wide implementation of the climate change aspects of Council's Sustainability Strategy 2020-24, Healthy Wellington Strategy 2021-25 and Planning Policy Framework including our net zero carbon emissions target by 2040.
- Advocate for investment to increase water security and assist farmers in a warmer, drier climate.
- Meet the 2040 net zero emission target for our corporate emissions and work with community to set targets for community emissions. Use our roadmap to enable Council to significantly lift our performance to achieve our 2040 target.
- Help our businesses and communities

understand their exposure to climate change risk and build their sustainability and resilience to both physical impacts and economic shocks, including those that result from increased emergencies.

## ECONOMY IN **TRANSITION**

Our people have been subject to multiple economic shocks including the Hazelwood power station closure, a prolonged drought, bushfires and more recently COVID-19. Traditional industries like oil are in decline and native timber harvesting will shortly cease under current State Government policy. There is great opportunity to diversify and transition our economy to encourage job growth and take advantage of several exciting sunrise (growth) industries, the best prospect being the renewable energy industry.

The health care and social assistance sector is the largest employer in Wellington Shire, while agriculture, forestry, defence, oil and gas industries have been the backbone of our economy. All face significant challenges due to climate change. Agriculture's biggest challenge is ongoing droughts combined with fluctuating prices, especially in the dairy sector. The State Government's policy of phasing out native timber harvesting by 2030 is another big challenge to our region and the oil industry has been in long-term decline as production dwindles.

Given these trends and the recent economic shocks there is a need to diversify our economy to establish greater economic resilience and encourage job growth and ongoing liveability. Sunrise industries in Wellington Shire will assist with the transition of our economy, the largest of which is renewable energy. Our region has clear renewable energy advantages; land for installations, an abundance of wind/biomass, a shallow seabed for wind turbines and our proximity to the Latrobe Valley power transmission capacity.

Multi-billion-dollar off-shore wind energy projects and a major solar energy project have the potential to transform the economy and bring increased prosperity to communities in the southern part of Wellington Shire. This is aligned with both the Council and State Government's priority around climate change and policy position of being carbon neutral (by 2040 and 2050 respectively). Gippsland has been designated a renewable energy zone and multiple wind/solar projects are already planned alongside a renewable energy academy.

ATTACHMEN

Other growth industries include the relatively new poultry industry, the continued East Sale RAAF Base upgrades as the Australian military air academy, the growth in domestic tourism driven by COVID-19 restrictions and the reactivation of the visitor economy after the 2020 bushfires and the Macalister Irrigation District modernisation for intensive horticulture. There is also significant opportunity in the National Disability Insurance Scheme (NDIS) rollout. In 2018/19 NDIS participants had only spent \$8.4 million of the \$17.3 million in total allocated to plan supports for participants residing in Wellington Shire. This underspend was due to the lack of services available, with Wellington Shire considered an area of high need for more services and workers. An ageing population will further increase this need.

'The Middle of Everywhere' brand and campaign will continue to lift the profile of the Shire as a place to explore, live, work, invest and do businesses.

### PRIORITIES

#### The following are the priorities for addressing these challenges and opportunities:

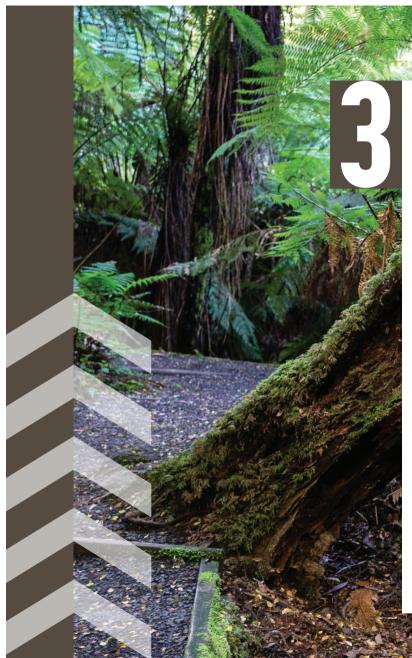

- Actively facilitate and advocate for growth industries that will create new jobs, diversify our economy to make it more resilient and assist with smooth transitions between industries. This includes:
  - advocating for expediting the Gippsland renewable energy zone transmission infrastructure
  - proactively developing a Renewable Energy Readiness strategy for the southern part of Wellington Shire to take full advantage of the major proposed solar/wind projects, including the provision of battery storage
  - advocating for and incentivising the adoption of agricultural systems, including regenerative agriculture, across our farming community to increase resilience and profitability
  - working with partners like Southern Rural Water to maximise yield from the Macalister Irrigation District, including opportunities for expansion
  - increasing diversion of organics from landfill
  - maximising local spending from the ongoing RAAF presence and major upgrades
  - industry mapping to support business transition into the new energy sector
  - investigating new closely aligned manufacturing and processing businesses for our rapidly expanding poultry industry and other intensive agriculture opportunities

- attracting medical, allied health, NDIS and My Aged Care providers to service our people's needs.
- Continue to actively promote Wellington Shire as a place to explore, live, invest, play and to do business particularly through our flagship 'The Middle of Everywhere' campaign and the Wellington Shire Investment Prospectus. This requires strong partnerships with:
  - our local Business and Tourism/ Traders Associations to encourage buy local and placemaking.
  - Destination Gippsland and Central Gippsland Tourism to attract visitors.
  - the Committee for Wellington to provide advocacy.
- Lobby the State Government to reverse or soften their policy on native timber transition and concurrently plan for this transition and seek to position Wellington as a key location for new softwood and hardwood plantations.
- Prioritise the implementation of the Port of Sale Masterplan (PoSM) given its significance in attracting Shire-wide new business, investment, events, visitors, and residents.
- Ensure our major townships have adequately zoned land and infrastructure to attract and retain new business.

## PARTNERING WITH **GUNAIKURNAI**

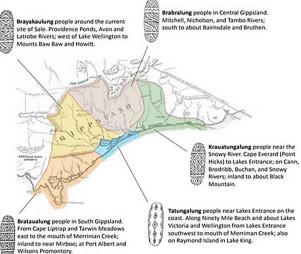

The land, air, and water (the climate) are fundamental to life, health, wellbeing, and survival. The Gunaikurnai have long recognised that they are sustained by Country, through the water, food, medicines, and materials it provides. Our challenge is to change our thinking to harness this fundamental wisdom. Developing a strong relationship and partnership with the Gunaikurnai people and other traditional landowners is vital to achieving our common environmental, cultural, social, and economic objectives.

The Gunaikurnai people are recognised as the traditional owners of approximately 1.33 million hectares in Gippsland. Gunaikurnai country extends well beyond Wellington Shire boundaries including coastal and inland areas of the southern slopes of the Victorian Alps. The Gunaikurnai Land and Waters Aboriginal Corporation (GLaWAC) represents traditional landowners and are the appointed Registered Aboriginal Party in our Shire.

There are a wealth of Aboriginal cultural places, artefacts, stories, and history within Wellington Shire. Some of the key places are jointly managed by GLaWAC including The Knob Reserve at Stratford and the Gippsland Lakes Coastal Park. In recent years, contested accounts and monuments relating to historical events have impeded positive engagement with our community, however, there is a mutual commitment to build a strong relationship and partnership with Gunaikurnai people and organisations. This is evidenced by partnership projects underway including:

• cultural and water-based tourism business opportunities

- the development of strategic land that is subject to Native Title entitlements in the Port of Sale Precinct
- the joint approach to the proposed Environmental Education Centre adjacent to Lake Guyatt in Sale.

Source: GLaWAC Whole of Country Plan

### PRIORITIES

### The following are the priorities for addressing this opportunity:

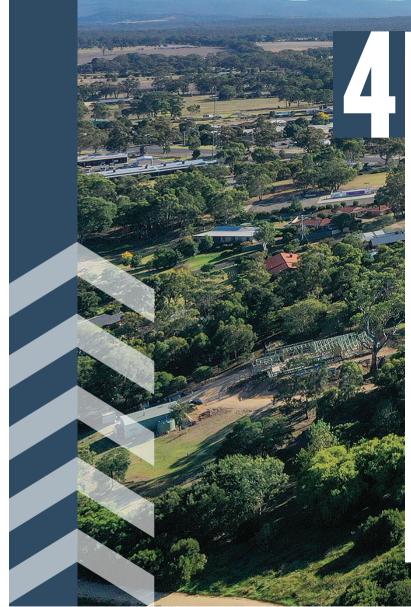

• Continue to develop tangible outcomes for both Council and Gunaikurnai from the various cultural, environmental, and economic partnership projects that have been commenced including the Port of Sale masterplan joint economic initiatives. GUNAIKURNAI (REATION STORY

FIVE (LANS

- Council will develop, adopt, and implement a Reconciliation Action Plan (RAP). Australia wide, RAP's are the best practice way of lifting awareness, understanding and commitment to the reconciliation process. They are also an effective way of facilitating agreement on initiatives to enhance community, economic and cultural outcomes for traditional owners and other Aboriginal people in our community.
- Work in partnership for the implementation of the GLaWAC Whole of Country Plan as it aligns with Council's areas of influence. The most significant connections are in the spaces of:
  - Goal 1: A strong, healthy, happy mob
  - Goal 2: Healthy Country
  - Goal 4: Respect as Traditional Owners of our Country; and
  - Goal 6: Economic independence

TARRA-BULGA NATIONAL PARK

## SUSTAINABLE POPULATION GROWTH AND HOUSING CHOICE

Increasing our population growth and securing greater housing choice has ripple effects right across our economy and community. Increased population improves the prosperity of our businesses and greater housing choice is important for our ageing and vulnerable people.

Wellington Shire has a relatively low population spread over several small towns inside the third largest Shire by area in the State. The Shire's annual

population increase has been consistently lower than the Victorian regional average for at least the last decade (below 1%). This has not been evenly distributed; Sale, Stratford, Maffra, and Rosedale have had increases above 1% while Heyfield and Yarram are below 1%. The Shire's population is also ageing with a significant increase in people over 60 years of age.

#### Wellington Shire has a very

high standard of open space, and community and sporting facilities. Given this high amenity, we have the capacity to increase our population. The prosperity and viability of our dispersed community facilities and businesses would be increased with greater population growth. The key is ensuring there is sufficient housing stock. Many of our towns across Wellington Shire have a housing shortage, both in terms of new house lots and rental/ homeowner dwellings. This is due to a variety of factors present

in much of regional Victoria including relatively low lot prices and infrastructure constraints.

'The Middle of Everywhere' campaign has focussed on lifting the awareness to potential new residents of the amazing liveability, lifestyle, and public facilities in our area. Our acute housing shortage reduces the effectiveness of our new resident/business marketing campaigns which will lead to loss of discretionary local spending as people are forced to live outside the Shire. Looking after our increasing aged population will put

pressure on our health, public transport, and social services. In addition, there is a shortage of modern independent retirement villages.

Wellington Shire has a relatively small rating base for the facilities and services it provides over a large area. Increasing our population will help 'grow the pie' of our rating base to better service the community.

### PRIORITIES

#### The following are the priorities for addressing these challenges and opportunities:

- Develop and implement a Shire-wide combined Growth Management and Economic Development Strategy. These subjects are inextricably linked. Attracting new business and investment is dependent upon the growth of our towns including the provision of housing.
- Work with partners like Housing Victoria to ensure our key towns have adequate stock of both affordable housing and social housing.
- Implement the outcomes of the residential growth assessment and stocktake including the unblocking of critical infrastructure constraints such as trunk stormwater drainage, which impacts all towns in Wellington given their predominantly flat nature. There is also a need to lobby service providers for improved sewer, water reticulation, phone and internet, and gas in key communities.
- Continue to promote the liveability and high amenity

- of the Shire via 'The Middle of Everywhere' campaign and the investment opportunities identified in the Wellington Shire Investment Prospectus.
- Deliver on the Healthy Wellington 2021-25 strong focus on meeting the health and wellbeing needs of the community, including addressing barriers to accessing community, social and health services.

## ACCESS TO **KEY SERVICES**

Resilience levels in our community have been impacted due to the combined effects of drought, fires, flood, and COVID-19. Improving access to education, public transport, health, and internet services is critical to our ability to attract new residents, retain our youth and enhance the wellbeing of our ageing and vulnerable people.

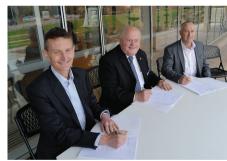

With the TAFE Gippsland campus at Port of Sale due to open in early 2022, we will work with TAFE Gippsland on vocational course offerings suited to our changing economy's needs. We must also ensure that tertiary students and young people who want to live locally have a well-established and promoted study facility in our area.

In the early years' education space, Council will need to respond to the expected

provision of 15 hours of 3-yearold kinder by 2029. This, as well as demand for long day care services, will require Council to lead early years infrastructure development and improved kindergarten service delivery models.

Little to no provision of public bus services from our smaller

towns hinders those needing to access major towns in the region for school, work, and health appointments. Limited public train access prohibits residents from accessing more specialised health appointments, higher education options and employment opportunities.

The overarching issue for health services is the shortage of doctors and allied health practitioners such as speech therapists, medical and paediatrics specialists, and mental health workers. This is particularly acute in Yarram given its relative isolation, doctor shortage and limited public transport. Access to health services has increasing importance given our ageing population, challenges around public transport and the combined impacts of multiple emergencies in

our region.

Council will also need to respond to the implications of Federal Government system reforms for Home and Community Care and assess how best to support an ageing population with coordination of access to aged care and in-home services.

Internet services require significant improvement given the large number of mobile blackspots, the digital skill shortage and poor NBN capability and reliability. This has become particularly relevant with the potential 'working from home' migration out of Melbourne to the regions.

### PRIORITIES

### The following are the priorities for addressing these challenges and opportunities:

- Given these services are generally provided by State and Federal Governments, strong partnership and advocacy to the service providers and via local State and Federal members of Parliament must be a priority. This includes advocating for:
  - increased number of train services into Melbourne from Sale
  - improved bus services and connectivity into Sale from smaller towns
  - increased health specialists and allied health practitioners
  - a single Sale College campus
  - TAFE courses that match our changing economy's needs
  - improved digital connectivity and literacy, particularly among vulnerable community members.
- Prioritise the delivery of projects that address the Healthy Wellington 2021-25 pillars of mental health, active living, equity (including prevention of family violence), and the human wellbeing impacts of climate change. Key projects include:
  - Investigating gaps in service provision for vulnerable community members, reviewing

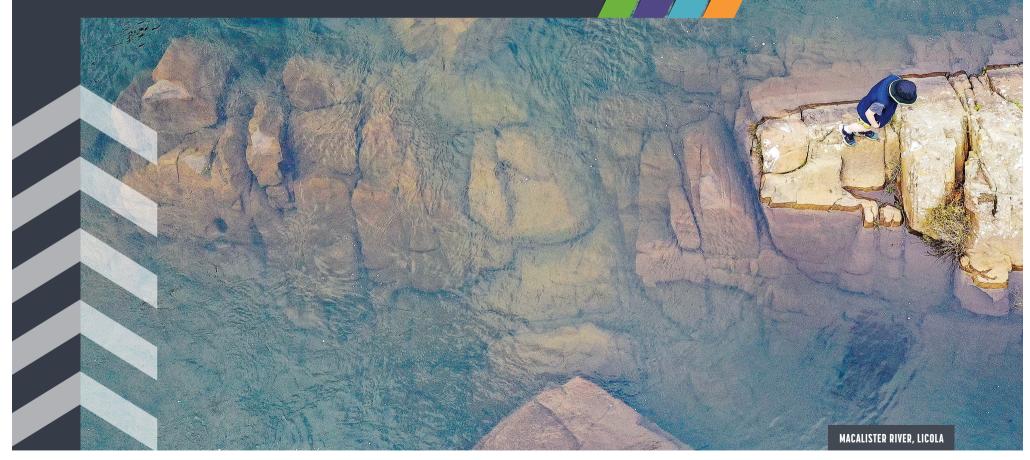

options and determining Council's future role.

- Commitment to delivery of the Living Well during COVID-19 plan which addresses social and economic impact of living through the COVID-19 pandemic.
- Assist in recruiting and attracting health specialists and health industry workers by promoting the attractive lifestyle through 'The Middle of Everywhere' campaign, facilitating increased childcare in key areas, and helping to establish a new resident relocation service.
- Promote the Sale Business Fibre Zone.
- Work with partners to deliver a tertiary study hub.
- Through a Memorandum of Understanding with Federation University and TAFE Gippsland, explore and implement innovative ways of improving tertiary, certificate, and training pathways for Wellington students.
- Prioritise programs and actions that encourage positive ageing in our community so that people can remain independent for longer.
- Identify key early years infrastructure and service needs and lead the required development

# STRATEGIC DIRECTIONS

# 14. GENERAL MANAGER DEVELOPMENT

### 14.1. PORT OF SALE MASTERPLAN REVIEW

#### ACTION OFFICER: MANAGER LAND USE PLANNING

#### PURPOSE

The purpose of the Report is for Council to:

- consider the submissions received in response to the public exhibition of the draft Port of Sale Masterplan Review, as exhibited between 15 March and 19 April 2021 and the recommended changes (Attachment 1 to this Report);
- formally adopt the 'Port of Sale Masterplan Review (September 2021)' (Attachment 2 to this Report) and support the retention of the existing boat slipway;
- endorse the establishment of a 'Port of Sale Precinct Steering Group' including two Councillor Representatives, as recommended in the 'Port of Sale Masterplan Review (September 2021)'; and
- endorse the retention of the boat slipway and the progression of the upgrade works to the moorings along the west bank of the Port of Sale including the provision of a new walkway, finger jetties and sea wall.

#### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

#### RECOMMENDATION

#### That Council:

- 1. Consider the submissions received in response to the draft 'Port of Sale Masterplan Review', as exhibited between 15 March and 19 April 2021 and the recommended staff changes (Attachment 1);
- 2. Adopt the 'Port of Sale Masterplan Review (September 2021)' (Attachment 2) as amended by the recommended changes in Attachment 1 including supporting the retention of the existing boat slipway;
- 3. Endorse the establishment of a 'Port of Sale Precinct Steering Group' including appointing two Councillor representatives to participate on the Steering Group, as recommended in the 'Port of Sale Masterplan Review (September 2021)'; and
- 4. Endorse the completion of the design and construction of the moorings upgrade works along the west bank in line with the masterplan and adopted budget – including the provision of a new walkway, finger jetties and sea wall.

#### BACKGROUND

The Port of Sale lies within the historical centre of the town and is located at the northern end of a man-made canal, which connected water-borne transport to Sale and is part of a network of natural waterways and lakes south of the existing town centre.

The demise of canal transport led to the gradual decline of the Port Precinct and the relocation of the town centre further north to the retail hub around Raymond and Cunninghame Streets.

In more recent times, initiatives, including the development of 'The Wedge' and redevelopment of the 'Wellington Centre', have reinvigorated the Port Precinct with the creation of a high-quality destination that offers a range of experiences related to the visual and performing arts, passive recreation and markets for locals and visitors.

Yet there is still considerable opportunity to further enrich the Precinct with new uses, spaces and activities.

On this basis, a review of previously prepared Masterplans for the Port Precinct was commenced in August 2020 to update and take account of the current economic, social and environmental conditions within the Precinct area. Key objectives of the review included:

- A reassessment of the current Port of Sale Precinct Masterplan, and its relationship with other (near-by) key strategic sites;
- An assessment of the extent to which the Port of Sale Precinct could leverage off existing facilities and its broader surroundings;
- Opportunities to better activate and connect the public realm and public open spaces within and around the Precinct; and
- Options / arrangements for the formal management of the Precinct in a coordinated and integrated way.

The review process has built on earlier master planning work, consulted widely with stakeholders and provided concepts and options for the management and redevelopment of the Precinct. The final revised Masterplan now provides a refreshed approach to the future (re)development of the Precinct, based on a new vision, which is:

'To develop a vibrant precinct that attracts residents, welcomes visitors, provides an attractive setting for businesses, and celebrates the culture and heritage unique to the precinct.'

The key underlying principles that inform the urban design elements of the revised Masterplan include the following:

- *Context* considering the role of the Precinct in relation to the existing town centre and its relationship with other near-by key strategic sites;
- Connectivity ensuring easy movement within and around the Precinct area and its locality;
- Identity drawing on the location/historic significance of the Precinct;
- *Legibility* providing the ability for people to navigate around the Precinct and drawon its characteristic features within the existing built form;
- Vitality creating spaces and uses that attract people;
- *Diversity* designing multifunctional public spaces to accommodate a range of events and experiences.

Proposed key elements include three new public spaces, two new pedestrian and cycling bridges. A network of walking / cycle paths which will connect these spaces and elements, and link the precinct more strongly to the CBD and Lake Guthridge. Along the canal these connections take the form of boardwalks.

A mixed-use development is proposed for the former schools site to enrich the liveliness and offer of the Precinct. Ideas for events and elements to activate the public spaces are also provided.

The final Masterplan review is included as Attachment 2 to this report.

#### Consultation

In response to feedback received during the public exhibition period held between 15 March and 19 April 2021; a number of changes were made to the Masterplan (see **Attachment 1**). Likewise, informed by discussions held during several Councillor Workshops and a site visit to the Port Precinct, further revisions were incorporated into the final Masterplan, including:

- the renaming of the 'Market Site' to 'Recreational Uses and Market Site';
- deletion of the reference to the possible relocation of the Sunday Market;
- consolidation of facilities to accommodate rowing clubs at the Recreational Uses and Market Site; and
- strengthened reference to the options interpretation.

#### West Bank Upgrade Works

The Port of Sale Mooring Access Project was initiated in response to opportunities to improve access to moored vessels via new finger jetties, improving the amenity given proximity and visual access from key facilities located around the port and to activate passive recreation through the extension of walkways.

Development of the western side of the Port of Sale has long been recognised as an important component of the Precinct given existing recreational boating use and potential for new development as outlined within the Masterplan. On this basis, the upgrades proposed will compliment and contribute to the overall aspirations of the Port.

As a result of detailed discussions with the Sale Boat Club, Council officers and Councillors, it is recommended that the existing boat slipway remains in its current location, and not be relocated.

#### OPTIONS

Council has the following options available:

- 1. That Council:
  - consider the submissions received in response to the public exhibition of the draft Port of Sale Masterplan Review, as exhibited between 15 March and 19 April 2021 and the recommended changes (Attachment 1 to this report);
  - formally adopt a final Port of Sale Masterplan Review (September 2021) (Attachment 2 to this report) and support the retention of the existing boat slipway;

- endorse the establishment of a 'Port of Sale Precinct Steering Group' including two Councillor Representatives, as recommended in the Port of Sale Masterplan Review (September 2021); and
- endorse the progression of the upgrade works to the moorings along the west bank of the Port of Sale – including the provision of a new walkway, finger jetties and sea wall.
- 2. That Council:
  - not consider the submissions and recommended changes received in response to the draft Port of Sale Masterplan Review, as exhibited between 15 March and 19 April 2021 (Attachment 1 to this report);
  - not adopt the final Port of Sale Masterplan Review (September 2021) (Attachment 2 to this report) or support the retention of the existing boat slipway;
  - not endorse the establishment of a 'Port of Sale Precinct Steering Group' including the nomination of two Councillor Representatives to participate in the Steering Group, as recommended in the Port of Sale Masterplan Review (September 2021), and
  - not endorse the progression of the upgrade works to the moorings along the west bank of the Port of Sale – including the provision of a new walkway, finger jetties and sea wall.

#### PROPOSAL

That Council:

- consider the submissions received in response to the public exhibition of the draft Port of Sale Masterplan Review, as exhibited between 15 March and 19 April 2021 and the recommended changes (Attachment 1 to this Report);
- adopt the final Port of Sale Masterplan Review (September 2021) (**Attachment 2** to this Report) and support the retention of the existing boat slipway;
- endorse the establishment of a 'Port of Sale Precinct Steering Group' including the nomination of two Councillor Representatives to participate in the Steering Group, as recommended in the Port of Sale Masterplan (September 2021), and
- endorse the progression of the upgrade works to the moorings along the west bank of the Port of Sale – including the provision of a new walkway, finger jetties and sea wall.

#### **CONFLICT OF INTEREST**

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

#### FINANCIAL IMPACT

This impact has been assessed and there is no effect to consider at this time. Adoption of the Port of Sale Masterplan Review document will not incur any financial obligations on Council.

Works associated with the proposed upgrades to the west bank of the Precinct are currently budgeted for.

#### **COMMUNICATION IMPACT**

An appropriate level of consultation/communication with all key stakeholders is considered to have been undertaken in the preparation of the Port of Sale Masterplan Review.

#### LEGISLATIVE IMPACT

This impact has been assessed and there is no effect to consider at this time.

#### COUNCIL POLICY IMPACT

This impact has been assessed and there is no effect to consider at this time.

#### **COUNCIL PLAN IMPACT**

The Council Plan 2017-21 Theme 1 Communities states the following strategic objective and related strategy:

**Strategic Objective 1.3:** "Strengthen community identity by promoting our heritage and history and appreciation for small town rural living."

<u>Strategy 1.3.1</u>: "Recognise, celebrate and promote the diverse shared heritage and history of Wellington Shire."

The Council Plan 2017-21 Theme 2 Services & Infrastructure states the following strategic objectives and related strategies:

**Strategic Objective 2.1:** *"Council services and infrastructure are responsive to identified current and future community needs within budgeted parameters."* 

<u>Strategy 2.1.2</u>: "Provide access to a diverse range of recreational opportunities for all sectors of the community."

**Strategic Objective 2.2:** *"Council assets are responsibly, socially, economically and sustainably managed."* 

<u>Strategy 2.2.3</u>: "Continue to maintain and enhance Council's built environment for public amenity and long-term sustainability."

Strategy 2.2.4: "Recognise and protect our built heritage assets."

**Strategic Objective 2.3:** *"Wellington Shire is well planned, considering long term growth and sustainability."* 

<u>Strategy 2.3.1</u>: "Continue to provide strategic planning to encourage long term growth and sustainability in Wellington Shire."

This report supports the above Council Plan strategic objectives and strategies.

#### **RESOURCES AND STAFF IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **COMMUNITY IMPACT**

The implementation of the recommendations of the Port of Sale Masterplan Review will create a vibrant precinct that attracts residents, welcomes visitors, provides an attractive setting for businesses, and celebrates the unique culture and heritage associated with the Port.

#### **ENVIRONMENTAL IMPACT**

Any environmental risks associated with the operation of the existing slipway at the Port will continue to be addressed through mechanisms other than the Masterplan Review.

#### **ENGAGEMENT IMPACT**

Given the restrictions associated with COVID-19, consultation on the project was carried out through several video-conferencing sessions. Wellington Shire Council staff, Councillors and a total of 53 external stakeholders participated in virtual discussions. These included business/commercial stakeholders, community stakeholders and statutory agencies.

Draft documents were also made available to view in hard copy at Council premises and electronically through the '*Your Wellington Your Say*', website during the period of public exhibition.

#### **RISK MANAGEMENT IMPACT**

This impact has been assessed and there is no effect to consider at this time.

# Port of Sale Precinct Masterplan Review Submissions and Proposed Responses to Draft Exhibition

Submission	Key	Proposed	Changes/Revisions
No.	Issues	Officer Response	
1.	<ul> <li>The Dragon Boat Club has a membership of approximately 30 and are getting enquiries every week. Currently it draws members from Drouin and the Latrobe Valley to the west and Eagle Point to the east as well as more locally such as Rosedale, Maffra, Longford etc .</li> <li>Predicted to continue to grow with no club facilities of any type. Currently there are 3 dragon boats on trailers plus approx. 20-30 PFDs, 20+ paddles and other assorted gear which are needed to conduct activities, and currently these are all being stored at home locations. This is not sustainable in the long term. The boats cost in excess of \$12,000 each to buy new so need to be stored under cover eventually to prevent deterioration, plus the other gear needs to be stored under cover as well. In the event of the removal of the existing slipway, alternative (environmentally managed) facilities are proposed in the Precinct Masterplan, which would ensure the safe and continued operation and functioning of this important activity within the Port. Importantly, this view has a long perspective, but if a bridge were put in across the canal that would be lost, and the view would be spoiled. The bridge would cut the Port off from the river, making it seem separate. It may also impede access for some boats or reduce the appeal for boating.</li> <li>I think the other proposed foot bridge across the canal at the western end is a good idea, although I do not know what impact this will have for the boats. It may be better to widen the existing bridge, which already has a pedestrian path, but rather a narrow one, particularly for bikes.</li> </ul>	<ul> <li>Comments noted.</li> <li>The proposed pedestrian bridges (<i>p.31; Items 1 &amp; 2, Fig.4-11</i>) are an integral component of the walking/cycling network and intended to provide a greater level of connectivity around the Port Precinct. "make it and they will come" does not work when locally there is no open studios, no Rotary art show, no Art Society, and just numerous small parochial cliques. RAV actively provides funding for entertainment, one off artist grants and generally what is termed "community therapy." A cost benefit analysis is needed before including or encouraging resources to this end.</li> <li>Encouraging more activity in the southern end of Raymond Street need investigating, because a lot of businesses there are legal offices that will only operate in business hours. We wondered where the shops were and guessed they may be further in somewhere. Then the corner of Lake Guthridge, a view of the place and we were on our way. The building seems to hide the beautiful Port from visitors, then there are speed bumps on the road the other way around it. It is a very nice area; maybe better signage would assist or some kind of a marker or diversion so visitors will drive through it. It was not until we actually stayed in Sale that we discovered more about the place.

The existing education space within the gallery is also quite small so I am sure it would be well used/shared.</li> <li>The precinct could also be a possibility for the Sale Floral Art Group (operating now for over 35 years and 45 current financial members). We have relocated to the Sale Tennis Club rooms since COVID which has proved to be very successful. Each year we have a very successful luncheon/demonstration which attracts over 100 interested persons, so we are always looking for a venue that includes catering for this event. Perhaps something within the new development could be included for larger functions at ground level for easy access. Furthermore, regarding the Sale Music Festival-the opportunity for an alternative venue for the Festival along the west bank of the canal was considered this year when the committee had to look at alternative venues due to the presence of the Flying Foxes in the Sale Botanic Gardens. Access and parking were an issue as well as the proximity to the water for families with young children as well as appropriate safe playing areas. The Sale Botanic Gardens continues to be our preferred venue for many reasons, but we do need Plan B. 33.	<ul> <li>The Port of Sale is first and foremost a port. The fact that it is a functioning port is the attraction for tourists. The boats and the port activities are attractive and interesting. Any development of the Port of Sale should be primarily to enhance its function as a port.</li> <li>The new proposed pedestrian bridge on the western edge of the port should be no lower than the existing road bridge over the canal. Rather, it should be higher because boats at the moment pass beyond its proposed location.</li> <li>The bridge No. 2 on the eastern edge is problematic. It would preclude access by yachting that may well wish to enter the port in the future. Any bridge in that location will one day be a problem. The bridge would be too long and high for the general public to easily walk over. And it would detract visually from the wonderful view down the canal and would require loss of some trees and other vegetation.</li> <li>The new proposed public spaces and revision of existing would be good.</li> <li>The new proposed boat maintenance area would be OK. We wonder if there will be a facility to meet and relax under cover as we now do in the gazebo area after training?</li> <li>We see the need for toilets as paramount and are concerned to note that there does not appear to be provision for same on the plan. From the club point of view this is concerning as the need is often great after training, especially for members who drive in from outlying areas. It is often not appropriate to jump into a car and drive or to walk to the existing facilities. From the public point of view, if the area is to be developed for events there is a definite need for facilities on site. We found it necessary to hire a portable toilet for our recent event. Perhaps the existing facilities on the North Bank need upgrading also as at the recent Race the Rubeena event the queues were quite long.</li> </ul>	<ul> <li>Comments noted.</li> <li>Refer to response to Submission (1) above.</li> </ul>	No changes proposed.

## **EXECUTIVE SUMMARY**

The Port of Sale is the jewel in the crown for the City of Sale. It already provides considerable amenity and yet there is significant potential to further enrich this. The area is historically significant for aboriginal activity along an important trade route and for the efforts by early European settlers who constructed the canal and the port for trade.

The precinct now accommodates marine activity, while recent initiatives have made the area a high-quality destination that offers a range of experiences related to the visual and performing arts, passive recreation and markets.

Yet there is still considerable opportunity to further enrich the precinct with new uses, spaces and activities. For this reason the Wellington Shire Council initiated a charrette-based design and planning process to produce a masterplan that provides guidance to ensure high-guality outcomes.

The process built on the earlier masterplanning work, consulted widely with stakeholders and provided concepts and options for the management and redevelopment of the precinct.

The proposed masterplan seeks to enable a cohesive and well-connected environment that offers an interesting variety of places, experiences and buildings. It also intends to strengthen the precinct with an offer of uses and activities that complements the CBD and acknowledges the historic significance of the place.

Proposed key elements include three new public spaces, two new pedestrian and cycling bridges. A network of walking / cycle paths will connect these spaces and elements, and link the precinct more strongly to the CBD and Lake Guthridge. Along the canal these connections take the form of boardwalks. A mixed-use development is proposed for the former Schools site to enrich the liveliness and offer of the precinct. Ideas for events and elements to activate the public spaces are also provided.

# **SECTION 1 - INTRODUCTION**

## 1.1 PROJECT BACKGROUND

The Port of Sale is the jewel in the crown for the City of Sale. It provides considerable amenity and significant potential to further enrich this.

The area is deeply invested with meaning from historic aboriginal activity along an important trade route. Through heroic efforts early European settlers constructed the port and canal for trade which now serves as a focus for marine activity.

More recent initiatives have resulted in a highquality destination that offers a range of experiences related to the visual and performing arts, passive recreation and markets for citizens and visitors.

Yet there is still considerable opportunity to further enrich the precinct with new uses, spaces and activities. A high degree of guidance will be required to ensure that high-quality outcomes are achieved.

To that effect Wellington Shire Council embarked on a charrette-based masterplan process facilitated by Urbanismplus Ltd.

The process built on the earlier masterplanning work (Figure 1-1 overleaf), consulted widely with stakeholders and provided concepts and options for the management and redevelopment of the Precinct.

## **1.2 PROJECT PURPOSE**

The purpose of the project is, through meaningful discussion, involving a broad range of internal and external stakeholders, to achieve the following objectives:

- → Review the current Port of Sale Precinct Master Plan, with a particular focus on the identified strategic sites.
- → Assess the extent to which the Port of Sale Precinct can leverage off existing facilities and its broader surroundings.
- → Explore the role of the private sector in participating in achieving the full development potential of the Precinct.
- → Explore opportunities to better activate and connect the public realm and public open spaces within and around the Precinct.
- → Formulate options / arrangements for the formal management of the Precinct in a coordinated and integrated way.

## **1.3 PROJECT PROCESS**

The project process followed the structure outlined below:

## **Project foundations**

Background research and site analysis were carried out in this stage.

## Consultation

Consultation sessions with both internal and external stakeholders were carried out to explore the issues and aspirations of the Precinct. Public input into the project was also sought through the WDC online platform. All feedback was considered and taken into account during the production of the key outcomes presented in this report.

## **Technical sessions**

A provisional masterplan derived from the existing plan was produced and formed the basis for the technical workshops involving WSC staff. A preferred strategy was developed with associated actions and policies required to implement it.

## Verification and adjustment

Feedback on the revised masterplan was sought from both internal and external stakeholders as well as WSC staff. Amendments were made to the masterplan to reflect the feedback.

## Report

The final report is then produced and published on the WSC website for formal public feedback.

## 1.4 CONSULTATION

Consultation on the project was carried out through video-conferencing sessions. WSC staff, councillors and a total of 53 external stakeholders participated in the discussions. These included business/commercial stakeholders. community stakeholders and statutory agencies.

The external organisations represented in the process include the following:

- → Department of Transport
- → Department of Environment, Land, Water and Planning
- → Department of Treasury and Finance
- → Gunaikurnai Land and Waters Aboriginal Corporation
- → Port of Sale Boat Club
- → Sale Boat Shed
- → Gippsland Grammar
- → Dvers Haulage
- → Gippsland Valuation Services
- → Sale Sundav Market
- → Darren Chester MP
- → WSC Heritage Advisor
- → Environment Protection Authority
- → Gippsland Water
- → Dragons Warratah Boat Club
- → Gippsland Ports
- → Gippsland Water
- → West Gippsland Catchment Management Authority
- → Gippsland TAFE
- → Sale Rowing Club
- → Gippsland Grammar Rowing Club
- $\rightarrow$  Port of Sale Heritage Cruises

All feedback was considered and taken into account during the production of the key outcomes presented in this report.

A myriad of ideas where elicited, grouped under the following categories:

#### Opportunities to improve the presence of Gunaikurnai history and other stories.

This could include the marking of sites of historic importance through public art and interpretation displays, and possibly a museum or visitor centre.

#### The improvement of the marine and boat storage conditions.

This could include addressing the needs of various community groups that frequently use these facilities related to parking, toilet facilities, and the connection with the boat ramp.

## New uses that would complement the unique nature of the precinct.

This could include hospitality, cultural and community spaces and residential uses that can contribute to the activation of the public realm.

#### Ideas for new connections and new public spaces.

This could include strengthening connectivity with the CBD and with the lake, connectivity across the canal, and introducing new public spaces in strategic locations across the precinct.

#### Opportunities to accommodate large events and activities.

This could include design versatile open spaces with good accessibility, parking, toilet facilities, and possibly planning for a council staff member responsible for coordination and marketing.

## Initiatives to activate public spaces.

This could be achieved through events and other activities and public art. It would also include the

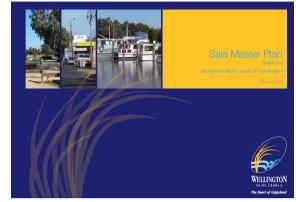

FIG. 1-1: Sale Master Plan 2009.

involvement of the local community, such as youth and students, in the process.

# SECTION 2 - THE SITE AND ITS CONTEXT

## 2.1 REGIONAL CONTEXT

Sale is the regional and administrative centre of Wellington Shire Council and is located between Traralgon, Bairnsdale, the Great Dividing Range and the sea. Due to its strategic location on Princes Highway, Sale plays an important role as the gateway to the Gippsland Lakes for visitors. Being less than three hours driving and by train from Melbourne and within one hour's drive from the ocean, beaches, lakes and hills, it is a centralised stopping point for visitors to the region, and is an attractive place for people to reside.

Sale is continuing to build on its natural assets, with areas such as the Port of Sale, Lake Guthridge, Lake Guyatt and Hearts Morass providing attractions for visitors to the region, and a reason for tourists to stop and spend time in Sale. With significant heritage buildings, a lively retail environment, and significant community facilities and assets that serve the region, Sale is a regional centre and gateway to the recreational, tourism and environmental assets of the Lakes region.

The West Sale Airport won the Australia's Small Regional Aerodrome of the Year in 2019 and has received a runway extension and lighting upgrades, making it the perfect place for the RAAF Air Academy's Pilot Training System and avionics training at its TAFE Gippsland campus.

RAAF Base East Sale has a number of advantages, which would underpin a new role as Australia's primary flight training base. The future expansion would bring to Wellington Shire a number of major defence contractors and a range of high skill technical jobs in aircraft maintenance and other support services.

#### Heritage

The Aboriginal name for the Sale area was Wayput. Two Gippsland explorers passed through the immediate area around 1840. With the growth of shipping on the local waterways and the Gippsland Lakes (and the establishment of a railhead at Sale in 1879) schemes emerged to develop Sale as a port. The construction of the Sale Canal (complete with turning circle) commenced in the 1880s, thereby linking the town, via the Thomson River and the Gippsland Lakes, to the open sea. The canal was completed in 1890.

FIG. 2-1: Regional context of the City of Sale.

FIG. 2-2: Sale township boundary with the Port of Sale outlined in red.

## 2.2 LOCAL CONTEXT

The Port of Sale is in the historical centre of the Sale township and is located at the northern end of a man-made canal, which connected water-borne transport to the Sale township and is part of a network of natural waterways and lakes south of the existing town centre.

The demise of canal transport led to the gradual decline of the Port Precinct and the relocation of the town centre further north to the retail hub around Raymond and Cunninghame Streets.

The natural waterways and man-made canal have also formed a significant barrier to urban development since the town's foundation. The development of Sale proceeded north, west and east of the old town. This pattern of development has left the riverine land immediately south of the old centre largely intact as a rural and wetland environment.

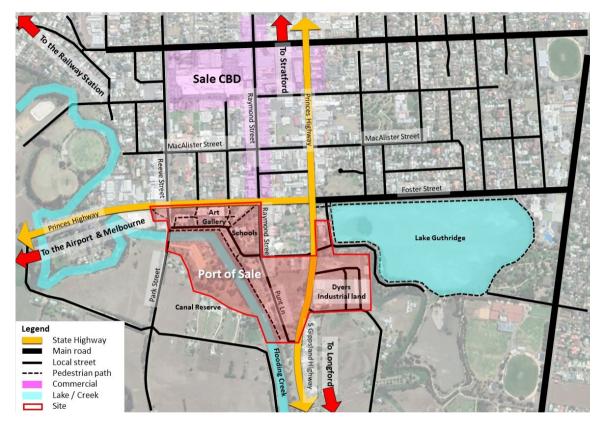

FIG. 2-3: The site in the context of the Sale township.

## 2.3 THE SITE

The site is outlined in Figure 2-4. Key site characteristics include:

The site is bounded by the Princes Highway to the north, Park Street to the west, the edge of Canal Reserve and Stephenson Street to the south and Lake Guthridge to the east. The South Gippsland Highway and Raymond Street run north-south through the site, and Canal Road and McMillan Street roughly east-west.

Key landmarks defining the site include Flooding Creek with its public space edges, boat moorings, and boat ramp, as well as key civic and cultural functions such as the Performing Arts Centre 'The Wedge', The Gippsland Art Gallery, and the library. Also worth noting is the skate Park in Cullinan Park.

The site can be broken down into the following strategic sites:

- 1 Former Schools Site
- 2 North Bank and East Bank
- 3 West Bank
- (4) Recreational Uses and Market Site
- 5 Former Police Station site
- 6 Dyers Industrial land
- 7 The TAFE site

Refer to **Section 4** for detailed presentation of these sites and the proposals for each.

FIG. 2-4: The Port of Sale precinct.

## 2.4 SITE CONSTRAINTS AND OPPORTUNITIES

#### Constraints

The following constraints have been identified (refer to numbers on Figure 2-5):

- A. Princes Highway disconnects the Port of Sale from the CBD.
- B. Parts of the site are prone to flooding.
- C. There is a limitation on the location of new bridges. A new bridge south of the moorings should provide sufficient clearance to allow for boat passage.
- D. The former Schools site has a heritage overlay.
- E. There are Native Land claims on the Former School site and the Police Station site.
- F. Expansion of the 'Wedge' could constrain the diagonal pedestrian link with the Raymond Street intersection.

## **Opportunities**

The following opportunities have been identified (refer to numbers on Figure 2-5):

- 1. Enhanced interpretation of the Gunaikurnai and other history of the site.
- 2. Inclusion of a strong cultural dimension to new uses, especially where Native Land claims are involved.
- 3. A more active edge towards the water from the 'The Wedge'.
- 4. Existing public spaces could also be better activated through other measures.
- 5. New development on the balance of the Former Schools site.
- 6. Improved public spaces and pedestrian movement around the canal edges.

FIG. 2-5: Constraints and opportunities.

- 7. Expanded activities and events on the west bank as well as adjacent to the market site.
- Reinforcing the east-west pedestrian and cycle link along McMillan Street towards the Lake Guthridge movement network.
- 9. New uses that leverage off the injection of students and staff at the new TAFE.
- 10.Ongoing influence on future outcomes for the Former Police Station and Dyer sites to achieve appropriate new uses, links and active edges.

# SECTION 3 - THE MASTERPLAN

The Heart of Ginndam

## 3.1 THE VISION

The Port of Sale redevelopment vision is:

To develop a vibrant precinct that attracts residents, welcomes visitors, provides an attractive setting for businesses, and celebrates the culture and heritage unique to the precinct.

## **3.2 PRINCIPLES**

The principles that underpin the design of the masterplan include the following:

## Contextuality

- → Supplement the CBD and not compete with it by offering destinations that are unique to the Port.
- → Establish strong links with the wider context, including the CBD and Lake Guthridge, as well as the wider walking and cycling network.

## Connectivity

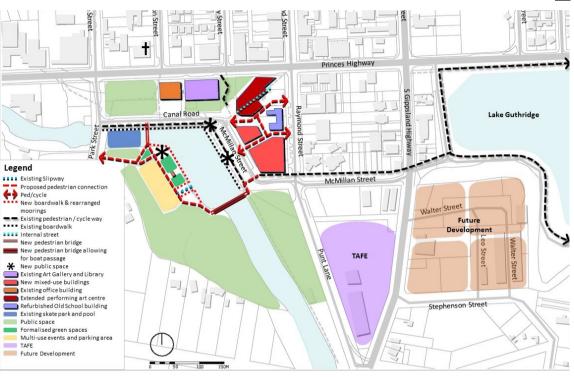

→ Build a well-connected pedestrian friendly internal movement network.

#### Identity

- → Focus on the unique nature of the site.
- $\rightarrow$  Celebrate Aboriginal and other history.
- → Give expression to contemporary values and aspirations.

## Legibility

- → Create well signalled entrance points and an easy to navigate public realm.
- → Celebrate the character of the Former School Building character.
- → Develop new buildings that are distinctive in character and response to the site.

#### FIG. 3-1: The Concept.

#### Vitality

- $\rightarrow$  Form public spaces that attractive, fun and safe.
- → Create active building edges along streets and public open spaces.

## Diversity

- → Design multifunctional public spaces that can accommodate a range of events and experiences.
- → Attract new uses that complement the unique nature of the Port.

## 3.3 CONCEPT

The concept behind the masterplan is shown in Figure 3-1.

Key elements include three new public spaces, two new bridges, a network of walking / cycle paths and boardwalks that surround the canal and connect to the CBD and Lake Guthridge, and mixed-use development to enrich the liveliness and offer of the precinct.

## 3.4 MASTERPLAN

The masterplan seeks to enable a cohesive and well-connected precinct environment that offers an interesting variety of places, experiences and buildings.

FIG. 3-2: An aerial view of the precinct area around the basin.

The masterplan intends to strengthen the precinct with an offer of uses and activities that complements the CBD and acknowledges the historic significance of the place.

FIG. 3-3: The Masterplan.

FIG. 3-4: A view of the proposed public spaces and mixed-use development on the North Bank and East Bank, with: (1) Foyer of extended performing arts centre 'The Wedge'; (2) Repurposed former school building; (3) Proposed public space; (4) Proposed mixed-use buildings; (5) Proposed pedestrian bridge allowing for boat passage; (6) Rearranged moorings.

## **3.5 IDENTITY**

Interesting and evocative stories can be told of this site's rich history. This includes its role as part of the trade routes and as crossing point for the Gunaikurnai, as well as the engineering achievements in the construction of the canal by European settlers.

The former school will present its own memories. Recent initiatives related to the visual and performing arts also deserve celebrating.

The Port also has the potential to become a boating destination. Subject to further investigations and monitoring, the provision of additional infrastructure and associated facilities shall be considered. Furthermore, Council will continue to advocate for better quality outcomes within the Port, including the need to maintain a navigable waterway and the control of invasive species of weed.

The masterplan envisages that all place-making initiatives give strong consideration to these authentic elements of identity, rather than delivering solutions that could be from anywhere.

A range of opportunities, such as the provision of carefully designed and located site-specific information panels, should be considered as a way in which to assist visitors in interpreting the unique historic significance of the Port Precinct and to convey its role and development as a functioning Port, over time. To be authentic these have to be collaboratively delivered in conjunction with local citizens as well as the Gunaikurnai.

While external talent can often offer meaningful or poignant interpretations of a local culture, some initiatives should tap directly into local talent.

FIG. 3-5: Elements of the rich history of the precinct are already communicated on the site.

FIG. 3-6: The narrative of the site, as well as contemporary aspirations of the community, can be can be further communicated in a range ways, some of which are illustrated above.

## 3.6 PUBLIC OPEN SPACE

The precinct comprises of a generous amount of open spaces. While a good start has been made these do not as yet make for a well-connected and cohesive network of experiences. An expanded public open space network offering a range of experiences is illustrated in Figure 3-7.

## **Gathering places**

Three new intimate public gathering places (1) are located at intersections of sightlines and movement paths.

#### **Boardwalks**

The existing boardwalk parallel to McMillan Street will be complemented by a new boardwalk (2) on the West Bank.

#### Formalised landscape areas

On the West Bank three green areas (3) will be formalised to frame the area between a multipurpose events and parking area and the basin.

The existing boat shed (4) will be screened by landscaping to the north and the south.

#### **Retained natural areas**

The activity space (5) is retained in its current state for that purpose as well as for general recreation.

The balance of the West Bank (6) is also retained in its current state for general recreation and other activities.

FIG. 3-11: Examples of street furniture and art works that support children's play.

## **3.7 EVENTS AND ACTIVITIES**

The following events currently, or are planned to, take place in the Port of Sale precinct:

- → Markets.
- → Dragon Boat event.
- $\rightarrow$  Light the night (floating lanterns on the water, street artists, food vans and buskers).
- → Model boats / aircraft event.
- $\rightarrow$  Yoga and meditation classes.
- $\rightarrow$  Pop up markets for local makers and producers.
- $\rightarrow$  Food van festivals.
- → Sale Music Festival
- $\rightarrow$  Rowing regatta.
- $\rightarrow$  Author / artists talk under the stars.
- → Outdoor performance space at 'The Wedge' to become permanent for music artists and plays.
- $\rightarrow$  Outdoor sculpture event (booked to go ahead in 2022 and links to the Botanic Gardens).
- $\rightarrow$  Carp Festival (proposed for a long weekend in March, could end up being a landmark annual event).

## **Proposed event spaces**

Potential other events and activities the precinct could facilitate include the following (refer to the numbers in Figure 3-12 for their locations):

- 1. Larger events could take place on the multi-use events and parking area.
- 2. Small events could take place at the three proposed new intimate public gathering places to be located at intersections of sightlines and movement paths.
- 3. The basin could be used for water-based events.
- 4. Canal Road and McMillan Street could be closed-off for traffic when the events are held.

FIG. 3-12: Proposed events and activities within the Port of Sale precinct.

Operational considerations that should be addressed include electricity use, parking, safety, public facilities and storage. To support the implementation and coordination of events and activities, it is recommended that a dedicated

events manager be appointed.

Ideas related to the activation of the public realm are discussed on the page following.

Good public spaces by themselves will not create a vibrant precinct with popular gathering spaces. These spaces need activation through events, including markets, and through interactive elements in the public realm, that invite discovery, play, or provide photo opportunities. Some examples from elsewhere are shown in Figure 3-13.

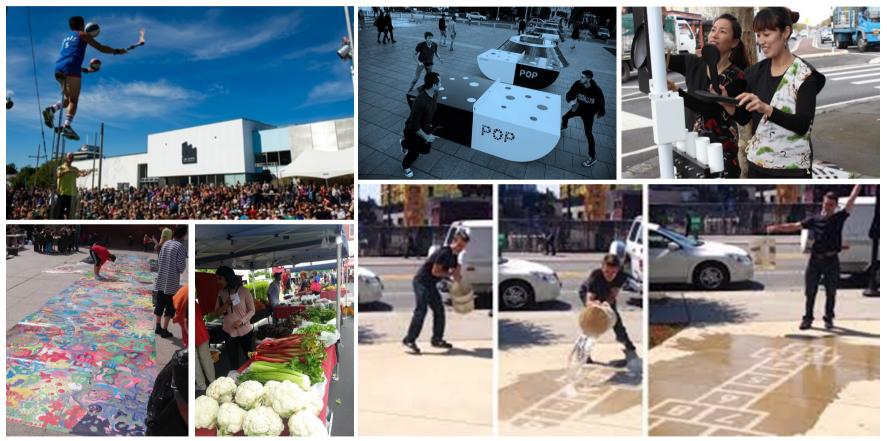

FIG. 3-13: Activation through events, markets and the discovery of interactive elements in the public realm.

## 3.8 MOVEMENT

The precinct has good pedestrian, cycle and vehicular links and connections to the north and east. The West Bank, however, is isolated and deserves strong connections. A bridge (1) and new boardwalk (2) project is about to commence. This will be a great connectivity improvement for the West Bank.

The proposed movement network, see Figure 3-14, includes a new bridge further south (3) which will have sufficient clearance to provide boat passage. A shared path (4) will link the two bridges. The new bridge will also connect directly into the shared path (5) that heads east towards Lake Guthridge.

The proposed development on the Former Schools site (6) will enable two more pedestrian links towards Raymond Street.

## Ramps for the proposed southern bridge

The ramps for the proposed southern bridge may need to be as long as approximately 50m to allow for the required boat passage and use universal access grades. If these lengths are unfeasible, the Council could consider a different approach to universal access, given that the northern bridge will provide complying universal access across the creek.

#### **Temporary street closures**

During the project process the pedestrianisation of some of the streets in the precinct was suggested. The masterplan proposes not to definitively close streets for vehicular traffic in order to keep the dispersed and connected movement network intact. Importantly, moving traffic will also provide passive surveillance outside business hours.

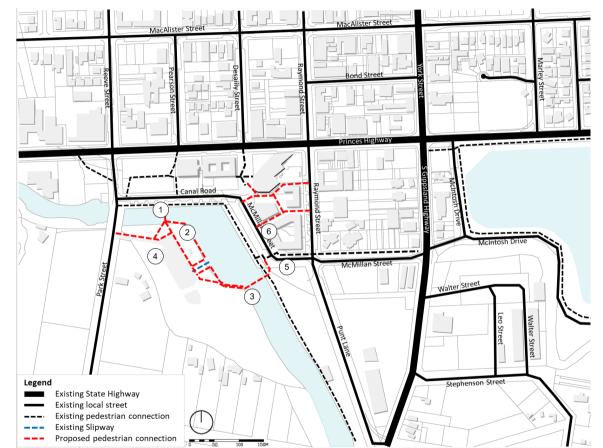

FIG. 3-14: The proposed movement network within the context of the existing network surrounding the Port of Sale precinct.

These streets could however be closed for traffic during events. They should also be traffic-calmed.

## **3.9 ACTIVE EDGES**

The current and proposed active edges around the basin and up Raymond Street are indicated in Figure 3-15.

Public spaces work better and feel safer if they are lined by active edges. This is where occupants of the buildings have a visual connection with the outdoor areas.

Where development has occurred the precinct fares well in this regards, with the exception of the southern end of the Wedge. Current investigations to expand this facility will likely remedy this condition by having a café front onto the basin (1).

The new development at the Former Schools site (2) will require active edges, especially along the basin frontages.

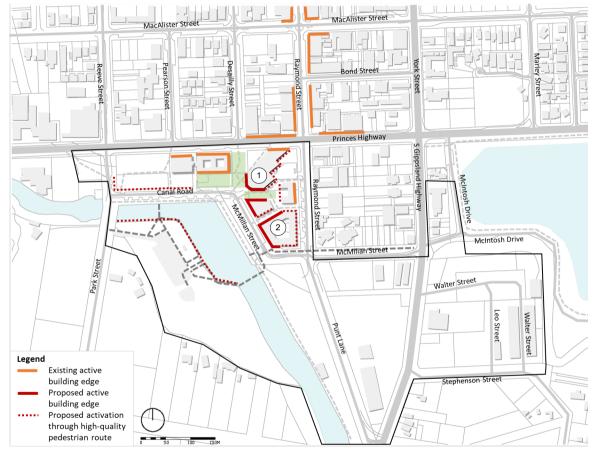

FIG. 3-15: Proposed active edges within the Port of Sale precinct show in the context of existing active edges.

## 3.10 MIX OF USES

The precinct has an extraordinarily rich mix of uses, including an art gallery, library, performing arts centre, commercial offices, and marine related facilities, as illustrated in Figure 3-16.

The precinct borders onto the CBD and is surrounded by residential and educational uses to the west and south.

The Former Schools site represents the most significant opportunity for additional uses on the site. The proposals for this site are presented in **Section 4.6**.

For new uses the emphasis will be on how they contribute to the uniqueness of the site.

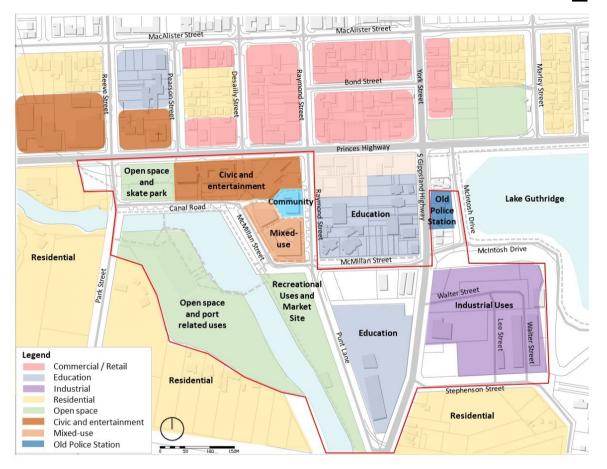

FIG. 3-16: Proposed mix of uses within the Port of Sale precinct in the context of existing land uses

## 3.11 BUILDING HEIGHT

The precinct currently accommodates buildings that range from two to four storeys (1) in height as illustrated in Figure 3-17.

The designs that are under consideration for 'The Wedge' (2) may add additional bulk to the building by way of fly towers for its theatre.

The scale and openness of the precinct around the basin area justifies new building of a height of four storeys.

It is therefore envisaged that new buildings on the balance of the Former Schools site (3) be permitted to be four storeys high.

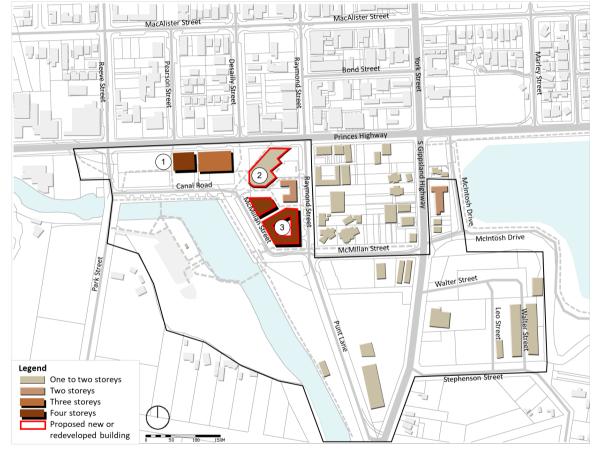

FIG. 3-17: Proposed building heights within the context of existing building heights.

# **SECTION 4 - STRATEGIC SITES**

## 4.1 STRATEGIC SITES

#### Strategic areas adjacent to the site

The core area around the basin sits within a wider precinct context. This land, not controlled by the Council, will play an important role in the future and it is the Council's role to influence development outcomes that benefit the precinct.

These strategic areas in private ownership include the following (Figure 4-1):

- $\rightarrow$  Former Police Station site
- $\rightarrow$  Dyers Industrial land
- → The TAFE site

WSC has been in discussion and is working alongside the land owners throughout the project process to understand their aspirations for these private sites. The owners support the general direction of the masterplan and are willing to explore the redevelopment potential of these sites.

These sites are presented in Section 4.2.

## Strategic sites

The strategic sites that form the core of the precinct include the following (Figure 4-1):

- $\rightarrow$  Former Schools Site
- $\rightarrow$  North Bank and East Bank
- → West Bank
- → Recreational Uses and Market Site

Proposals for each of the strategic sites are discussed in detail in **Sections 4.3** through to **4.6**.

FIG. 4-1: Location of the strategic sites.

## 4.2 STRATEGIC AREAS ADJACENT TO THE SITE

#### **Former Police Station site**

This site sits in a prominent location on York Street South (South Gippsland Highway) at the southern entry into Sale. It adjoins the Lake Guthridge to the east. It has an area of approximately 3,200m<sup>2</sup>.

The site is declared as surplus by the Department of Justice and Regulation (DJR) and is requested to be rezoned for redevelopment.

The land is yet to be disposed due to Native Title matters which are currently still being worked through with GLAWAC.

The proposals for the site include the creation of active edges along the lakefront. This site could also facilitate the enhancement of the Gunaikurnai relationship with the site and the lake.

The Residential Growth Zone (RGZ) was

considered to be the most appropriate zone to retain the flexibility of the site to accommodate the range of land uses envisaged in Council's strategic planning documents. Amendment C94, which rezoned the land to the RGZ, was gazetted on 14 January 2016.

Potential uses for the site include mixed-use developments with apartments, visitor accommodation, a brewery and / or a local produce type of eatery, cultural museum / visitation building associated with Gunaikurnai, tourism uses, and civic uses.

#### **Dyers Industrial land**

This site has an area of about 4.7ha and is currently occupied by industrial buildings. It is identified in the Sale, Wurruk and Longford Structure Plan as suitable for rezoning, subject to resolution of the potential contamination.

#### The TAFE site

Following the consolidation of the current Federation Training sites in Sale and Fulham, the Victorian Government is investing to develop a single campus at the Port of Sale.

The new campus will provide both leading education and training facilities for a range of industry and academic disciplines in line with an industry consultation process and providing greater access to training for students in the region.

The Port of Sale campus will be completed in late 2021 with teaching activities commencing in 2022.

## 4.3 NORTH BANK AND EAST BANK

A significant redevelopment of the North Bank was undertaken in 2004 which saw it reinvigorated to include entertainment, art, heritage and leisure facilities, most notably the Wellington Entertainment Centre, 'The Wedge' (Figure 4-9 overleaf).

In 2018, the former Sale Civic Centre was transformed into the new Wellington Centre (Figure 4-5), housing the Sale Library (Figure 4-7 overleaf), Gippsland Art Gallery, Sale Visitor Centre, Council Chambers, a café, and community spaces.

East of the Wellington Centre, the Borun & Tuk Aboriginal cultural walk was created, providing pedestrian access from Foster Street to the Port itself. The path includes lighting, landscaping and culturally significant canoe seating, whilst also telling the Gunaikurnai creation story of Borun the pelican and Tuk the musk duck. West of the Wellington Centre is the Sale Skate Park (Figure 4-8 overleaf), which is becoming one of the best

skate facilities east of Melbourne. The area also includes a multi-court facility, barbecue shelter and an all-ages play space.

There are opportunities to improve the integration of and connectivity with existing public spaces further to the south of this part of the site.

A close-up of the plan for this site is shown in

Figure 4-6. The proposals for this site include the following:

- $\rightarrow$  Leverage off the art gallery building.
- Create a visual connection from Princes Highway to the public playground and other public spaces.
- → Strengthen and activate the existing open spaces.

- → Strengthen the footpath linkage between the library and 'The Wedge', which draws foot traffic from Princes Highway.
- $\rightarrow$  Celebrate the Gunaikurnai history of the area.
- → Improve pedestrian connectivity along the east bank public spaces.
- → Improve the public toilet; bbq; picnic tables and shelters.
- → Provide interactive elements within public open space areas to create a relationship with existing playground and skate park facilities located at Cullinan Park.

Potential uses proposed for the site include the following:

- → Public art and sculptures to be pursued in collaboration with the Youth Council related to involvement by local art students in the process.
- → Outdoor seating and furniture as an extension of the library to facilitate interaction and for use as additional study space.
- $\rightarrow$  Outdoor local culture tour or sculpture tour.
- → Use of the library for remote learning (Edu Crowd).
- $\rightarrow$  Hospitality (i.e. cafes, restaurants).

FIG. 4-7: The library.

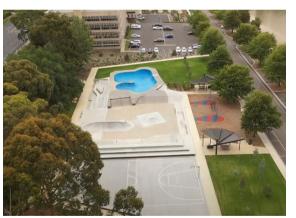

FIG. 4-8: The skate park.

## Performing Arts Centre 'The Wedge'

Currently expansion plans for the expansion of 'The Wedge' (Figure 4-9) are being worked on. While plans are currently at an early stage, the following key features are included:

- → A café facing the water across Canal Road and McMillan Street.
- → A new foyer facing the water across Canal Road and McMillan Street.
- $\rightarrow$  New performance studios
- $\rightarrow$  Enlarged foyers and corridors.
- → Additional offices facing Princes Highway.
- → An outdoor performance space linked to the indigenous significance of the area may be located between the Wedge and the Former School Site in a manner that allows pedestrian flows from Raymond Street towards the Canal.

Currently there is a strong diagonal route between the Raymond Street and Princes Highway intersection and the basin. It is important to retain this route, even if it is in the form of a route internal to the building.

FIG. 4-9: Performing Arts Centre'The Wedge'.

## 4.4 WEST BANK

The West Bank (Figures 4-10 and 4-11), while prone to flooding, offers a great opportunity to accommodate large-scale events as well as substantial recreation activities within retained green areas along the canal. However, it lacks connectivity with the rest of the precinct, hence the proposal to construct two pedestrian and cycle bridges (1) and (2). The southern bridge will allow for boat passage. A new public space (3) will be constructed in a prominent position with attractive views over the basin. This space will be well connected with the rest of the precinct via existing routes and also a proposed new boardwalk along the water's edge (4).

In discussions with the Boat Club, the short term priority is creating safe walkways from the land to boats via new finger jetties. The existing jetties will be upgraded to improve safe access from the land to the moored boats.'

FIG. 4-10: The West Bank viewed from the west, with indication of the boat ramp.

New formalised green spaces (5) are proposed to provide softening and opportunities for passive recreation near the water's edge. Additional vegetation will screen the existing boat shed unless relocated. The existing carpark will become a multi-use events and parking area (6) with more formalised edges through new paths and green spaces.

FIG. 4-11: Masterplan design for the West Bank.

## 4.5 RECREATIONAL USES AND MARKET SITE

This site is linear in form and provides good access along its length from Punt Lane. A number of existing sheds (Figure 4-12), clubrooms and rowing boat launching facilities are located throughout the site. One of the boat sheds has local heritage significance.

A close-up of the plan for this site is shown in Figure 4-14. The proposals for this site include the following:

- → Address potential ponding issues throughout the site during heavy rainfall.
- → Improve the public toilet facility.
- → Enhance the recreational uses that complement the adjacent TAFE site and can be used by students and staff.
- → Provide an integrated multi-use facility that accommodates existing uses such as the Sunday Market; dog obedience training, rowing clubs (including the Dragons Warratah Boat Club) and private school rowing facilities.

Potential uses and activities proposed for this site include the following:

- → An additional boat ramp, possibly in conjunction with improvement of the existing boat shed.
- → A regular Sunday market, possibly including a multi-use facility that serves the current location.
- $\rightarrow$  A dragon boat event.

FIG. 4-12: The existing boat shed on the Recreational Uses and Market site.

FIG. 4-13: The site currently accommodates the Sunday markets.

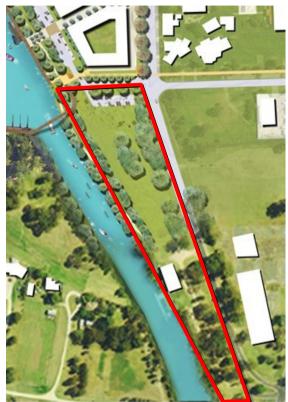

FIG. 4-14: Masterplan design for the Recreational Uses and Market site.

## 4.6 FORMER SCHOOLS SITE

Just south of Wellington Entertainment Centre is the former Specialist School and Sale High School site. The site comprises three lots and is approximately 11,000m<sup>2</sup> in area.

A significant portion of the site is occupied by the former Sale High School (Figure 4-15), which is heritage listed, and Specialist School buildings. The former Sale High School is currently used by a number of small community groups.

The site sits in a strategic location in the Port of Sale Precinct, linking the North Bank with several other development sites further south.

A close-up of the plan for this site is shown in Figure 4-17, with a perspective drawing in Figure 4-18 overleaf accompanied by the terms of reference for the development of this site.

## Progressing redevelopment of the site

The site is identified as surplus by the Department of Education and is undergoing relevant statutory processes to be disposed for redevelopment.

The native land claim on part of the site is indicated by the red outline on Figure 4-16.

To ensure that the process to resolve this claim is not holding up the development of the rest of property, it is proposed to subdivide the site and for two properties indicated by the green and yellow outlines. The property outlined in green will accommodate the heritage building in its entirety, while property outlined in yellow will accommodate the proposed development, for which proposals are presented overleaf. For further information on the land claim resolution process, refer to **Section 5.2**.

FIG. 4-15: The Former Schools site.

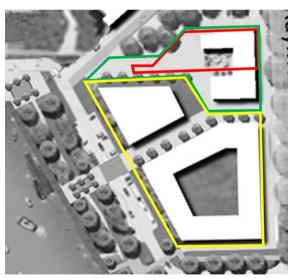

FIG. 4-16: Diagram for the approach to the native land claim on the Former Schools site.

FIG. 4-17: Masterplan design for the Former Schools site.

## Terms of reference for the former school building and surrounds

#### Uses

This heritage building (1 on Figure 4-18) adds significant character to the precinct. It will be refurbished and accommodate uses still to be negotiated. Appropriate uses to be considered are arts, cultural or community-related uses, which could include educational facilities.

#### Other guidance

The architectural approach, including built character, and materials and colours to be used for the refurbishment of this building are subject to a separate consenting process for this building, due to its heritage overlay.

## Terms of reference for the development on the balance of the land

#### Uses at ground floor

Two new mixed-use buildings (2 and 3) are proposed, accommodating a mix of uses. These include commercial facilities related to the arts and creative sectors on the ground floor. This will be complemented by some retail and food and beverage uses, which will be limited in scale to not compete with other facilities in the precinct and in the CBD.

#### Uses at the upper floors

Apartments and possibly a hotel are proposed for the upper storeys, while also conference facilities associated with the hotel should be considered.

#### Building height

A building height of four storeys is proposed in order to frame the public spaces, while responding appropriately to existing and other proposed building heights. FIG. 4-18: Axonometric of the design for the Former Schools site.

## Architectural character

These buildings should have a contemporary architectural character to complement the nearby Performing Arts Centre and Wellington Building and to contrast with the heritage building.

Elevations should be articulated and contain a strong modulation to visually break up the size of the buildings and relate to a human scale.

#### Materials and colours

Appropriate materials for the primary parts of the elevations include plaster or rendered bricks or concrete, with secondary elements consisting of

timber and possibly metal. Recessive colours should be used.

#### Active frontages

The buildings should present their primary active frontages toward the water's edge in the form of highly glazed elevations, doors and uses that interact with pedestrians. Building (3) should also activate the pedestrian route between Buildings (2) and (3). The edges facing Raymond Street and McMillan Street South are of secondary importance. A diagram indicating this guidance is provided in **Section 3.9**.

# **SECTION 5 - IMPLEMENTATION**

### 5.1 MANAGEMENT OF FUTURE DEVELOPMENT

#### Approach

Key principles underpinning the governance of the precinct and management of future development include *accountability*, *inclusion*, *transparency*, and *clarity*.

For the implementation of the masterplan it is important to build on previous successful experiences within WSC by reviewing recent implementation projects that run across different Business Units within the organisation. Consideration should be given to the 'Three-Tier' model currently used by the Council , such as for the Cameron Sporting Complex (Maffra), which facilitates interests from the broad range of stakeholders (similar to the Port of Sale Precinct).

The following entities and roles should be established:

- $\rightarrow$  A Precinct Steering Group
- → A Stakeholder Reference Group
- → An Activation and Events Officer

#### **Precinct Steering Group**

A 'Precinct Steering Group' should be established and made responsible for the management of the future development of the Precinct. The group should be chaired by the Council CEO with cross representation including councillors, senior officers, general managers and relevant Council officers.

#### Stakeholder Reference Group

Community representation is suggested to be undertaken via a 'Stakeholder Reference Group', meeting every 6 to 12 months.

#### Activation and Events Officer

An activation and events officer should be established to implement actions aimed at the activation, accessibility and participation within the public spaces, particularly in front of the Wellington Centre. This should include the markets, library, art gallery and 'The Wedge'. This role may be extended to public spaces

#### Costing and Grant funding preparation

The works identified in the masterplan (such as the pedestrian bridges) are not committed to by Council. They will need to be costed with necessary technical investigation and included in a Council budget before funding can be secured.

### 5.2 NATIVE LAND CLAIM RESOLUTION

Council has registered its desire to purchase the Former School site and Police Station. Both have Native Title claims on the land. There is a process in working with the Gunaikurnai Land and Waters Aboriginal Corporation (GLAWAC) before any land purchase could proceed.

If Council secures the land for the Former School site (or a large proportion of it) then the masterplan and report would be used as a basis for developing an expression of interest (EOI) for redevelopment of the site.

The following advice has been provided to this report by the Council.

Where the State is proposing to conduct an activity (a future act) on Crown land where native title has not been extinguished and the activity would have an impact on native title (e.g. public works, exclusive Crown leases, selling of Crown land etc.) the following steps will need to be undertaken under the *Native Title Act 1993*:

- → Negotiate an Indigenous Land Use Agreement (ILUA) with the traditional owner's representative body (in this case GLaWAC who is the registered native title body corporate) to permit the activity to proceed. This is required, irrespective of whether Native Title is intended to co-exist or be surrendered.
- → Once the terms and conditions of the ILUA have been agreed, the signing of the ILUA on the State's behalf will be by the Attorney-General and a briefing process may be required to obtain her support. Generally this is not too controversial unless the Attorney-General or her department raises significant concerns.
- → Once both State and GLaWAC parties have signed the ILUA, there will be a subsequent registration assessment period of three to six months with the Federal National Native Title Tribunal (NNTT). The Registrar of the NNTT may make a number of requisitions which may require some amendments to the ILUA, or potentially objections could be raised which may require resolution.
- → On successful registration of the ILUA by the NNTT, the activity on Crown land can proceed.

If the Council is proposing to assist in resolving the native land claim through an arrangement directly with GLaWAC, it should obtain its own independent advice on whether the ILUA process is appropriate.

### **5.3 ACTION PLAN PRIORITIES**

The table Figure 5-1 contains the proposed prioritisation for the implementation of the key elements of the masterplan. The rationale behind this is as follows:

- 1. The establishment of a Steering Group and Activation and Events Officer position for Port of Sale precinct. This role may extend to public spaces beyond the Port Precinct.
- 2. The construction of the walkway on the west bank, and rearrangement of the moorings are already part of government funded works, for which preparations are currently being finalised. The subdivision of the Former Schools Site can also commence in parallel.
- 3. The process for the resolution of the native land claim on the Former Schools Site may be a protracted exercise, which, if resolved, will unlock significant potential for the Precinct.
- 4. The proposed public spaces and the multi-use events and parking area on the West Bank will supplement the upgrades at the West Bank.
- 5. Construct interactive elements within the open spaces. interactive elements within the open spaces between the proposed northern bridge and the existing Park Street bridge will complement the existing offer in Cullinan Park and support the anticipated growth in youth activity associated with the possible TAFE development.
- 6. The construction of the mixed-use development on the Former Schools Site can commence sooner if the native claim issue is resolved.
- 7. The public space proposed for the East Bank will support the mixed-use development on the Former Schools Site.
- 8. The construction of the northern and southern bridges. The Southern bridge is likely to be late in the process, due to the cost of this project. It would however be welcomed at an earlier stage. The bridge will play an important connectivity role as the developments to the east of the Precinct (on the TAFE, Former Police Station, and Dyer sites) materialise.

### 14.2. ADOPTION OF THE DOMESTIC ANIMAL MANAGEMENT PLAN 2021

### ACTION OFFICER: {MANAGER MUNICIPAL SERVICES}

### PURPOSE

For Council to adopt the Wellington Shire Council Domestic Animal Management Plan 2021-2025.

### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

### RECOMMENDATION

### That Council:

- 1. Adopt the Domestic Animal Management Plan 2021-2025 as attached;
- 2. Make the Domestic Animal Management Plan 2021-2025 available for public inspection on Council's website; and
- 3. Submit the Domestic Animal Management Plan 2021-2025 to the Secretary of Animal Welfare Victoria.

### BACKGROUND

On 9 August 2021, the draft Domestic Animal Management Plan was released for public consultation via the 'Your Wellington Your Say' website. The Plan was publicised in local newspapers and on the Public Notices page of Council's website.

Public submissions were invited in the form of a brief survey. Council received 352 survey feedback submissions to the plan. The majority of survey respondents supported the proposed introduction of a cat curfew, changes to the leash laws and the introduction of designated off-leash areas.

The Domestic Animal Reference Group were fully briefed on the survey feedback and comments. There were many positive comments received about the Plan. Given these comments and considering the survey feedback no changes are proposed to the draft Domestic Animal Management Plan as attached to this report. Councillors were briefed at a workshop on the detailed survey results and comments.

### ATTACHMENTS

### OPTIONS

Council has the following options available:

- 1. To:
  - Adopt the Domestic Animal Management Plan 2021-2025;

- Make the Domestic Animal Management Plan 2021-2025 available for public inspection; and
- Send a copy of the final plan to Animal Welfare Victoria State Government; or
- 2. Not to:
  - Adopt the Domestic Animal Management Plan 2021-2025;
  - Make the Domestic Animal Management Plan 2021-2025 available for public inspection; and
  - Send a copy of the final plan to Animal Welfare Victoria State Government.

### PROPOSAL

That Council adopt the Wellington Shire Domestic Animal Management Plan 2021-2025, as attached.

### CONFLICT OF INTEREST

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

### **FINANCIAL IMPACT**

There will be cost impacts of introducing the changed leash laws and off-leash areas i.e., new signage etc.

### **COMMUNICATION IMPACT**

Following adoption, the Domestic Animal Management Plan 2021-2025 will be available on Council's website. Local Laws officers will provide an educational role in their day-to-day interactions with the community.

### LEGISLATIVE IMPACT

In accordance with *Domestic Animals Act 1994*, all councils are required to have a Domestic Animal Management Plan. Council is required to place the draft plan on public exhibition seeking feedback.

Wellington Shire Council is committed to upholding the Human Rights principles as outlined in the *Charter of Human Rights and Responsibilities Act 2006 (Vic)* referred to in the Council's Human Rights Policy.

### COUNCIL POLICY IMPACT

This impact has been assessed and there is no effect to consider at this time.

### COUNCIL PLAN IMPACT

The Council Plan 2017-21 Theme 1 Communities states the following strategic objective and related strategy:

**Strategic Objective 1.1:** "Maintain friendly, safe communities providing opportunities for residents to lead healthy and active lifestyles."

<u>Strategy 1.1.2</u>: "Work in partnership to provide leadership and strategic direction on issues relating to community safety."

This report supports the above Council Plan strategic objective and strategy.

### **1. INTRODUCTION**

### 1.1 Executive Summary

Australia has one of the highest rates of pet ownership per household. Approximately 40% of households own cats or  $dogs^1$ 

Туре	Household Penetration	Number of Household: With Cats/Dogs	Animals per Household	Cat/Dog Population
Dog	39.9%	3,848,200	1.3	5,104,700
Cat	27.0%	2,602.400	1.4	3,766,600

Wellington Shire Council (Council) recognises that pet ownership has positive benefits for the community. Responsible pet ownership makes a valuable contribution towards our community's wellbeing and adds to social connectivity. This is more pronounced with children and the elderly where pets play a more prominent part in their lives. They provide opportunities for active pursuits, companionship to those who may feel lonely or isolated and independence for those with a disability or illness.

The issue of balancing pet ownership and the rights of the individual to enjoy the environment is a challenge. The adequate control of animals can often be a source of conflict between neighbours, particularly in urban areas.

*The Domestic Animals Act 1994* (the Act) regulates domestic animal management within Victoria and requires every Council in the state to have in place a plan to manage domestic animals (Domestic Animal Management or DAM Plan).

<sup>1</sup> Newgate Research - 2019

Wellington Shire Council DRAFT Domestic Animal Management Plan 2021-2025 | 3

### 1.2 Purpose and primary objective of the Domestic Animal Management (DAM) plan

Balancing pet ownership and the numerous benefits that it brings with the rights of the individual to enjoy the environment is a constant challenge. Consideration has been given to both pet owners and those who do not own pets when developing this plan.

The primary objective is to provide a strategic plan to guide the community towards the goal of responsible pet ownership and to assist Wellington Shire to achieve a professional, consistent, and proactive approach to domestic animal management practices.

The plan identifies current activities and future actions to address the following issues as required by section 68A of the Act:

- Set out a method for evaluating whether the animal control services provided by the Council in its municipal district are adequate to give effect to the requirements of this Act and the regulations;
- Outline programs for the training of authorised officers to ensure that they can properly administer and enforce the requirements of this Act in the Council's municipal district;
- Outline programs, services, and strategies which the Council intends to pursue in its municipal district to:
  - i. promote and encourage the responsible ownership of dogs and cats; and
  - ii. to ensure that people comply with this Act, the regulations, and any related legislation; and
  - iii. to minimise the risk of attacks by dogs on people and animals; and
  - iv. to address any over-population and high euthanasia rates for dogs and cats; and
  - v. to encourage the registration and identification of dogs and cats; and
  - vi. to minimise the potential for dogs and cats to create a nuisance; and
  - vii. to effectively identify all dangerous dogs, menacing dogs and restricted breed dogs in that district and to ensure that those dogs are kept in compliance with this Act and the regulations.
- Provide for the review of existing orders made under this Act and Local Laws that relate to the Council's municipal district with a view to determining whether further orders or Local Laws are required.
- Provide for the review of any other matters related to the management of dogs and cats in the Council's municipal district that it thinks necessary.
- Provide for the periodic evaluation of any program, service, strategy or review outlined under the plan.

### 1.3 Processes applied when developing the DAM Plan

The Wellington Shire Council Local Laws team developed the DAM plan. The following activities were undertaken in the development and implementation of the plan.

### 1.4 Wellington Shire Council demographic snapshot

Wellington Shire is the third largest Shire in Victoria by land area (10,924 square kilometres). It has a mixture of urban and rural areas, with a population of approximately 44,380.

It is a unique environment which encompasses coastal areas, the Gippsland Lakes region, agricultural land, undeveloped land, and urban areas. The largest towns in the region are Sale, Maffra, Yarram, Stratford and Heyfield.

### **Wellington Shire**

With 16,082 households in the Shire,<sup>2</sup> it is estimated that about 40% of households own one or more dogs at an average of 1.3 dogs per household and 27% of households own one or more cats at an average of 1.4 cats per household<sup>3</sup>.

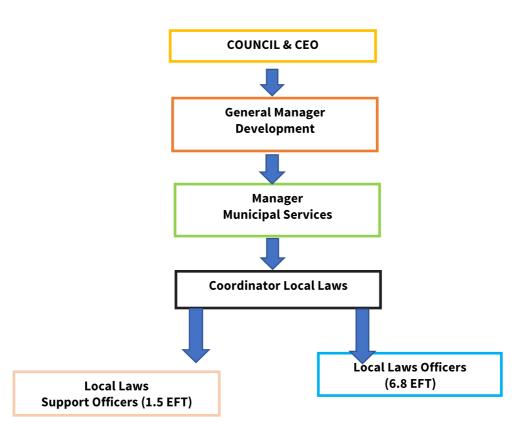

With those figures in mind, it is estimated that there are 8,342 dogs and 6,079 cats in the Shire. Sadly, the number of registered cats in the Shire is significantly less than the estimated population.

### 1.5 Wellington Shire Council animal management organisational structure and staffing

To meet legislative requirements, the Council employs Local Laws Officers who are designated "Authorised Officers" under section 72 of the *Domestic Animals Act 1994* and are part of the Municipal Services Business Unit.

#### **Organisational Structure:**

#### 1.6 Current domestic animal programs and service levels

The Wellington Shire Council Local Laws team provides a broad range of services to ensure it meets its legislative responsibilities relating to animal management. They include but are not limited to:

- Responding to and investigating customer requests/complaints regarding domestic animals.
- Promoting responsible pet ownership.
- Managing the Wellington Shire Council Pound and Animal Shelter.
- Maintaining the domestic animal, restricted breed, and the declared dangerous dog registers.
- Managing wandering, nuisance, unwanted/surrendered dogs and cats.
- Assisting with the feral cat population.
- Undertaking door knock registration checks.
- Investigating dog attacks.
- Registering and inspecting Domestic Animal Businesses (DABs).
- Inspecting and conducting compliance checks on restricted breeds and declared dangerous dogs.

- Developing collaborative relationships with partner organisations, such as RSPCA, Victoria Police, Animal Welfare Victoria, Victoria Animal Aid Trust, veterinary clinics, and other stakeholders, with a view to maintaining a multi-agency approach to animal management.
- Providing a 52-week 24/7 emergency service.
- Providing suitably trained and qualified Authorised Officers.

A summary of the key services:

Current Programs	Service Levels
Identification and registration	All dogs and cats are required to be registered annually by 10 April each year. Currently (2021) the number of animals registered in the Shire is: <b>9,075</b> ( <b>7,200 dogs and 1,875 cats</b> ).
Wellington Shire Pound & Animal Shelter	Consists of a facility that can accommodate 38 dogs, 36 cats, and up to 100 head of livestock. The facility is located at Fulham, approximately 5km west of Sale off the Princes Highway. It is managed under contract and provides the following services: • Agents for registration of dogs and cats within the Shire.
	<ul> <li>Receive dogs and cats, contact known owners, place photographs on the website, house animals until released, and the disposal of animals due to ill health, welfare issues or where there is failure to rehouse.</li> <li>Provide respite care for animals whose owners are temporarily unable to care for them due to illness, relationship issues etc.</li> <li>Provide monthly statistics to the Council.</li> <li>Provide secure housing of seized dogs, pending prosecution.</li> </ul>
Registration of domestic animal businesses	Wellington Shire Council currently has twenty-six (26) registered domestic animal businesses (DABs). Council manages the renewal process each year and undertakes an inspection regime to ensure compliance with the codes of practice.
Domestic animal complaints	Authorised Officers respond within the customer service charter to animal complaints. They will also accept dogs and cats surrendered by their owners who can no longer care for them. Authorised Officers will attend and attempt to contain or capture any dog or cat that is reported to be causing a serious nuisance or presenting as a danger to people or other animals during and after normal operating hours.
Restricted breeds/dangerous dogs/menacing dogs	Wellington Shire Council will manage menacing dogs in accordance with the Act. Any dog that causes a non-serious bite injury to a person or animal or rushes at or chases a person may be declared a menacing dog. The owners will be required to show that they can be a responsible dog owner and ensure action is taken to prevent the dog from attacking again.
	Restricted breeds and dangerous dogs will be managed in accordance with the Act.

	Any dog that is declared a menacing dog and is subject to two further infringements or involved in an attack which results in serious injury or death of an animal or person will be declared a dangerous dog. Unless there are extenuating circumstances the dog will be seized, and the matter will proceed to the Magistrates' Court.
Education / media	Wellington Shire Council uses media releases and standing articles in its publications, Facebook and its website to educate members of the public on responsible pet ownership and animal management matters. The automatic telephone call waiting service includes key animal management messages such as registration of cats and dogs.

### 1.7 Access to animal management services

Wellington Shire Council has adopted a Customer Service Commitment (available on our website), which documents required response timeframes to the community. The Local Laws team works within the context of the Customer Service Commitment and offers a seven-day, 24-hour emergency response service for urgent domestic animal related matters such as dog attacks, aggressive/dangerous dogs at large and serious animal welfare concerns.

### 1.8 Mandatory requirements & corresponding actions

This plan has been developed in accordance with section 68A of the Act and sets out a formalised approach to increasing the effectiveness and awareness of domestic animal management within Council.

This section outlines the strategic direction for Council's animal management function.

The table below identifies the specific requirements of the Act which Council are required to address against the contents of the plan.

## 2. TRAINING OF AUTHORISED OFFICERS

### 2.1 Current Situation

Wellington Shire Council employs six full-time and one part-time Local Laws officers, authorised in accordance with:

- Section 72 of the *Domestic Animals Act 1994*;
- Section 18 of the *Prevention of Cruelty Act 1986*; and
- Section 313 of the *Local Government Act 2020*.

For the purpose of this plan, three fulltime equivalent positions are dedicated to domestic animal management, however additional staff are utilised for planned operations such as annual and unannounced DAB inspections, pet registration checks, animal welfare investigations and emergency situations.

Wellington Shire Council recognises the importance of skilled and qualified staff, and as such individual training plans are developed for each staff member as part of the performance appraisal and development process.

A dedicated Staff Development Officer is employed by Council to ensure staff are provided with initial and ongoing training in addition to targeted professional development opportunities.

### 2.3 Planned training

Wellington Shire Council is committed to providing ongoing training and professional development opportunities for Local Laws staff. A staff development and training plan is developed annually, in consultation with individual staff, their supervisor, and the Organisation's Staff Development Officer.

### 2.4 Our plans

## **Objective 1**

To maintain a trained and experienced workforce by developing and maintaining individual training, professional development, and performance plans for all local laws staff.

Activity	Frequency	Evaluation
<ol> <li>Conduct individual performance and development plans, identifying any training or development requirements</li> </ol>	12-monthly, with 6- monthly reviews	Completion of individual performance and development plans, submitted to Manager Municipal Services
<ol> <li>Develop and maintain the annual Local Laws Staff training and development plan</li> </ol>	12-monthly	Plan developed in consultation with the Staff Development Officer
<ol> <li>Hold regular Local Laws team meetings to encourage a consistent and professional approach to animal management matters</li> </ol>	Monthly	Minutes recorded and forwarded to Local Laws team

### **3. REGISTRATION AND IDENTIFICATION**

### 3.1 Current situation

Domestic animal registrations and registration renewals are conducted by Council in accordance with Part 2 of the *Domestic Animals Act 1994*.

Council data indicates an estimated compliance rate with dog registration of (93%) compared with the estimated number of dogs throughout the Shire. Although the cat registration compliance rate has increased over the past four years from 22% to 30%, it is still an area of concern.

Estimated Number of Dogs 8,324 Registered Number of Dogs 7,200

### 3.2 Policies/Procedures

Legislative:	Domestic Animals Act 1994
	Domestic Animals Regulations 2015
Local Law:	WSC Community Local Law 2021: Part 6: Animals
Strategies	WSC Council Plan 2017-2021, Part 1: Communities

	Release of Impounded Animals to Identified Owners
	WSC Offence Management Guidelines
Other	Service delivery contract between Wellington Shire Council and Victoria
	Animal Aid Trust (requirement that all animals are registered before
	leaving pound)

### 3.3 Current educational/promotional activities

- Microchipping and registration information promoted on Council website.
- Animal registration notices sent to registered pet owners early March each year.
- Media releases regarding the importance of registration.
- Good news stories about owners reunited with their pets due to registration.
- Responsible pet ownership pamphlet drops in identified areas of concern.

### 3.4 Current compliance activities

- Annual registration process.
- Follow-up on pets not re-registered and registration documents returned to sender.
- Follow-up on notifications of pets sold/rehomed.
- Door knocks in areas identified via the customer action request system.
- Impounding of unregistered and wandering cats and dogs.
- No impounded animal leaves the pound unregistered.
- Seven-day notices to comply (NTC) for minor breaches.
- Infringement notices issued where NTC is ignored or for serious breaches.
- Prosecution in Magistrates' Court for unpaid infringements.
- Unannounced inspections of Domestic Animal Businesses to ensure compliance with registration and code of practice requirements.

### 3.5 Summary of current situation

Wellington Shire Council recognises the gap between estimated and registered domestic animals within the Shire, particularly cats and as such is committed to increasing educational and enforcement activities to close the gap.

Council will continue work with local media outlets to increase awareness of registration requirements and increase compliance activities such as door knocks, registration checks and follow ups on lapsed registrations and changes of ownership.

## **Objective 2**

To increase the number of pet registrations within Wellington Shire each year for the duration of this plan, with a renewed emphasis on increasing compliance amongst cat owners.

### 3.6 Our Plans

Activity	Frequency	Evaluation
<ol> <li>Continue to promote responsible pet ownership through the media, with an emphasis on microchipping/registering cats.</li> </ol>	Quarterly	At least one responsible pet ownership article released to media quarterly.
<ol> <li>Conduct targeted door knocks and letter drops in areas where high levels of non-compliance are noted.</li> </ol>	As required, commencing mid-April each year	Door knocks and letter drops completed and recorded.
<ol> <li>Follow up on lapsed registrations.</li> </ol>	From mid-April each year	Follow ups completed and recorded.
4) Follow up on change of ownership notifications.	As required	Follow ups completed and recorded.
5) Discourage owners from not registering their animals by adopting a consistent enforcement program.	As required	Number of notices to comply and infringements issued for unregistered animals.
<ol> <li>Ensure no unregistered animal is released from the pound.</li> </ol>	As required	All animals reunited with their owners are registered prior to release.

### **4. NUISANCE PETS**

### 4.1 Current situation

During 2020, Local Laws officers responded to 1,253 domestic animal related complaints, with an average initial response time of 1.15 days.

Complaints can be broadly categorised as follows:

- wandering/stray dogs/cats.
- excess pets kept on premises.
- barking dogs.
- dogs walked without leads.
- dog excrement.
- abandoned dogs.
- aggressive dogs.
- unregistered cats/dogs.

### 4.3 Current educational/promotional activities

- Dog on lead/dog poo signage in popular dog walking areas/parks.
- Dog poo bag dispensers in parks and popular areas.
- "Doggy doo" and "Barking Dog" media releases.
- Responsible pet ownership brochures sent with registration reminder notices.
- Provision of advice/assistance to barking dog owners by Local Laws staff.
- Use of the website as an education and information medium.

### 4.4 Current compliance activities

- All nuisance complaints recorded and investigated.
- Feral/trespassing cat trapping program available to residents.
- Wandering cats/dogs collected by Local Laws staff and impounded if necessary.
- Infringement notices issued to owners of repeatedly wandering pets.
- Unannounced inspections of properties that have been identified as having numerous and ongoing barking complaints.
- Follow-up visits with owners who have been identified as struggling to manage their pets.

### 4.5 Summary of current situation

Wellington Shire Council recognises that nuisance dogs have the potential to cause friction between neighbours, particularly if not responded to in a timely and effective manner. The current nuisance dog procedure is available on Council's website and has an approximate 80% initial resolution rate after Council's first point of contact with the dog owner. Further enforcement options, including prosecution in the Magistrates' Court are available if required to resolve the issue.

Local Laws staff have adopted a three-stage approach to wandering/at large cats/dogs, to engage, educate and if necessary, enforce responsible pet ownership.

1. If the animal is registered and has no previous history of being at large, the animal will be returned to the owner where possible.

- 2. If the animal is registered and there is one previous incident of being at large, the animal will be returned to the owner where possible, and a verbal or written warning will be issued.
- 3. If the animal is registered and there is a history of being at large more than twice previously, the animal will be taken directly to the pound and an infringement notice will be served on the owner.

Unregistered animals are taken directly to the pound, as ownership cannot be established.

### 4.6 Our plans

# **Objective 3**

To encourage responsible pet ownership throughout the Shire by responding to, investigating and acting on animal nuisance complaints in a timely and effective manner.

### **CAT CURFEW PROPOSAL**

Over the past 12 months, Council received 528 reports of wandering or nuisance cats.

While Cats are very popular pets, roaming cats are a serious concern. Wandering cats can and do:

- kill native wildlife (even well-fed cats will hunt).
- get hit by vehicles.
- become injured in fights.
- annoy neighbours by spraying, fighting, yowling, and digging in gardens.
- become lost/impounded.

In 2016, thirteen domestic cats in NSW were fitted with tracking collars as part of a study to show pet owners how far domestic cats can roam in the hope of changing a general misconception that cats simply stay around the house. While some of the cats stayed within a 500-meter radius of their home, some travelled as far as three kilometres away!

Council is committed to the protection of all animals and the amenity of the shire. With this in mind, over the next twelve months, council will consider the introduction of an order made under section 26 of the Domestic Animals Act 1994, requiring cat owners to confine their cats to their properties at all times.

A thorough community consultation process will be undertaken during the process.

	Activity	Frequency	Evaluation
1)	Continue to work closely with owners of nuisance/barking dogs to ensure a lasting solution to issues.	As required	Review on a case-by-case basis.
2)	Publish quarterly media articles regarding responsible pet ownership.	Quarterly	At least one responsible pet ownership article released to media quarterly as indicated in media plan.
3)	Ensure 'doggy doo' bag dispensers are maintained and stocked.	As required	Regular inspections to ensure dispensers are serviceable and stocked with plastic bags.
4)	Responsible pet ownership brochures are readily available and provided when required.	Annually	Ensure sufficient stock is ordered from Department of Jobs, Precincts and Regions (DJPR) annually.
5)	Consider introduction of <u>24 hour</u> cat curfew	2022	Review to be conducted and submitted to council.

### **5. DOG ATTACKS**

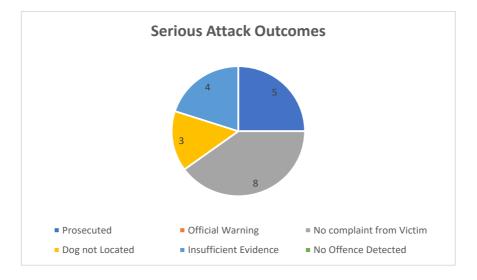

### **5.1 Current situation**

For the period 1 July 2019 – 31 June 2020, **67** dog attack reports were received by Council and investigated, as follows:

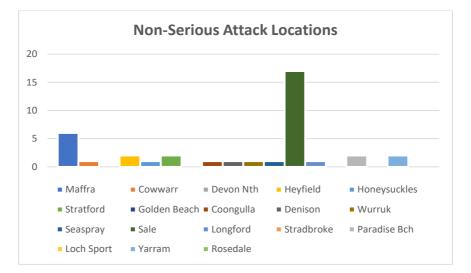

Туре	Serious	Non-Serious
Dog vs Animal	17	25
Dog vs Person	3	13
Dog Rush	-	9

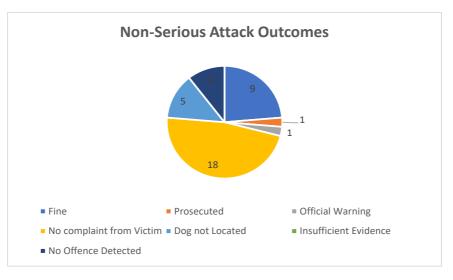

While it is encouraging to note a decrease in the number of serious dog attacks on people and dog rush incidents in the past 12 months, reported attacks on other animals has nearly doubled. Non-serious attack reports on people remains static. Further information on dog attacks, such as location, circumstances and outcomes can be found on the tables below.

### 5.3 Current educational/promotional activities

- Responsible pet ownership media releases.
- Responsible pet ownership booklets issued to new pet owners who adopt from the pound.
- Reduced registration fees for dogs that have undergone approved obedience training.
- Signage prominently displayed in dogs on leash areas.
- Animal Welfare Victoria pamphlets 'How to Prevent Dog Attacks in the Home' and 'Safety with Children' distributed via letter drops to high-risk areas.

### 5.4 Current compliance activities

- Provision of 7-day, 24-hour response to dog attack reports.
- All reported attacks thoroughly investigated and if necessary, prosecuted.
- Temperament testing of all impounded dogs prior to rehousing.
- Regular patrols of areas identified as having a high incidence of wandering dogs.

### 5.5 Summary of current situation

Wellington Shire Council responds to dog attack reports as a matter of priority. Most reports received, were responded to and investigations commenced within 24 hours.

An in-depth analysis of dog attack reports was completed during 2020, with a view to better understand the circumstances that lead to the reports. Most reported attacks occurred while the dog was either at large (73%), or in the home (12%). There appears to be no differentiation between dogs walked on or off lead.

Sale and Maffra attracted most dog attack reports however, are not disproportionate with other locations throughout the Shire, due to their population.

What is noticeable is the number of victims who choose not to formalise their report for the matter to progress to prosecution. Some find the process of giving evidence in Court daunting, others reach a compensation agreement with the attacking dog's owner, and others are concerned of any negative reaction from the dog owner. It is our intention to provide additional support and assistance to victims of dog attacks with a view to making the process less daunting.

While most dogs involved in attacks were voluntarily surrendered to Council officers, or euthanised at the owners' request, surrendering or euthanising dogs involved in attacks does not grant the owner automatic immunity from prosecution.

## **Objective 4**

Reduce the number of serious and non-serious dog attacks by encouraging responsible pet ownership and maintaining a rapid and thorough response to dog attack reports, including prosecution if appropriate.

### **DOG OFF/ON LEASH REVIEW**

### **Current Situation**

Due to the predominately rural nature of Wellington Shire, apart from nominated on-lead areas, dogs can be exercised off-lead provided they remain in the effective control of the person walking them.

Nominated on-lead areas are listed on Council's website and include areas adjoining schools, children's playgrounds, main streets in towns and areas that are of significant flora or fauna importance.

Dog attack report data collected for the 2019-2020 period shows very low risk of dogs attacking while being walked off lead. However there remains a perception by some that dogs walked off-lead are a perceived risk to the safety of the public. A change to the leash laws to require dogs to be on leash at all times in urban areas would no doubt create a greater sense of safety to the public.

The current wellington shire Council leash laws approach is at odds

with the majority of Victorian Councils, that have a blanket on-lead policy in urban areas coupled with off leash areas. This plus the perceived safety issue is why a review of leash laws will be carried out including the possible development of a feasibility study and shire wide strategy for Dog Off leash areas.

The off-leash areas feasibility study and strategy is dependent upon Council determining whether or not to change its leash laws. Obviously if Council decides to move to require dogs on leash in all urban areas that will provide a greater impetus and need for off leash areas throughout the Shire. The recent consultation over the new Council Plan 2021/25 indicated support for the establishment of dog parks or dedicated off leash areas in the Shire.

### **Best Practice Review Considerations**

A preliminary review of current industry practices and community requests for dedicated dog off-leash areas indicates a need to review current provision for dog owners and their dogs.

An industry Technical Manual highlights the need for a 'Dog Off-Leash Policy and Provision Rationale' that is based on an understanding of both dog and human behaviour in different public environments. It also highlights the need for sound understanding of the management, including risk management, implications of these space particularly if they area partially or fully fenced.

In addition, the manual notes:

- The benefits (e.g. mental, physical and emotional health) associated with pet/dog ownership and that council planning and policy around pets should acknowledge this.
- The need for a sound policy that considers:
  - 1. on-leash requirements as in the case of areas of potential parkland conflict (e.g. around play spaces, picnic and BBQ areas, and along shared used trails)
  - 2. off-leash provision and whether this involves partial fencing or full fencing, or the provision of natural landscape barriers as opposed to formal barrier fencing
  - 3. 'no dog areas' as in the case of sensitive environments
  - the possible need for different provision in urban and rural environments
- The need for decision-makers to better and fully understand and appreciate:
  - 1. the 'nature of dogs' and in particular dogs in confined spaces, in unfamiliar environments and around unfamiliar people and noise
  - 2. human/dog owner behaviour and trends in relation to education and active supervision of dogs in offleash areas
- The need for careful decision-making relating fencing of off-leash areas, including:
  - 1. the benefits of fencing/partially fencing an off-leash area (e.g. community strengthening/interaction such as provision for older/less mobile dog owners; capacity to locate off-leash areas in closer proximity to less compatible activities; and safety in the case of nearby roads)
  - 2. the implications of fencing (e.g. an increase of inappropriate dogs being off-leash, dog on dog/human incidents; dog litter; cost of establishment (\$200,000-\$350,000+ if it is to address risk management considerations, and dog sensory requirements; ongoing costs associated with maintenance and renewal, risk management and compliance monitoring
  - 3. regulations relating to rules, regulations and control of dogs. The manual highlights that the primary driver for the provision of fencing is coming from owners of poorly behaved, controlled, and educated dogs. and that the purpose of fencing is not for the purpose of keeping uncontrolled dogs contained

### **Key Review Actions**

- 1. To review the Council's Dog-On and Off-Leash laws and any required off leash feasibility study/strategy that considers:
  - On and off-leash provision and possible 'no dog' areas
  - The type and level of provision for off leash areas i.e. service levels Shire wide.
  - When and under what conditions off leash areas fencing may be considered
  - Implications of any change in current policy e.g. in relation to cost, risk management
  - Other matters that are of interest/concern e.g. dog litter, poorly behaved/controlled dogs
  - The needs and views of people who do not want to interact with dogs when in a public place
  - An effective consultation and communication strategy including the use of the new Wellington consultation website and consulting the Domestic Animal Management Reference Group.
- 2. Review and proposing changes as necessary to the existing Orders in Council to ensure they are consistent with proposed changes to the current provision for dog owners/dogs in public places as a result of the 'Dog On/Off Leash Review'.

## 6. DANGEROUS, MENACING AND

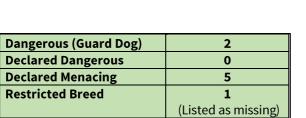

### **RESTRICTED BREED DOGS**

### 6.1 Current situation

Wellington Shire Council actively identifies and manages declared dogs, in accordance with Divisions 3, 3A and 3B of the *Domestic Animals Act 1994.* 

A register of declared dogs is maintained in the Victorian Declared Dog Registry. Annual unannounced visits are conducted by authorised officers to ensure compliance with the legislated requirements for keeping declared dogs. Non-compliance is dealt with swiftly. If necessary, the dogs are seized, and appropriate legal action is taken.

There are currently **8** (eight) declared dogs in Wellington Shire, as follows:

### 6.2 Policies/Procedures

Procedures:	Responding to After Hours Animal Complaints Procedure. Wellington Shire Council Offence Management Guidelines, Section 3: Options for Council Local Laws Officers. Dangerous/Menacing Dog Declaration Procedure. Search Warrants and Seizure Procedure.
Other:	Service delivery contract between Wellington Shire Council and Victoria Animal Aid Trust (requirement to care for seized dogs). Maintenance of Council animal registration database. Standard for Restricted Breed Dogs in Victoria (as amended).

### 6.3 Current educational/promotional activities

- All owners of declared dogs are provided information on their legislative responsibilities.
- Information on reporting or identifying declared dogs is available on Council's website.

### 6.4 Current compliance activities

- Respond to complaints of dangerous/aggressive/attacking dogs, and if necessary, initiate declaration process.
- Follow up inspections and advice to owners of dogs that have been declared dangerous in order to ensure legislative compliance.
- Ensure all declared dog's details are accurately recorded on the Victorian Dangerous Dog Register
- Ensure all declared dog details are accurately recorded on the Council's domestic animal database.

### 6.5 Summary of current situation

In each instance where Council considers declaring a dog either dangerous or menacing, consultation occurs between the owner of the dog, the Local Laws Officer involved and the Manager Municipal Services to ensure procedural fairness. A comprehensive report is compiled and reviewed prior to any decision being made. The report will include, but is not limited to:

- A summary of the incident.
- A risk assessment, calculating the nature and seriousness of the threat to public safety.
- A summary of any similar previous offences.
- Lists any other relevant information.

The relatively small number of declared dogs within the Shire ensures a high level of oversight by Local Laws staff. All declared dogs are inspected at least annually. In 2016, Council increased registration fees for declared dogs to (except for guard dogs) \$200 to cover Council's increased monitoring and enforcement costs. Unannounced inspections occur if there is any concern that legislative responsibilities are not being complied with.

#### 6.6 Our plans

# **Objective 5**

## Maintain continued compliance with legislation relating to declared and restricted breed dogs.

	Activity	Frequency	Evaluation
1)	Continue to inspect properties where declared dogs are kept.	Annually	Reported annually in DAM Plan reviews.
2)	Continue to attend industry information sessions on restricted breed/dangerous/menacing dogs.	As available	Recorded in individual staff training records.
3)	Maintain the Victorian Declared Dog Registry in a timely and accurate manner.	As required	Regular audits of information contained in the registry conducted by Coordinator Local Laws.
4)	Thoroughly investigate reports of dangerous or suspected restricted breed dogs.	As required	Outcome of all investigations recorded on Council's information management system.

## 7. OVERPOPULATION AND HIGH EUTHANASIA RATES

### 7.1 Current situation

Council currently has an agreement with Victorian Animal Aid Trust (Animal Aid) for the provision of its pound and animal shelter services. The agreement expires in July 2022. Prior to the contract expiry, tenders for the continued management of the pound will be sought.

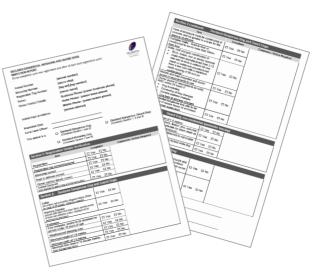

The current agreement requires Animal Aid to comply with the Code of Practice for the Management of Dogs and Cats in Shelters and Pounds. Six monthly audits are conducted by Council staff to ensure compliance with the service specification audit and to ensure all animals are treated humanely, and health and welfare matters are suitably addressed.

### 7.2 Policies/Procedures

Legislative:	Domestic Animals Act 1994 Code of Practice for the Management of Dogs and Cats in Shelters and Pounds
Local Law:	WSC Community Local Law 2021: Part 6: Animals.
Strategies:	Council Plan 2017-2021 Part 7: Community Wellbeing.
Procedures:	Impounding of Unregistered Cats and Dogs Procedure Pet Surrender Process Feral Cat Trap Hire Procedure Responding to After Hours Animal Complaints Procedure
Other:	Service delivery contract between Wellington Shire Council and Victoria Animal Aid Trust (requirement to care for seized dogs).

### 7.3 Current educational/promotional activities

- Weekly 'Pet of the Week' advertisement placed on Council's social media channels.
- Responsible pet ownership material provided to new pet owners.
- Feral cat trapping program.
- Cats/dogs for adoption are placed on the Council website and Animal Aid website.
- Victorian Animal Aid keep a register at the pound, where residents can report lost and found animals. The register is actively followed up by staff.

### 7.4 Current compliance activities

- Respond to and investigate complaints of excessive animals on properties.
- Investigate reports of unregistered cat/dog breeders.
- Work closely with social agencies to assist cat 'hoarders'.
- Facilitate feral cat trapping programs in identified areas.
- Impound wandering cats/dogs with a view to rehousing if owners not located.
- All unclaimed/surrendered animals desexed before adoption.

### 7.5 Summary of current situation

Through Animal Aid's local presence and their Coldstream animal shelter, unclaimed impounded and surrendered pets have an increased opportunity of successful rehousing.

Of the 723 pets impounded in 2020, around 70% were successfully returned to their owners. 81% of pets not reclaimed or were surrendered to Council were successfully rehoused. These figures indicate the successful partnership between Animal Aid and Wellington Shire Council.

A multi-party approach has been adopted to deal with feral cats.

- Wellington Shire Council staff would identify feral cat colonies and implement a trapping program.
- Trapped cats were delivered to and assessed by qualified veterinary staff to establish whether they were suitable for rehoming. Those deemed unsuitable would be euthanised.
- Animal Aid would accept any cat identified as suitable for rehoming and include then in the pet adoption program after sterilisation.

## **Objective 6**

Reduce overpopulation and euthanasia rates of unwanted cats and dogs by maintaining feral cat and pet rehoming programs.

	Activity	Frequency	Evaluation
1)	Continue to actively promote Animal Aid pet adoption program through council website and local media.	Weekly	Pet of the week published weekly via Council's social media.
2)	Promote responsible pet ownership, particularly the importance of desexing and keeping pets at home at night.	Quarterly	At least one responsible pet ownership article released to media quarterly.
3)	Continue with the feral cat trap program in identified problem areas.	As required	Reduced number of complaints in problem areas.
4)	Maintain feral/trespassing cat trap service to residents.	Ongoing	Adequate stock of traps maintained. Booking system maintained.

### 8. DOMESTIC ANIMAL BUSINESSES

### 8.1 Current situation

Wellington Shire Council currently has **26** Domestic Animal Businesses (DAB's) registered within the Shire (see table below).

All registered DABs are inspected annually for compliance with the relevant Code of Practice. Continued registration as a DAB is conditional on compliance with the relevant Code. Breaches of the Code are dealt with by way of notices to comply and work schedules. Continued major breaches are dealt with by way of prosecution and/or refusal by Council to re-register..

Boarding Establishment	7
Animal Shelter	1
Pound/Shelter	1
Breeding/Rearing Establishment	13
Pet Shop	2
Training Establishment	2

In 2018, Animal Welfare Victoria introduced a scheme limiting the number of fertile female dogs to 10 per breeding business, unless approval had been sought and granted by the Minister for Agriculture to keep over 10 and classified as a commercial breeder. In any event, no more than 50 fertile female dogs can be kept at any breeding business. The scheme became law on 10 April 2020 however, there have been delays implementing the changes. As such, a Governor in Council extension was granted, delaying the commencement of the scheme. It is expected the exemption will expire in June 2021 or thereabouts.

Wellington Shire Council currently has three breeding establishments, with commercial breeder approval. Several other breeding establishments have applied to the Minister and are awaiting a decision.

### 8.3 Current educational/promotional activities

- Inclusion of all DAB proprietors in the consultation process for this plan.
- Regular interaction and communication with DAB proprietors to obtain/maintain positive working relationships.
- Promotion of DJPR and DAB publications and website resources.
- Provision of advice relating to legislative requirements to DAB proprietors.

### 8.4 Current compliance activities

- Initial and annual registration processes.
- Annual and if necessary unannounced inspections of all DAB's, to determine compliance with the relevant Code of Practice.
- Follow-up of identified instances of noncompliance, including notices to comply and if necessary, suspension of registration and prosecution.
- Regular monitoring of internet pet for sale sites (such as dogzonline and Facebook) to identify any unregistered DAB's that may be operating within the Shire.
- Combined operations with RSPCA, and Victoria Police where illegal activities are reported/suspected.
- Provision of information regarding commercial breeder applications to Animal Welfare Victoria as requested.

### 8.5 Summary of current situation

A priority of Council is to achieve compliance and ensure the welfare of the animals in the care of all domestic animal businesses.

All complaints relating to DAB's are investigated, regardless of the source. Apart from anonymous complaints, all complainants are contacted and advised of any action taken in response to their concerns.

As noted in paragraph 8.1, Victoria is currently transitioning to a scheme requiring breeding businesses with more than 10 fertile females to apply to the Minister for Agriculture for a commercial breeder licence. No breeding establishment will be permitted to keep more than 50 fertile females. Council staff will be actively visiting all breeding establishments to ensure these limits are not exceeded.

## **Objective 7**

Ensure all domestic animal businesses within the Shire are identified and regulated in accordance with the *Domestic Animals Act 1994* and relevant Codes of Practice.

Activity		Frequency	Evaluation
1)	Attend DJPR animal management seminars in order to remain conversant with updated legislation relating to DAB's.	As required	Seminars attended by Local Laws staff and recorded in individual training records.
2)	Investigate all reports of illegal breeding establishments.	Ongoing	All complaints and responses recorded on Council's electronic record management system.
3)	Maintain an accurate register of all DABs within the Shire.	Ongoing	DAB Register (LL25) periodically audited to ensure accuracy.
4)	Respond to DAB information requests from Animal Welfare Victoria in a timely manner.	As required	Responses recorded in Council's electronic record management system.
5)	Maintain an inspection schedule to ensure all registered DABs are inspected at least annually.	Ongoing	Inspection schedules and subsequent audits recorded on Council's electronic record management system.
6)	Conduct unannounced inspections of DABs in response to reports/concerns from members of the public.	As required	All complaints and responses recorded on Council's electronic record management system.

# 9. ANIMALS IN EMERGENCIES

#### 9.1 Current situation

Wellington Shire Council has historically been impacted by major floods and fires, which have had a devastating effect on the environment, property, the wellbeing of residents and their animals.

The welfare of animals can be a deciding factor for people in making decisions about their personal welfare, including evacuating a threatened property or seeking emergency shelter. Animal owners and carers have the ultimate 'duty of care' to plan and provide for the needs of animals in their care. However as recently witnessed, several organisations and groups share animal welfare responsibility and together have an enormous capacity and willingness to assist affected people and attend to the needs of impacted animals.

Wellington Shire Council is responsible for the coordination, provision, and operation of emergency relief centres and by doing so is also responsible for the coordination and provision of safe refuges for affected animals and the management of animal welfare at its relief centres.

#### 9.2 Policies/Procedures

Strategies:	Council Plan 2017-2021 Part 7: Community Wellbeing.		
Procedures:	Wellington Shire Council Municipal Emergency Management Plan Wellington Shire Council Emergency Animal Welfare Plan		
Other:	Emergency Management Manual Victoria Victorian Emergency Animal Welfare Plan Guidelines for Managing Animals at Emergency Relief Centres, Assembly Areas or Other Places of Emergency Shelter		

#### 9.3 Current educational/promotional activities

- Emergency information available on Council's website
- Copies of Emergency Animal Welfare Plan issued to Animal Welfare Victoria, RSPCA and Animal Aid Gippsland
- Annual emergency management refresher training to Local Laws staff

#### 9.4 Summary of current situation

The devastation of the bushfires in East Gippsland and the northeast made the summer of 2019/2020 a historic emergency response challenge for several Victorian agencies, including Wellington Shire.

Wellington Shire Council opened emergency relief centres for people and their animals who found themselves homeless during the emergency.

Providing safe refuge for animals allowed the owners to cope with the impact of the bushfires, knowing their animals were safe and cared for.

#### 9.5 Our Plans

# **Objective 8**

Remain in a constant state of readiness in order to respond rapidly and appropriately to any emergency involving people, their pets and animals.

	Activity	Frequency	Evaluation
1)	Ensure sufficient emergency response equipment is available for rapid deployment.	Six-monthly	Stocktake of equipment is conducted.
2)	Conduct annual inspections of safe refuges to ensure they remain suitable as temporary accommodation for pets/animals.	Annually	Inspections are conducted and the results recorded.
3)	Conduct annual audits of Council's Emergency Animal Welfare Plan to ensure currency.	Annually	Wellington Shire Council Emergency Animal Welfare Plan is current and correct.

# **10. REVIEW OF DOMESTIC ANIMAL** MANAGEMENT PLAN

#### **10.1 Current situation**

Section 68A (1) of the *Domestic Animal Act 1994* requires every Council to prepare a domestic animal management plan by 4 December 2021, and every four years thereafter.

Section 68A (3) of the Domestic Animal Act 1994 requires every Council to:

- (a) Review its domestic animal management plan annually and, if appropriate amend the plan;
- (b) Provide the Secretary with a copy of the plan and any amendments to the plan;
- (c) Publish an evaluation of its implementation of the plan in its annual report.

#### **10.2 Policies/procedures**

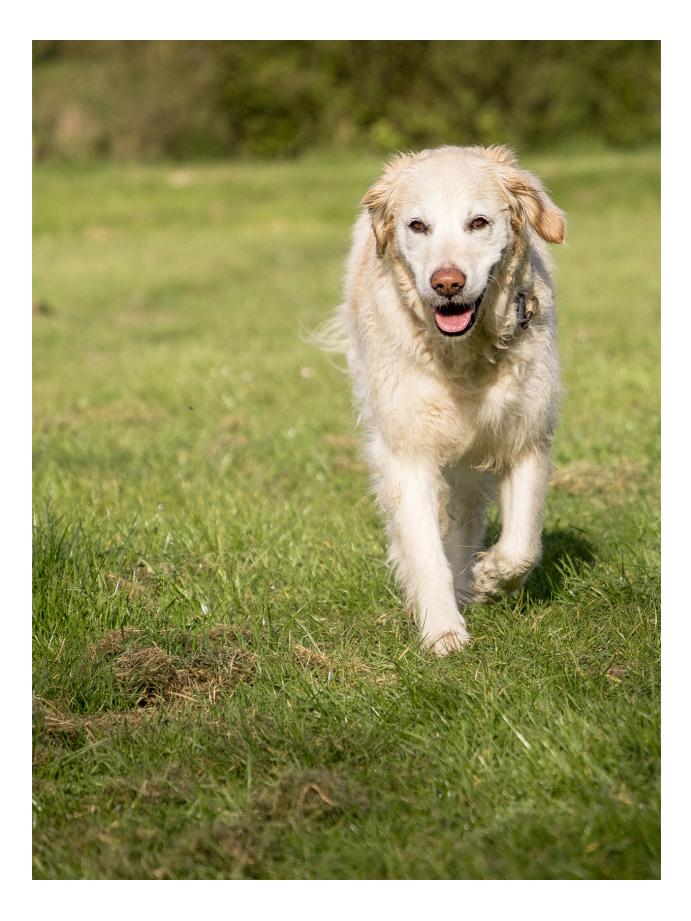

Legislative: Domestic Animals Act 1994

#### 10.3 Our plans

# **Objective 9**

To maintain compliance with the requirements of Section 68A of the *Domestic Animals Act 1994* by conducting annual and four-yearly reviews of Council's Domestic Animal Management Plan.

#### 14.3. AUGUST 2021 PLANNING DECISIONS

#### ACTION OFFICER: MANAGER LAND USE PLANNING

#### PURPOSE

To provide a report to Council on recent planning permit trends and planning decisions made under delegation by Statutory Planners during the month of August 2021.

#### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

#### RECOMMENDATION

That Council note the report on recent Planning Permit trends and Planning Application determinations between 1 August and 31 August 2021.

#### BACKGROUND

Statutory Planners have delegated authority under the *Planning and Environment Act 1987* to make planning decisions in accordance with the *Planning and Environment Act 1987* and the Wellington Planning Scheme, including the issue of planning permits, amended permits, extensions of time, refusal of planning permits and notices of decision to grant a planning permit.

A copy of planning permit decisions made between 1 August and 31 August 2021 is included in Attachment August 2021 Planning Decisions Report.

Attachment August 2021 Planning Trends Report provides an overview of recent planning permit trends including decisions made, efficiency of decision making and the estimated value of approved development (derived from monthly planning permit activity reporting data).

#### ATTACHMENTS

- 1. August 2021 Planning Decisions Report [14.3.1 6 pages]
- 2. August 2021 Planning Trends Report [14.3.2 3 pages]

#### OPTIONS

Council has the following options available:

- 1. Receive the August 2021 planning decisions report; or
- 2. Not receive the August 2021 planning decisions report and seek further information for consideration at a future Council meeting.

#### PROPOSAL

That Council note the report of recent planning permit trends and planning application determinations between 1 August and 31 August 2021.

#### **CONFLICT OF INTEREST**

No staff and/or contractors involved in the compilation of this report have declared a Conflict of Interest.

#### FINANCIAL IMPACT

This impact has been assessed and there is no effect to consider at this time.

#### COMMUNICATION IMPACT

The monthly report communicates information about planning trends and determinations including the issue of planning permits, amended permits, refusal of planning permits, and notices of decision to grant a planning permit.

#### LEGISLATIVE IMPACT

All planning decisions have been processed and issued in accordance with the *Planning and Environment Act 1987* and the Wellington Planning Scheme.

#### COUNCIL POLICY IMPACT

All planning decisions have been issued after due consideration of relevant Council policy, including Council's Heritage Policy, and the requirements of the Planning Policy Framework in the Wellington Planning Scheme.

#### COUNCIL PLAN IMPACT

The Council Plan 2017-21 Theme 2 Services & Infrastructure states the following strategic objective and related strategies:

**Strategic Objective 2.3:** *"Wellington Shire is well planned, considering long term growth and sustainability."* 

<u>Strategy 2.3.2</u>: "Ensure sufficient land supply to provide for a range of lifestyle."

<u>Strategy 2.3.3</u>: "Recognise and advocate for best practice land development which considers energy efficiency and sustainability for housing."

This report supports the above Council Plan strategic objective and strategies.

#### **RESOURCES AND STAFF IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **COMMUNITY IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **ENVIRONMENTAL IMPACT**

Planning decisions are made in accordance with the relevant environmental standards to ensure that environmental impacts are minimised.

#### **ENGAGEMENT IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **RISK MANAGEMENT IMPACT**

#### 15. GENERAL MANAGER BUILT AND NATURAL ENVIRONMENT

#### **15.1. ASPHALT RESHEETING PROGRAM**

#### ACTION OFFICER: MANAGER ASSETS AND PROJECTS

#### PURPOSE

The purpose of this report is for Council to consider entering into a contract for asphalt resheeting of urban roads in various locations throughout the shire.

#### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

#### RECOMMENDATION

#### That:

- 1. Council adopt the recommendations contained in the attached confidential Tender Evaluation Report of the Council Meeting Agenda for Contract 2022 039 Asphalt Re-sheeting of Urban Streets; and
- 2. The information contained in the confidential attachment Contract 2022 -039 Asphalt Re-sheeting of Urban Streets and designated confidential under Section 3(1) Confidential Information of the Local Government Act 2020 by the General Manager Built and Natural Environment on 05 October 2021 because it relates to the following grounds: (g) private commercial information, being information provided by a business, commercial or financial undertaking that if released, would unreasonably expose the business, commercial or financial undertaking to disadvantage; be designated confidential information under Section 3(1) Confidential Information of the Local Government Act 2020, except that once this recommendation has been adopted the name of the successful tenderer can be made public.

#### BACKGROUND

The asphalt resheeting urban streets program is an annual program targeted at highly trafficked streets, carparks or reserves where a spray sealing treatment is not cost effective. The works comprise, but are not limited to major patching, asphalt resurfacing and linemarking of the resurfaced pavement.

Accordingly, a tender was advertised for these works and has been evaluated and a contract has now been prepared for Council's consideration.

- 2. CONFIDENTIAL REDACTED Contract 2022-039 Asphalt Re-sheeting Urban Streets 2021-22 Tender Evaluation Report [**15.1.2** 5 pages]

#### **OPTIONS**

Council has the following options available:

- 1. Adopt the recommendations contained in the attached confidential Tender Evaluation Report for Contract 2022 039 Asphalt Re-sheeting of Urban Streets;
- 2. Not enter into a contract and not proceed with these works at this time.

#### PROPOSAL

That Council adopt the recommendations contained in the attached confidential Tender Evaluation Report for Contract 2022 039 Asphalt Re-sheeting of Urban Streets 2021-22.

#### CONFLICT OF INTEREST

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

#### **FINANCIAL IMPACT**

These works have been budgeted for under the 2021-2022 capital works program.

#### **COMMUNICATION IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### LEGISLATIVE IMPACT

Wellington Shire Council is committed to ensuring the Contract tendering process complies with the *Local Government Act 1989*, *Local Government Act 2020* and the Victorian Local Government Code of Tendering.

#### COUNCIL POLICY IMPACT

These works are in line with Council's policies of maintaining and enhancing Council's infrastructure.

#### **COUNCIL PLAN IMPACT**

The Council Plan 2017-21 Theme 2 Services & Infrastructure states the following strategic objective and related strategy:

**Strategic Objective 2.2:** *"Council assets are responsibly, socially, economically and sustainably managed."* 

<u>Strategy 2.2.3</u>: "Continue to maintain and enhance Council's built environment for public amenity and long-term sustainability."

This report supports the above Council Plan strategic objective and strategy.

#### **RESOURCES AND STAFF IMPACT**

This project will be undertaken with the resources of the Assets and Projects unit.

#### **COMMUNITY IMPACT**

There will be little impact on the community in delivering this project with short term impact to road users while the works are in progress, however the long term impact will be positive with the benefit of upgraded road surfaces.

#### ENVIRONMENTAL IMPACT

This impact will have minimal environmental impact, with the contractors providing an Environmental Management Plan which will be strictly monitored.

#### **ENGAGEMENT IMPACT**

Wellington Shire Council's standard consultation practices will be implemented on this project.

#### **RISK MANAGEMENT IMPACT**

It is considered that the proposed contract works will not expose Wellington Shire Council to any significant risks. All Occupational Health and Safety risks will be discussed with the contractor and allocated to the party in the best position to manage each risk.

#### 15.4. ROAD EXCHANGE - BUXTONS ROAD, STRADBROKE

#### ACTION OFFICER: MANAGER BUILT ENVIRONMENT

#### PURPOSE

The objective of this report is for Council to consider a road exchange by deviating a section of unused Government Road over the part of Crown Allotment 4A Section B Parish of Coolungoolun forming the current alignment of Buxtons Road in Stradbroke.

#### PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

#### RECOMMENDATION

#### That:

- 1. Pursuant to Section 206 including Clause 2 of Schedule 10 and Section 207A of the Local Government Act 1989, Council resolves to advertise its intention to undertake a road exchange be deviating a section of unused Government Road south of Crown Allotment 4A, Section B, Parish of Coolungoolun over the current alignment of Buxtons Road traversing through Crown Allotment 4A, Section B, Parish of Coolungoolun; and
- 2. Council place a public notice of the proposed road exchange in local newspapers and serve a notice on statutory authorities; and
- 3. Council appoints three Councillors plus an alternative representative to form the 'Buxtons Road Exchange Committee' that is established by Council under Section 223(1)(b)(i) of the Act, to consider written submissions/objections and to hear any persons who in their written submission under section 223 of the Act have been requested that they be heard in support of their submission/objection; and
- 4. In the event that there are no objections or submissions, Council authorise the Chief Executive Officer to progress the road exchange including placing a notice in the Victoria Government Gazette.

#### BACKGROUND

The purpose of this report is to seek approval from Council to undertake a road exchange to formalise the road tenure over a section of Buxtons Road that currently traverses through private property at Stradbroke by undertaking a road deviation process using provisions of the *Local Government Act*.

Council officers became aware in mid-2020 that there was a possible anomaly in the road and property boundary alignments at the western end of Buxtons Road, when it was brought to our attention by the property owner.

On further investigation Council officers were able to confirm that a section of approximately 300m of Buxtons Road at is western end, does traverse through private property (CA4 Sec B, Parish of Coolungoolun). It is understood historically that this section of Buxtons Road (on freehold land) has always been along this alignment. The property owner is in acknowledgment of this historical road alignment and is agreement with the road exchange process being proposed as a means to rectify this discrepancy.

Council officers have also contacted the adjacent property owners with regards to the proposed road exchange and have also discussed the possibility of extending the road exchange proposal to include the extension of the unused Government Road abutting their property titles to the west. Though, as this extended proposal would require their two titles to be consolidated into one title in the road exchange process the owners have elected not to participate in any extension to the current proposal.

An aerial photo of the general area and the highlighting of the unused section of Government Road and the alignment of Buxtons Road running through private property that will form this road exchange are shown in Attachment 1.

A road exchange plan showing this proposal in more details is shown in Attachment 2. The unused Government Road to be closed and deviated is shown in yellow, whilst the land shown in pink is the land to be exchanged.

Council officers have formalised discussions with the Department of Environment Land, Water and Planning (DELWP) regarding this proposal. Approval involving the closing of the section of Government Road and for its exchange for the land on which road traverses being a part of CA4 Sec B, Parish of Coolungoolun was sought from the department. DELWP have provided their formal consent as the delegate for the Minister of Energy, Environment and Climate Change with relation to the proposal. A copy of this consent is provided in Attachment 3.

- 3. Consent for Road Deviation Stradbroke 13-9-2021 signed [15.4.3 1 page]

#### **OPTIONS**

Council has the following options available:

- 1. Progress the deviation of the unused Government Road and road exchange process, in accordance with this report; or
- 2. Not agree to the deviation of the unused Government Road and abandon the road exchange.

#### PROPOSAL

That:

- Pursuant to Section 206 including Clause 2 of Schedule 10 and Section 207A of the Local Government Act 1989, Council resolves to advertise its intention to undertake a road exchange be deviating a section of unused Government Road south of Crown Allotment 4A, Section B, Parish of Coolungoolun over the current alignment of Buxtons Road traversing through Crown Allotment 4A, Section B, Parish of Coolungoolun;
- 2. Council place a public notice of the proposed road exchange in local newspapers and serve a notice on statutory authorities;
- 3. Council appoints three Councillors plus an alternative representative to form the 'Buxtons Road Exchange Committee' that is established by Council under Section

223(1)(b)(i) of the Act, to consider written submissions/objections and to hear any persons who in their written submission under section 223 of the Act have been requested that they be heard in support of their submission/objection.

4. In the event that there are no objections or submissions, Council authorise the Chief Executive Officer to progress the road exchange including placing a notice in the Victoria Government Gazette.

#### CONFLICT OF INTEREST

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

#### FINANCIAL IMPACT

By completing the road exchange Council will incur costs for stamp duty, legal and survey costs. These costs can be accommodated within existing budgets.

#### COMMUNICATION IMPACT

This impact has been assessed and there is no effect to consider at this time.

#### LEGISLATIVE IMPACT

The road exchange is being undertaken pursuant to Section 206 including Clause 2 of Schedule 10 of the *Local Government Act 1989*.

#### COUNCIL POLICY IMPACT

The Sale, Exchange and Acquisition of Land Council Policy outlines the principles in dealing with land transactions and any transactions progressed as part of this proposed exchange and sale will be performed in accordance with Section 4.3.6 Sale, Exchange and Acquisition of Land of that policy.

#### COUNCIL PLAN IMPACT

The Council Plan 2017-21 Theme 2 Services & Infrastructure states the following strategic objective and related strategy:

**Strategic Objective 2.2:** *"Council assets are responsibly, socially, economically and sustainably managed."* 

<u>Strategy 2.2.3</u>: "Continue to maintain and enhance Council's built environment for public amenity and long-term sustainability."

This report supports the above Council Plan strategic objective and strategy.

#### **RESOURCES AND STAFF IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### **COMMUNITY IMPACT**

There will be no negative identifiable community impact as there will be no identifiable change to the road formation as seen on the ground and the road will remain open for public traffic.

#### **ENVIRONMENTAL IMPACT**

This impact has been assessed and there is no effect to consider at this time.

#### ENGAGEMENT IMPACT

Wellington Shire Council policy requires that notification of the proposal is sent to adjacent property owner. The adjacent landowner has been notified of the proposal.

#### **RISK MANAGEMENT IMPACT**

Risk management impacts associated with the recommendation within this report have been addressed accordingly a Licenced Surveyor with prepare the plan of subdivision for the road deviation and Council's solicitor will prepare relevant documents and agreements associated with the road exchange and transfer process.

## **15.5. NATIONAL PARK ROAD SAFETY TREATMENTS PROJECT**

## ACTION OFFICER: MANAGER BUILT ENVIRONMENT

## PURPOSE

The purpose of this report is to provide Council a recommendation to cease implementation of the National Park Road Safety Treatment Project, Loch Sport.

## PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

## RECOMMENDATION

## That:

- 1. Council notes the majority of the community feedback received regarding the proposed National Park Road Safety Treatment Project identified as part of Council's 2021/22 capital works program, does not support the installation of raised safety platforms;
- 2. In considering the community feedback received, Council does not proceed with the proposed National Park Road Safety Treatments project, and authorises the Chief Executive Officer to redirect the available budget to support the planning, design and implementation of the Urban Paths Program;
- 3. Council authorise the Chief Executive Officer to write to the Loch Sport Business and Tourism Association, the Loch Sport Community Representative Group and the participants who completed the online survey, and to publish an article in the Loch Sport newsletter, to inform them of Council's decision in relation to this matter;
- 4. Council notes the requests received to investigate a town wide 50km/h speed limit for Loch Sport and on this basis authorise the Chief Executive Officer to commence engagement with Regional Roads Victoria regarding this request.

## BACKGROUND

The proposed National Park Road Safety Treatments project involves the installation of Raised Safety Platforms at five key locations along National Park Road, Government Road and Sanctuary Road in Loch Sport. These locations were at the following intersections:

- Government Road and Warren Street;
- Sanctuary Road and Cliff Street;
- National Park Road and the Loch Sport Hall entrance;
- National Park Road and Goodlett Avenue; and
- National Park Road and Horder Street.

Council staff met with both the Loch Sport Business and Tourism Association and the Loch Sport Community Representative Group earlier in the year on 4 May 2021, to discuss the proposal. Following these meetings, Wellington Shire Council received 45 customer requests in relation to the proposed project, where 14 requests were in favour and 31 were against in installation of raised safety platforms.

Broader community engagement was undertaken between May 2021 and August 2021 via Council's Your Wellington Your Say project page which included:

- information regarding the project background and planning;
- images of previous Raised Safety Platforms installed in Seaspray;
- an information brochure on Raised Safety Platforms / raised pavements completed by Safe System Solutions;
- concept designs for the Raised Safety Platforms; and
- a survey of four questions to identify the level of support for the project from a community level.

The Your Wellington Your Say project page was advertised via Council's Facebook page, emails were also sent to community groups and to both corporate and local emergency services providers. Posters advertising the project and the Your Wellington Your Say page were also placed around the township at key locations.

The Your Wellington Your Say project page saw 220 visits, with 63 visitors actively completing the survey. The key message from this engagement was that 65% of participants were against the installation of raised safety platforms with the remaining 35% of participants in favour. Furthermore 51% of participants believed that there was an issue with speed along the targeted roads and 49% did not.

Throughout the engagement process, a key theme from the customer requests received and from the discussions with community groups was the desire for a 50km/h speed limit for the township of Loch Sport.

A number of Councillors and Council Staff also met with representatives from the Loch Sport Business and Tourism Association and Local Emergency Service's once the survey was closed to discuss the outcomes and possible next steps. Those in attendance were supportive of the proposed recommendation.

Further to the above there are only four roads in Loch Sport with a speed limit of 60km/h which are National Park Road, Government Road, Sanctuary Road and Wallaby Street. The remaining streets within the town are 50km/h. In consideration of the feedback received Council officers propose to commence discussions with Regional Roads Victoria regarding this proposed speed limit change.

## **OPTIONS**

Council has the following options available:

- 1. That:
  - Council notes the majority of the community feedback received regarding the proposed National Park Road Safety Treatment Project identified as part of Council's 2021/22 capital works program, does not support the installation of raised safety platforms;

- b. In considering the community feedback received, Council does not proceed with the proposed National Park Road Safety Treatments project, and authorises the Chief Executive Officer to redirect the available budget to support the planning, design and implementation of the Urban Paths Program;
- c. Council authorise the Chief Executive Officer to write to the Loch Sport Business and Tourism Association, the Loch Sport Community Representative Group and the participants who completed the online survey, and to publish an article in the Loch Sport newsletter, to inform them of Council's decision in relation to this matter;
- d. Council notes the requests received to investigate a town wide 50km/h speed limit for Loch Sport and on this basis authorise the Chief Executive Officer to commence engagement with Regional Roads Victoria regarding this request.
- 2. As above but further to point d, Council does not authorise further investigation and engagement with Regional Roads Victoria regarding a town wide 50km/h speed limit.
- 3. Council proceeds with the proposed National Park Road Safety Treatments project.

## PROPOSAL

Council notes the majority of the community feedback received regarding the proposed National Park Road Safety Treatment Project identified as part of Council's 2021/22 capital works program, does not support the installation of raised safety platforms.

In considering the community feedback received, Council does not proceed with the proposed National Park Road Safety Treatments project, and authorises the Chief Executive Officer to redirect the available budget to support the planning, design and implementation of the Urban Paths Program.

Council authorise the Chief Executive Officer to write to the Loch Sport Business and Tourism Association, the Loch Sport Community Representative Group and the participants who completed the online survey, and to publish an article in the Loch Sport newsletter, to inform them of Council's decision in relation to this matter.

Council notes the requests received to investigate a town wide 50km/h speed limit for Loch Sport and on this basis authorise the Chief Executive Officer to commence engagement with Regional Roads Victoria regarding this request.

## **CONFLICT OF INTEREST**

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

## FINANCIAL IMPACT

These works had been budgeted for under the 2021-2022 capital works program. The savings from ceasing the National Park Road Safety Treatments project could be redirected to the ongoing planning, design and implementation of the Urban Paths Program.

## **COMMUNICATION IMPACT**

Council officers will formally write to the Loch Sport Business and Tourism Association, the Loch Sport Community Representative Group and those who completed the survey and publish an article in the local Loch Sport newsletter to inform of them of Councils decision in relation to this matter.

## LEGISLATIVE IMPACT

This impact has been assessed and there is no effect to consider at this time.

## COUNCIL POLICY IMPACT

This impact has been assessed and there is no effect to consider at this time.

## **COUNCIL PLAN IMPACT**

The Council Plan 2017-21 Theme 2 Services & Infrastructure states the following strategic objective and related strategy:

**Strategic Objective 2.2:** *"Council assets are responsibly, socially, economically and sustainably managed."* 

<u>Strategy 2.2.3</u>: "Continue to maintain and enhance Council's built environment for public amenity and long-term sustainability."

This report supports the above Council Plan strategic objective and strategy.

## **RESOURCES AND STAFF IMPACT**

Should Council choose not to proceed with this project no significant impacts resource or staffing impacts are expected. The proposed alternatives can be delivered and managed by the Built Environment and Assets and Projects Teams.

## **COMMUNITY IMPACT**

Ceasing this project is likely to have both a positive and negative impact on the community. The survey through Council's Your Wellington Your Say project page suggested 35% of participants supported the proposed treatments, whilst 65% were not in support of the project. Furthermore 51% of participants believed that there was an issue with speed along the targeted roads and 49% did not.

## ENVIRONMENTAL IMPACT

Ceasing this project will have no significant environmental impact.

## **ENGAGEMENT IMPACT**

Wellington Shire Council officers will formally write to both the Loch Sport Business and Tourism Association and the Loch Sport Community Representative Group to inform of them of Councils decision in relation to this matter.

## **RISK MANAGEMENT IMPACT**

It is considered that ceasing the National Park Road Safety Treatments project will not expose Wellington Shire Council to any significant risks.

## **15.6. FOOTPATH RENEWAL WORKS**

## ACTION OFFICER: MANAGER ASSETS AND PROJECTS

## PURPOSE

## 16.1. COMMUNITY ASSISTANCE GRANTS - AUGUST 2021

## **ACTION OFFICER: MANAGER COMMUNITIES, FACILITIES AND EMERGENCIES**

## PURPOSE

For Council to approve the allocation of Community Assistance Grants August 2021 funds, as detailed in Attachment 1 – CAG Aug 2021 Recommendations – and applicants being notified of the outcome of their applications.

## PUBLIC QUESTIONS AND COMMENTS FROM THE GALLERY

## RECOMMENDATION

That Council approves the allocation of Community Assistance Grants August 2021 funds, as detailed in Attachment 1 – CAG Aug 2021 Recommendations – and applicants being notified of the outcome of their applications.

## BACKGROUND

Council's Community Assistance Grants Scheme encourages development of initiatives in the community in line with Council's vision, Wellington 2030, and the Wellington Shire Council Plan 2017-21. The scheme aims to build community capacity, encourage participation in cultural development and support community initiatives that promote participation.

Not for profit community groups operating in the Wellington Shire can apply for a Community Assistance Grant of over \$2,000 to \$5,000. There are annually two Community Assistance Grant rounds in March and August with funding categories - Events, Projects and Facilities.

Applications received that successfully meet the criteria are eligible to be prioritised for funding.

For the August 2021 round, the following applications have been received and recommendations made, with full details in Attachment 1.

CAG August 2021		Events	F	Projects		Facilities		TOTAL
Applications received	13	\$62,335.50	6	\$30,000	9	\$43,869.20	28	\$136,204.70
Applications recommended	13	\$62,335.50	6	\$30,000	9	\$43,869.20	28	\$136,204.70

Applications are assessed by a Community Assistance Grants Panel (the panel), which comprises staff at a management and/or coordinator level.

Each application is assessed on its benefit to the community, ability to fulfil a community need, project planning and the capacity of the applicant to deliver the project. The panel provides advice and recommendations to Council based on published Attachment 2 CAG AUG 2021 Guidelines and Assessment Criteria.

## **ATTACHMENTS**

- 1. Attachment 1 CAG Aug 2021 Recommendations [16.1.1 4 pages]
- 2. Attachment 2 CAG AUG 2021 Guidelines & Assessment Criteria [16.1.2 8 pages]

## **OPTIONS**

Council has the following options available:

- Approve the allocation of Community Assistance Grants August 2021 funds, as detailed in Attachment 1 – CAG Aug 2021 Recommendations – and applicants being notified of the outcome of their applications; or
- 2. Seek further information for consideration at a future meeting of Council.

## PROPOSAL

That Council approves the allocation of Community Assistance Grants August 2021 funds, as detailed in Attachment 1 – CAG Aug 2021 Recommendations – and applicants being notified of the outcome of their applications.

## CONFLICT OF INTEREST

No staff and/or contractors involved in the compilation of this report have declared a conflict of interest.

## FINANCIAL IMPACT

Funding will be through the Community Assistance Grant Scheme within the Community Wellbeing budget. The total available budget for the 2021/22 Community Assistance Grant and the Quick Response Grant Scheme is \$341,398.

28 applications are recommended for the August 2021 funding round total funding \$136,204.70.

## **COMMUNICATION IMPACT**

The funding of these events and projects will facilitate positive community relationships with Wellington Shire Council, highlighting Council's commitment to supporting not for profit community organisations in the delivery of their activities, projects and events that benefit the wider community.

## LEGISLATIVE IMPACT

This impact has been assessed and there is no effect to consider at this time.

## COUNCIL POLICY IMPACT

This impact has been assessed and there is no effect to consider at this time.

## COUNCIL PLAN IMPACT

The Council Plan 2017-21 Theme 1 Communities states the following strategic objective and related strategy:

**Strategic Objective 1.2:** "Celebrate, recognise and acknowledge our diverse community and improve social connections among youth, aboriginal and aged communities."

<u>Strategy 1.2.1</u>: "Ensure that Council services, facilities and events promote inclusivity, social connectedness and accessibility."

This report supports the above Council Plan strategic objective and strategy.

## **RESOURCES AND STAFF IMPACT**

This impact has been assessed and there is no effect to consider at this time.

## COMMUNITY IMPACT

The funding of these events, projects and facilities projects will have a significant positive impact on the community and provide help to increase the range of activities that the wider Wellington community can access and be a part of. Successful applicants have demonstrated a community need that will be filled through receiving the funding and show a community benefit through project outcomes.

## ENVIRONMENTAL IMPACT

All events, projects and facilities projects' applicants are encouraged to consider the environmental impacts that will be produced through delivering their grant outcomes and have appropriate measures in place to manage them.

## **ENGAGEMENT IMPACT**

Council officers were involved in consultation with grant applicants to provide advice and assistance in the completion of event grant applications.

## **RISK MANAGEMENT IMPACT**

The events industry is strongly legislated, and all events are encouraged to comply with current occupational health and safety legislative and best practice safety standards. It is the responsibility of applicants to ensure that their projects comply with all current rules and regulations.

## What will not be funded?

Funding cannot be used for the following:

- Scholarships and awards. Applicants who request Council funding for trophies, uniforms, prizes, wages and honorariums will need to provide specific reasons why the funds are required for these items, prior to their application being assessed.
- Projects that deliver a direct and focused religious or party political message.
- Projects associated with or hosted at areas/facilities with or designed for gaming machines, gambling and betting and commercial licensed venues.
- Funding deemed to be used for a primarily commercial benefit.

## **Grant Types**

## **Projects**

Project grants aim to support a broad range of community initiatives and provide financial assistance to projects that are important to the community.

Successful applicants must demonstrate a community need that will be filled through receiving the funding and show a community benefit through project outcomes.

Equipment purchases and project planning are also considered under this fund.

## **Events**

Event grants aim to bring the community together and actively engage them in an event or activity. This includes activities and events that signify the social, cultural, historic and environmental identity of the area.

Applicants must show evidence of bringing the community together and a demonstrated capacity to deliver the event.

Community Events funding provides assistance to increase the range of events and activities that the wider community can access and be a part of.

## **Facilities**

Facilities grants aim to provide assistance to community groups to undertake minor capital works projects and maintenance on community facilities.

Projects incorporating environmentally sustainable initiatives such as passive energy design, energy usage and water harvesting are encouraged.

Capital works are defined as building extensions and improvements. Playing surface improvements and lighting projects are also considered to be capital works items. Built in or fixed equipment may also be considered for funding.

The aim of funding should be to increase the access and use of a facility for the community.

Applicants must show evidence of the use of the facility and demonstrated capacity to deliver the project.

## Criteria - General

After reading the funding guidelines, you should contact the **Grants Officer 1300 366 244** to seek an application form and feedback on your proposal. This will ensure you are eligible to apply and your application meets the funding guidelines.

- 1. Grants are available to not for profit community groups operating in the Wellington Shire. Schools are not eligible, although they could be partners in projects.
- 2. Projects must service the residents of and be <u>administered</u> in the Wellington Shire.
- 3. All applicants must provide a copy of a current Public Liability Insurance policy that will be used to cover the event/project.
- 4. Applicants who have previously been successful in receiving funding MUST have completed all acquittals and complied with Council requirements prior to being considered for the current funding round.
- 5. All Events/Projects must ensure inclusivity, social connectedness and accessibility has been considered.
- 6. Multiple applications for the same event or project will not accepted.
- 7. Events/Projects that are primarily for the purpose of fundraising will be required to demonstrate the Community benefits in addition to the fundraising outcome
- 8. Events/Projects must commence after 1 November 2021 and take place by 30 November 2022. Acquittal forms must be submitted to Council within 8 weeks of the event or project completion.
- 9. Applicants must be incorporated bodies or have an established legal entity. If your organisation is not incorporated or doesn't have an ABN you will be required to provide the details of an auspice organisation. The auspice organisation will receive the grant funding on your behalf and will ultimately be responsible for the acquittal.
- 10. If your organisation is incorporated but does not have an ABN, a 'Statement by a Supplier Reason for Not Quoting an ABN' form must be included with your application. This form is available from the Australian Tax Office website.
- 11. Council will provide \$3 for every \$1 contributed by the applicant i.e. if you are applying for a \$5,000 grant you must contribute \$1,666. The contribution can be in-kind support, volunteer labour or a monetary contribution.
- 12. For all council expenditure items of \$1,000 or more you must include a quote or evidence of the item cost. Facility applications must include a quote for all expenditure items.
- 13. Unsuccessful applications will be ineligible to apply for the same project in the future unless otherwise advised.
- 14. Applications must be completed and returned by 5.00pm on Tuesday 3 August 2021. The closing date will apply for all applications. No late applications will be accepted.
- 15. You will be notified in writing of the outcome of your grant by 22 October 2021. You are welcome to contact the Grants Officer for further feedback. Once you receive confirmation and returned a completed funding agreement it can take up to six weeks for the funding to arrive in your bank.
- 16. Applications deemed to be for commercial benefit will not be considered. This will be determined on a case by case basis. This will include applications where the main beneficiary is a business.
- 17. Applications must be completed in full and have sufficient evidence to make a reasonable assessment of the application. Council reserves the right to further investigate aspects of the application. Applications and Acquittals must be on the correct form.

- 18. Applicants must not already be receiving substantial financial support from Council.
- 19. Applicants who are under agreement to receive no further financial contribution from Council are ineligible to apply.
- 20. Funding must not be regarded as a recurrent commitment from Council. There is no guarantee a recurring project, activity or event will be funded in the future. Funding is limited.
- 21. Council may reduce the amount allocated to you if the funding applied for is considered unsubstantiated, excessive, or if you have previously received funding.
- 22. Successful applicants will be required to complete a Funding Agreement, which includes the conditions of grant funding. You may also be asked to comply with additional conditions.
- 23. Funding must be returned if the event is not completed in line with the Funding Agreement. Any excess funding must be returned.
- 24. Council encourages the sharing of resources in the community as a way of creating partnerships. If Council is aware of an alternative option available to you, it will recommend it as an alternative to funding.
- 25. You are required to acknowledge Wellington Shire Council's support of your event or project as specified in the Funding Agreement.

## **Criteria – Category Specific**

## **Projects**

• The applicant is responsible for all ongoing maintenance and running costs of any equipment purchases resulting from a successful application.

## **Events**

- You MUST include a copy of your public liability insurance that will be used to cover the event. Funding will not be processed until this is received.
- All successful applicants must display Wellington Shire Council banners/signs at the event. These will be automatically booked if you are successful.
- Successful applicants will be provided with an Event Marketing Toolkit which provides advice on marketing your event and information regarding the use of the Wellington Shire Council Logo and other Council requirements.

## Facilities

- Committees of Management or user groups of community facilities within the Wellington Shire are eligible to apply.
- All applicants must attach a written quotation to reflect the works that will be undertaken.
- It is unlikely that more than one application for a facility will be funded. User groups must prioritise their projects before submitting their applications.
- Applicants must include written permission from the landowner/manager to complete works on the facility.

## **Important Things to Note**

- The not for profit community group applying for the grant will be referred to as the 'organisation' throughout the application.
- The applicant is the organisation, not the individual representative or person completing the application form.
- A community group does not have to be an official or legally recognised body; it can include any loosely affiliated community members joined by interest, geography or culture etc.
- The event, project or minor capital works upgrade is referred to as the 'project' in the application form, assessment criteria and guidelines.
- Wellington Shire Council is committed to upholding the Human Rights principles as outlined in the Charter of Human Rights and Responsibilities Act 2006 (Vic) and has referred to Council's Human Rights Policy to develop the Community Assistance Grant Guidelines and Assessment Criteria.

## **Assessment Process**

Applications undergo an initial eligibility check to determine whether they meet the funding guidelines and will then be scored against the criteria.

Section	Category – Criteria	<b>Maximum Points</b>
Section 1	Planning and Capacity	15
Section 3	Community Outcomes	40

Based on the score received against the assessment criteria, applications are prioritised by a panel from the Wellington Shire Council. This panel provides advice and recommendations to Council. During a Council meeting, Councillors make the final decision on which applications will be funded under the scheme.

Applicants can have special funding conditions placed on their application. These conditions will be included on the Funding Agreement form. These can be conditions that must be met prior to receiving funding or included in the acquittal phase of the project to ensure compliance.

## **Assessment Criteria**

The assessment criteria below is used to assess applications received for Community Assistance Grants and should be used as a reference when completing the application form.

## **Assessing Community Outcomes**

Applicants are asked to determine what community based outcomes will be achieved if they are successful in receiving grant funding. A large factor for assessing these criteria will be the applicant's ability to demonstrate the community benefit and how a community need will be achieved by delivering their event or project or completing the minor capital works upgrade.

Community benefit and community need has been defined in the following table; a successful application will address a number of the points listed in the table.

#### **Community Need Out**<u>comes</u>

- Evidence
  - There is more than one source of evidence showing a need for the project and/or funding e.g. ABS Stats, community newsletters, local newspaper, data from the organisation, community demographics, letters of support/community feedback, etc;
  - This project responds to changes in our community; and/or
  - There is evidence of the community need for the project.
- Solutions
  - The project provides a sustainable solution to a problem;
  - The project is the best solution, and multiple solutions have been considered;
  - The project improves the quality of service and/or introduces a new group or service; and/or
  - The project is an innovative solution that has not been tried before.
- Community Engagement
  - The community relies on the project. It is important to the community that the project goes ahead;
  - The project enables the applicant to broaden or deepen its role in the community; and/or
  - The project enables multiple groups to be engaged, ie young people, local business groups, other community groups, volunteers and local activity groups.

#### **Community Benefit Outcomes**

- Economic
  - The project will enable the community to gain economic benefits and outcomes, such as; - attract new visitors to the area;
    - encourage people to stay overnight (Accommodation, food etc.); and/or
    - encourage local spending; this can relate to the applicant purchasing from local suppliers.
- Skill Building for Community Members
  - There will be personal development as the result of direct or indirect involvement in the project;
  - Participating in the project will increase an individual's skills; and/or
  - The project is educational in nature and aims to increase knowledge.
- Social
  - The project encourages networking and collaboration including the creation of partnerships and pooling of resources;
  - The project could encourage people who are not currently engaged to become involved;
  - The project encourages the community to continue to work together; and/or
  - The partnerships developed through the project will be ongoing.
- Facility Improvements and activation; this includes capital improvements and usage
  - The project will result in increased usage of a facility/equipment/local park/community space;
  - People with diverse needs will now be able to access the facility/local park/community space;

- The project provides a solution to underutilisation of a facility/equipment/local park/community space; and/or
- The project is in line with current best practice principles, Universal Design principles or Occupational Health and Safety Requirements.

## Section 3 – Community Need and Benefit

## **17. FURTHER GALLERY AND ONLINE COMMENTS**

Gallery comments are an opportunity for members of the public to raise any particular matter they wish. This allows those in the gallery to speak directly to Councillors but is not a forum designed for open discussion or debate. We will listen respectfully to what you have to say and make the commitment that if your query requires a written response, we will advise you that a response will be forthcoming, and a copy of that response will be circulated to all Councillors.

This is not a forum for members of the public to lodge complaints against individuals, including Councillors and staff, particularly as that individual gets no public right of reply to any matter raised. We take complaints seriously, and in line with the guidance from the Victorian Ombudsman and the local Government Inspectorate, we request that any specific complaint against an individual be put in writing. This way, your concern can be properly dealt with while ensuring fairness to all parties concerned.

If you wish to speak, we remind you that this part of the meeting is being recorded and broadcast on our website. Council's official Minutes will record that you have spoken to Council and the subject you spoke to Council about but will not record specific comments. We ask you to state your name in full, where you are from, and you have three minutes.
